SOLID EXPERTISE. SOLID GROWTH.

At Anant Raj, we are focused in creating long-term value for our stakeholders. We constantly strive to reach the pinnacle of perfection through our creativity, vision and professional excellence and hence are able to transform the value of our assets that only few others can.

Our strengths and capabilities in developing and managing commercial and residential projects that are transformational in terms of scale and impact have been refined over nearly 45 years. The seeds for this success on our path to the top were laid from the very beginning; and every project has been symbolic of Anant Raj being a well-anchored company.

Even the turbulent economy didn't dither our quest to succeed as we knew what was right, the process, the way to excel, when to buy, hold or sell the assets, the importance of relationships and the way to grow; as we had the expertise.

In this Annual Report, we share with you how our solid expertise has led us to solid growth.

WE KNOW WHAT IS RIGHT

Over 4 decades of experience in real estate

EXPERIENCE OF OVER
45 YEARS

ONE OF THE
BIGGEST
CONTRACTORS OF NCR

DELIVERED OVER
20 MILLION
SQUARE FEET

VISION

To be recognized as a best-in-class construction and realty company in India.

MISSION

To position Anant Raj as an Integrated Infrastructure Development Enterprise in the National Capital Region with the highest quality of construction, ethics, business standards and value creation of shareholders, investors and customers.

Anant Raj Group, since 1969, has always been a front runner in shaping Delhi and NCR's skyline. From being NCR's one of the biggest contractors to delivering quality projects within the stipulated timelines, we have come a long way.

Anant Raj Group has been engaged in construction & development activities for over 45 years. Boasting of a range of portfolio in the field of IT Parks, Hospitality projects, SEZs, Office complexes, Shopping malls and Residential projects; we have developed over 20 million sq. ft. in Delhi, Haryana, Rajasthan & the NCR region.

WE KNOW IT IS A LOCAL BUSINESS

Focus on Delhi NCR & not dilute initiative all over

Every real estate player of Delhi NCR has grown in the last few years. This growth made them re-modify their strategies and they ventured to capture other markets of India as well.

But we were always sure and stuck to our strategy to focus on Delhi NCR as we knew that the real estate is a local business. We focused on growing our strengths and hence bought land at the right locations of Delhi and NCR. We had from the very beginning focused on long term and this thought led to our success.

OUR DECISIONS WHICH LED TO OUR GROWTH

We focused and bought lands only in Delhi NCR while the others started expanding their reach and hence we became one of the very best of Delhi.

Our local knowledge and strong network led us to buying the right lands in the Delhi NCR region which had a strong potential of becoming the hot-spot location in the future.

We bought land at a very low cost during our early years and this has led to a very comfortable situation as we can only focus on constructing quality projects.

We never sold our land and this has come to our biggest advantage. We only leased to create sustainable cash flows that will build our next phase.

We focused on completely developing limited projects at a time as our main aim was to deliver as per the committed time and offering the best of quality.

WE KNOW THE PROCESS

Knowledge driven and focused

Our well established systems and process ensure optimized performance at every level. Synchronously, our unrelenting effort to be constantly innovative supplements operational excellence.

.....

A meticulous and integrated planning approach for every activity throughout the project lifecycle is carefully scheduled, defining actions and timelines. Micro level integrated planning is adopted at each stage to ensure that we operate with clarity, cohesion and co-ordination.

WHAT DRIVES OUR SUCCESS

Excellent ability to evaluate NCR locations that have potential for profit and growth.

Early mover advantage due to enriched knowledge and experience.

In-depth knowledge of the local area, people's behavioural pattern & practices with respect to land acquisition and construction activities.

Knowledge of planned infrastructure changes & augmentation, laws and regulations.

Knowledge of market trends and changes in demand in the NCR.

A dedicated land acquisition department with very strong network of land accumulators and brokers, associated with us for over 40 years.

WE KNOW HOW TO EXCEL

In-house expertise to deliver quality

We bring in world class nouveau technology and expertise to complement to our quality standards.

The passion with which we operate adds impulsion to our quest for perfection.

We have internalized the philosophy of continuous training to fine-tune the skills of our manpower resources.

Our hands-on training initiatives are designed to create a pool of talent capable of delivering excellence in execution.

We also have an in-house construction arm equipped with the following advantages:

Dedicated team of experienced engineers and workers.

Saves cost of outsourced construction.

Better control on deadlines.

Flexibility to change designs and finishes of constructed properties.

No Contractual binding as compared to third party contractors.

Focused on Quality and Innovation.

WE KNOW WHEN TO BUY

Fully paid land bank in prime locations of Delhi NCR

LAND BANK DISTRIBUTION

■ COMMERCIAL LAND
 ■ RESIDENTIAL LAND

Amongst the largest land owners of Delhi.

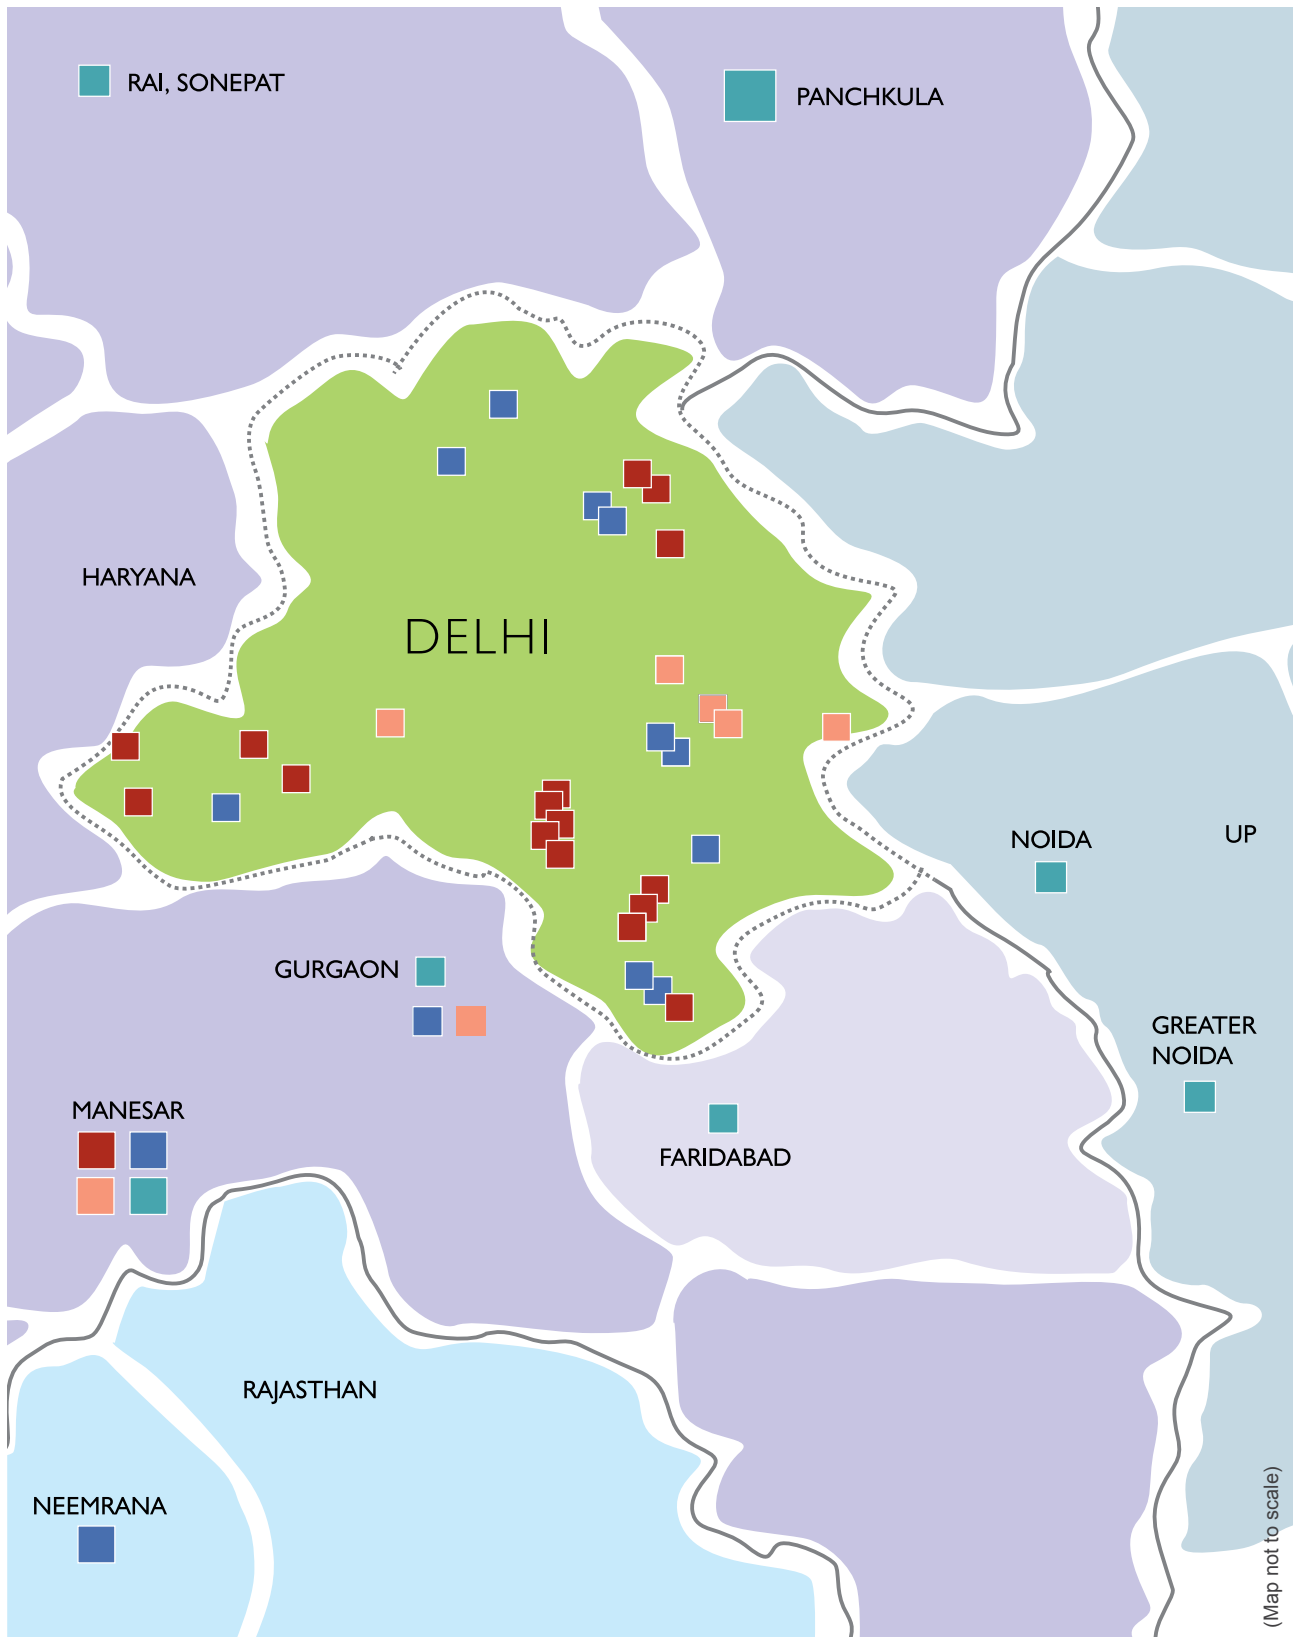

Accumulated high quality land bank in prime NCR locations at competitive price.

Current strategy is on developing residential projects.

Approximately 1100 acres of fully paid land bank in prime locations of Delhi and NCR regions.

- 430 Acres fully paid land bank, only in Delhi.
- The balance land is within 50 km radius of Delhi.

Acquired around 270 acres of land (for residential projects) in the last 36 months at ₹ 1000 crore with major land parcels in Gurgaon.

WE KNOW THE WAY TO GROW

Consistent earnings from growing base of rental assets

The organized retail market size in India is expected to grow from U.S. \$ 22.5 billion in 2012 to U.S. \$ 42.0 billion by 2020. Future retail real estate supply will play an important role as FDI in multi-brand retail will increase as more international brands are introduced. Further, with the growth of domestic consumption and anticipated decline in interest rates, the retail sector is all set for a come back in India. With a strong balance sheet, and a rapidly increasing lease income in the coming years, we have the flexibility and resources to take advantage of the emerging large opportunities in a changing business environment.

We have managed to convert our developments into a fixed income instrument by building to rent out and accumulate cash and securitize lease income to buy more.

Present lease income is ₹ 90 crores (approx) per annum.

A full occupancy rental yield will be in the range of ₹ 250 to 300 crores per annum.

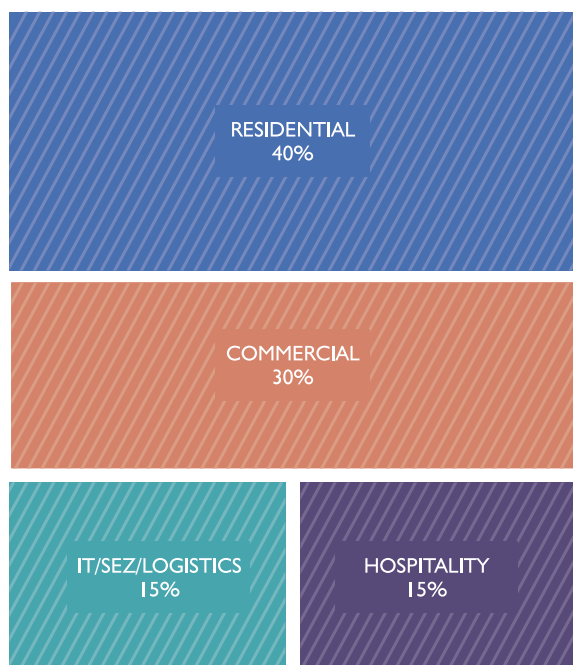

Already built 5 Million sq. ft. of commercial space in prime locations of Delhi and NCR out of which 40% is already leased out.

Two more commercial projects starting shortly:

- (a) 10 acres resorts at Dhumaspur, Gurgaon.
(Developable area around 6,50,000 sq.ft.)
- (b) 75 acres Industrial Township at Manesar, Haryana.

Used only 100 acres out of 670 acres of commercial land we have for the current and under development commercial space, the rest to be developed in a phased manner.

PORTFOLIO WISE DIVERSIFICATION (IN %)

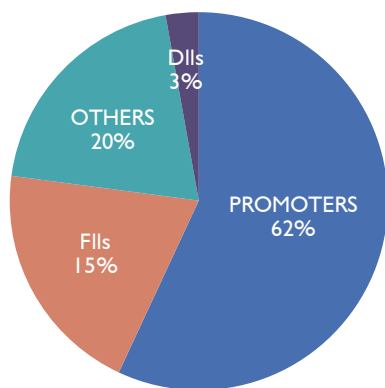

WE KNOW THAT RELATIONSHIP MATTERS

Relationship builders and not just structural builders

'Strong relationships are built on trust' has been the key to the growth of the group. Anant Raj Group has a core group of channel partners and associates who have been part of this journey of growth.

SHAREHOLDING PATTERN

THE SHARES OF THE COMPANY ARE LISTED ON BSE AND NSE IN INDIA AND GDRs ARE LISTED AT LUXEMBOURG IN LONDON.

EMPLOYEES ARE OUR PILLARS

We understand and value that employees' growth is directly proportional to organisation's growth and this is translated in Anant Raj Group and its culture. We wish to maintain and develop our reputation as an employer of high repute that comes true with highly motivated employees who bring their passion and sweat to each and every endeavour of theirs. We have designed seamless processes and policies to bring the best benchmark practices like fair compensation with equity, clear accelerated career path and regular training and development.

CHANNEL PARTNERS ARE OUR STRENGTH

It all begins with one transaction and transform into a lifetime of relationship. We are known for steady and long term associations with all our vendors and partners. No wonder our channel partners who bring their heart and mind to the table have played and will continue to play an important role in our growth and success.

CHAIRMAN'S COMMUNIQUE

Ashok Sarin
Chairman, Anant Raj Limited

Anil Sarin
MD, Anant Raj Limited

Dear Shareholders,

On behalf of Anant Raj Group, our team and us would like to take this opportunity to thank each and every one of you for the faith that you have reposed in the company. We also formally welcome you to Anant Raj Limited.

Now it is our pleasure to present to you the Annual Report of Anant Raj Limited for the financial year 2012-13. This is the 28th Annual Report of our Company since its incorporation in 1985. We are very pleased to announce that for this fiscal our total revenue amounted to ₹ 5.78 Billion and our net profit was ₹ 1.07 Billion. We have registered a growth of 26% in revenues. This makes us one of the largest real estate companies in the Delhi NCR Region.

It also takes us immense pleasure to inform you that the time has come for us to reap the benefits for which the seeds were sown long back; now is the time for income realization. The phase of expenditures, buying land banks are all over now. The financial debt situation is under control of the company. The debt is at ₹ 1480 Crores against the net worth of the Company, which is about ₹ 3900 Crores. So, we are very comfortable on the debt situation.

It also takes us immense pleasure to inform you that the time has come for us to reap the benefits for which the seeds were sown long back; now is the time for income realization.

Our initial focus on creating commercial properties has been our biggest and constant income earner. We lease our commercial properties and obtain steady cash flows. The present lease income is ₹ 90 crores (approx) per annum while a full occupancy rental yield will be in the range of ₹ 250 to 300 crores per annum.

Our land banks are fully paid which is of around 1100 acres in the prime locations of Delhi and NCR regions. Only in Delhi, we have 430 acres fully paid land bank while the balance land is within 50 km radius of Delhi. The cost at which we had purchased these lands was very less than the market rate and hence this has come to our advantage.

At Anant Raj, we came back into residential in a big way about two years back after a gap of two decades. This decision of ours has turned out to be fruitful. Our current developments include our largest residential township project – Anant Raj

Estate, Group Housing Projects – Madelia and Maceo in Gurgaon and the affordable housing project – Anant Raj Ashray in Neemrana, Rajasthan.

Because of the success of our commercial projects, being a local player, with our reputation built over the years, being a forward looking and transparent organization; we were already popular in the real estate market and hence our projects garnered a huge success even before its official launch.

Anant Raj Estate, spread over 160 acres in Sector 63A on the golf course extension road, is an international standard gated community comprising of plots, villas, floor and high-rise group housing. The target completion of township is 3 to 5 years and we are expecting revenue of approx. ₹ 59,000 million. All the statutory approvals are in place and we will be launching commercial soon as well.

The target completion of this township is 3 to 5 years and we are expecting revenue of approx. ₹ 59,000 million.

Our group housing project Madelia, located in M1A-Manesar is completely sold out and the project realization is ₹ 5000 Million. Also, the sector 9I-Gurgaon group housing project, Maceo, is 75% sold out and the project realization is worth ₹ 6000 million. Both these projects will be completed by March 2015.

We are also doing our bit to help the society by developing our dream residential project, Anant Raj Aashray in Neemrana, Rajasthan. Here we are developing 2600 affordable housing units for the lower middle class of the society. We are also proud to announce that we are the fastest developer in that region to provide the quickest possession to its residents.

Talking about the macro situation, India has gone through a difficult last year and numerous challenges both in the global economic outlook and India's own economic situation persist. Nevertheless, given India's and especially Delhi and NCR's demographics, potential, and trajectory, we firmly believe that the decade ahead will be one of tremendous opportunity.

We would like to thank all the many employees who have contributed to Anant Raj Limited's successful performance in FY13. We would also like to thank our business partners, vendors, and other business associates. Finally, we would like to thank all our shareholders for their encouragement and support.

Best Wishes

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC OVERVIEW:

India, Asia's third largest economy, despite a global downturn still remains one of the growing economies of the world. It registered impressive growth rates of 8.6% and 9.3% for the financial year 2009-10 and financial year 2010-11 respectively. However, recession hit euro zone and macroeconomic uncertainties have brought down India's GDP growth to 6.2% and 5.1% in the financial year 2011-12 and financial year 2012-13 respectively. With generally improving United States and rebounding Japan, this year the Organization for Economic Co-operation and Development (OECD) have bettered the world economy growth to 3.1% for 2013 and 4% to 2014. Planning Commission projects that the Indian economy will return to the 8% growth trajectory in the coming years.

Under control inflation and easing regulatory requirements to instill investment are going to be the key drivers for this growth.

INDUSTRY OVERVIEW:

Construction and real estate sector is ranked second in providing employment in the country. The growth of the real estate industry is directly linked to other major sectors like steel, cement, materials, etc. and hence it is indeed due for a much awaited impetus to drive India's economic growth. India's real estate sector is still driven by its economic growth, continued trend of nuclear families, growing urbanization, increasing disposable income, easy availability of housing loan and the inherent desire to own a home.

Residential:

Despite the challenges ahead, the residential sector will grow in 2013. The availability of debt capital in housing sector is

likely to increase, while the flow of equity capital will remain stable in 2013. With SEBI allowing debt funds to invest an additional 10% in Housing Finance Companies, liquidity in the housing sector is set to increase.

Commercial:

In 2012, major cities of NCR-Delhi, Mumbai, Bangalore and Chennai absorbed 72.5% of total commercial space in the country. For 2013 as well, almost 75% commercial space absorption will be concentrated in these cities. IT/ITeS sector has been the major contributor in 2012 and the same is predicted in 2013 as well.

Corporate transactions are predicted in Delhi and Mumbai and also interest from high net worth individuals (HNIs) and institutional investors. The exchange rate benefit due to falling value of Indian currency is set to boost investment from the Non Resident Indians (NRIs).

The biggest problem concerning non-resident market has been slow growth of job market, crumpled by a struggling economy in 2012. Office space supply in India has been low in the current year due to lack of job opportunities. With possibility of revival job market in 2013, many local markets will be caught with insufficient supply and only then the lack of supply can be addressed.

Retail :

The organised retail project completion rate will witness more than 100% rise in year-on-year basis in 2013. 9.5 million square feet of additional mall space will be added in 2013. Of the total mall space absorption in the country, Delhi-NCR, Mumbai, Chennai and Bangalore will have the major share, around 70%.

Government's approval of Foreign Direct Investment (FDI) into multi brand retail is set to be the most influencing factor on the retail scenario of the country. As per recent reports,

India has replaced USA as the second most preferred FDI destination in the world. The allowance of FDI will open up portals to major MNC retail brands in India, which will be instrumental to increase the retail space absorption in the country.

Government policy now permits FDI of up to 51% into multi-brand retail, which will invite products, practices and technologies to India retail sector. Along with it, 50% of total FDI will be directed towards infrastructural facilities like warehousing and logistics, which will further boost the retail growth in the long run. However, the real benefits of FDI policy may not be visible in the retail market in 2013 itself, it will take at least two years for mall developers to incorporate every elements to deliver world standard malls across the country.

The Finance Ministry had requested the leading lenders in India to help the developers out of cash crunch. As a result, after a gap of almost two years, banks are likely to start offering construction finance to residential projects in 2013.

As more international brands are introduced with quality product mix and best practices, new segments will evolve and the quality of future retail real estate supply in India will have an important role to play. Further, with the growth of private consumption due to relaxation in headline inflation and anticipated decline in interest rates, the retail dynamics in India may witness a second round of refinement in retail practices, designs and formats.

DELHI NCR OUTLOOK:

The new draft Master Plan for Delhi-2021 is a great opportunity for developers and investors as the new residential zone policy would open up 26 villages in southwest Delhi for development. Delhi, the national capital, has the distinction of address value, apart from its status as the pre-eminent socio-economic hub.

The notification authorities have finalized its policies on green belts, as well as for low-density areas. The low-density areas represent 26 villages where farmhouses on one acre would be permitted. This policy declaration has given a boost to these areas because of the aggressive but hidden movement by investors, including NRIs.

The most upmarket area in the NCR is Gurgaon while Noida, Faridabad, and Ghaziabad are a few notches lower considering Gurgaon's job opportunities and its overall ambience.

Experts are of the view that the prices would further increase by not less than 50% once the authority notifies the new residential policy. This could be a very rare opportunity for investors to buy land, as there is little or no land left in Delhi for further urban development. Realty experts say that in the near future this area would be competing with the well maintained South Delhi, as far as land prices and demand are concerned; the area is also in close proximity to South Delhi.

The villages on the periphery of Delhi would be retained as green belts, acting as the lungs of Delhi. Experts are of the view that the prices would further increase by not less than 50% once the authority notifies the new residential policy. This could be a very rare opportunity for investors to buy land, as there is little or no land left in Delhi for further urban development.

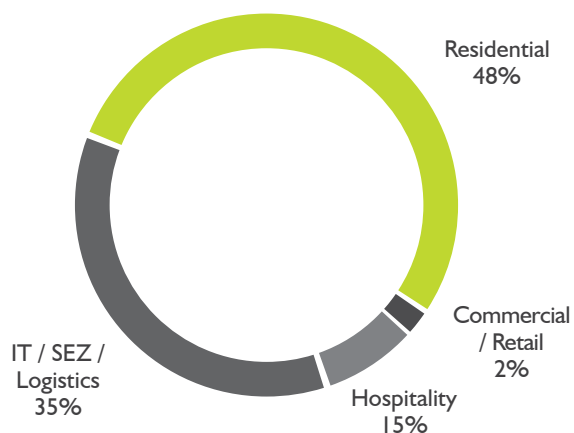

This is where Anant Raj Group which has a well-established land bank in Delhi will benefit the most. Anant Raj Group today owns 150 acres land earmarked for residential and 280 acres land for commercial in the capital as on the end of FY 2013.

INTERNAL CONTROL SYSTEMS

The company has appropriate and sufficient internal control systems in line with the size and the industry it operates in. The company has a well- laid framework of

systems, processes, procedures and policies to ensure compliance to statutes and laws, as well as to ensure optimum and sufficient use of resources. The company monitors expenses on a regular basis to ensure that these are within the budgeted targets. The company also carries out regular internal audit through external agency to test the adequacy and effectiveness of its internal control processes and also suggest improvement and upgrades to the management.

HUMAN RESOURCES

The company believes that the people are the most valuable resource for any establishment and are the utmost valuable assets. The company has laid down stringent measure to make sure that the safety and health of the workers is secured. We have ensured safety precautions at the construction site to avoid work injuries. The company has also laid focus on the needs of the people which would add to enrich their lifestyle. The company strives to ensure best working conditions not only for their employees but also for the contractors at all construction sites of the company and ensures that there are no compromises on their health and safety. The company has a professional and healthy work culture built around strong corporate value. The company also encourages and supports its employees to upgrade their skills on a continual basis through organising skill development programmes. Employees are also encouraged to participate in professional skills and training development courses.

RISK REVIEW

Like all businesses, real estate business is fraught with its share of typical and specific risks. In order to deliver sustained value to all stake-holders, recognising these risks and managing them effectively becomes critically

important. At Anant Raj, we take all measure to foresee risks and manage these such that their effect on the business, growth prospects and value is minimal.

Demand-Supply Mismatch

The economic turmoil in 2008 and 2009 was a difficult phase for the overall sector. The last few years have seen a mismatch of demand and supply due to declining demand and over-supply, leading to downward pressure on both rental and capital values.

However, Anant Raj Group has been geographically focused pertaining to Delhi and NCR region. This region is amongst the fastest growing regions in the country. Delhi is the only financial hub in India beside Mumbai. As such, the company was not much affected by the economic downturn. The Group has been judiciously avoiding acquiring land at high costs. Also, the land cost of the company is amongst the lowest in the industry, enabling it to maintain margins even during challenging times.

DEVELOPMENT AND EXECUTION

The company has an in-house construction arm and is one of the strongest execution teams in the industry. Being an inhouse team gives a direct control over execution and mitigates the risks relating to contracting execution to third party and delays thereof. Execution is the fundamental in the real estate business and is crucial to shareholders in a way that timely completion of projects brings customer satisfaction, profitability and adds value to all the shareholders. The inefficiency in execution can expose the company to risks of market fluctuations, loss of reputation and customers moving to competition. The in- house team ensures that all the projects are completed within the time frames.

COMPETING PROPERTIES

The company is well equipped to face competition from its peers and has gained first mover advantage to have an edge over its competitors. Another aspect is that, the lands acquired in the geographically focused areas have been at competitive prices and hence the company due to its firm presence in NCR and Delhi for a long time can sense the developmental area quiet efficiently. This helps the company to provide better value to its customers by offering fairly priced asset to their investors. Over the years the Group has gained trust and repute of its investor community who are of utmost importance for its existence in the development of its value chain.

Cyclical Fluctuations

The real-estate business is also subject to cyclical fluctuations. Currently, the real-state space is facing challenging time due to overall slowdown of the economy and slackness in demand. However, the Company has entered into development of residential projects, which enjoy relatively higher demand, and are therefore, that much less prone to risks.

OUTLOOK OF THE REAL ESTATE SPACE

Residential

In the residential segment, rental values are likely to remain stable across most Delhi micro markets in contrast to Gurgaon and Noida. The derived demand generated when the ongoing office and commercial projects are delivered will boost demand for residences. Except in South Central Delhi, where the values have attained demand- supply equilibrium, the rental values are expected to increase across all locations. (Source: Cushman & Wakefield)

Commercial

The IT/ITeS and domestic BFSI sectors have already indicated plans to grow, which is indicative of strong demand for office space during the current year. According to the survey by Fitch ratings (published in The Economic Times article dated 17 January 2012), the IT/ITeS is anticipated to grow by 21% similar to the momentum observed in 2011. Also, the expectation of higher employment in the sector in Tier II cities will boost demand for commercial and residential space in the near future. Majority of the office districts are expected to register stable rentals. The CBD markets in cities like Pune, Kolkata and Chennai along with suburban markets in locations like NCR and Hyderabad are expected to register slight appreciation in the short term. This may be attributed to the limited availability of grade A space in these locations.

Retail

The improvement in the retailers interest with the assumed increase in the FDI inflow due to 100% allowance to the single retail brands by the Government can trigger a lot of potential demand in the to be performing sector. The residential sector continues to attract highest demand in the industry and with the downward pressure on the rising interest rate cycle there can be a spur in the demand in this industry. However, the supply remains a constraint in this sector with Tier I cities of Mumbai and NCR accounting for more than 40% of the demand (Cushman & Wakefield Research Report).

Hospitality

The hospitality sector is seeing huge demand in the regions like Goa and an incremental supply towards the

Delhi region. With the industry giants trying to penetrate into the hospitality segment the growth prospects are likely to increase from short to medium term. NCR leads this sector with more than 18% expected growth in demand and with the growth in the India's economic condition over the years; India has become one of the desired destinations for travellers. The penetration is expected to be higher, proven by the additional demand witnessed during the inaugural Formula 1 race in October.

CAUTIONARY STATEMENT

Statements made in this Management Discussion and Analysis describing the company's objectives, projections, estimates, expectation or predictions, may be 'forward looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the company's operations include economic developments in the country and improvement in the state of capital markets, changes in the Governmental regulations, taxes, laws and other statutes and other incidental factors.

SWOT ANALYSIS

Experience and Expertise

Anant Raj is one of the oldest real-estate players in NCR with an experience of developing high-quality real estate projects for over 45 years. The group has developed over 20 million sq. ft. of real-estate projects in NCR across a wide range of asset classes like IT parks, Hospitality projects, SEZs, office complex, shopping malls and Residential Projects.

Low Cost Land Bank Ready for Development

Anant Raj has always followed BUY RIGHT, HOLD TIGHT philosophy for acquisition of land. As a result,

the Company today owns approximately 1100 acres of fully paid land in NCR, of which 430 acres is in Delhi, making Anant Raj one of the largest land-parcel owners in Delhi. The group has recently acquired about 270 acres of land in the last 3 years for development of residential projects.

Delhi/NCR Focus

Anant Raj has always been a focussed player, focussing all its resource and strengths on Delhi and NCR. Being focussed on Delhi/NCR gives the company a unique advantage in terms of its understanding of demographics, emerging centres of growth, changing customer preferences, etc., because of which the Company can identify growth opportunities ahead of its competitors.

Well Diversified Assets Portfolio

The Company has a portfolio of assets that include built-to-lease assets as well as built-to-sell assets, thus giving the Company dual benefit of sustained cash flows from lease/ rental income, as well as capital value appreciation. Currently, the Company's commercial portfolio comprises of an IT Park, 1 IT SEZ, 3 Commercial Complex, 2 Shopping malls and 5 Hotel projects, which yields a lease/rental income of nearly ₹ 90 crores annually.

In-house Construction Arm ensures execution and quality

Anant Raj has its in-house team engineers and workers. This ensures that the Company has better control on execution and quality, as it does not have to depend on third-party contractors. Moreover, this also gives the Company an added advantage in terms of flexibility, not to mention substantial savings in costs.

Opportunities

The Company is now focussing on residential projects in a big way. In the past, the focus was on commercial

projects, but in line with the changes in the real-estate space, the Company is now looking at developing residential projects. Residential projects provide faster monetisation opportunities, and are also light on the cash-flows of the Company due to their self-financing nature. The Company has sufficient land bank and is developing residential projects in both luxury and affordable segments. These residential projects are expected to add significantly to the Company's growth in the next few years.

Weakness

Being focussed in Delhi/NCR geographic area, the Company depends on the real-estate market of the region, as well as the overall economic condition of the region.

Threats

There is a strong correlation between execution capabilities and monetisation opportunities. In case there is a delay in execution of projects, this could have a detrimental effect on the cash flows of the Company.

INDEPENDENT AUDITORS' REPORT

(To the members of Anant Raj Limited)

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Anant Raj Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2013, the Statement of Profit and Loss, and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the

auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- (b) In the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- (c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure

a statement on the matters specified in paragraphs 4 and 5 of the Order.

2. As required by section 227(3) of the Act, we report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the accounting standards referred to in subsection (3C) of section 211 of the Act; and
- e) On the basis of written representations received from the directors as on March 31, 2013, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

ANNEXURE TO INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 'I' under the heading of 'Report on Other Legal and Regulatory Requirements' of our report of even date)

- i) In respect of its fixed assets:
 - a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b) As explained to us, all the fixed assets have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
 - c) In our opinion, the Company has not disposed off a substantial part of its fixed assets during the year and the going concern status of the Company is not affected.
- ii) In respect of its inventories:
 - a) The inventory includes land, buildings, construction work-in-progress, construction and development material, development rights, raw materials, stores and spares and finished goods were physically verified by the management at reasonable intervals during the year.
 - b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c) The Company has maintained proper records of inventories. The discrepancies noticed on physical verification of inventory as compared to book records were not material and have been properly dealt with in the books of account.
- iii) a) The Company has granted unsecured loans to 65 (sixty five) companies covered in the register under section 301 of the Act. The maximum amount outstanding during the year and the year-end balances were aggregating to ₹ 11,642,759,751 & ₹ 10,659,527,278 respectively.
- b) The rate of interest and other term and conditions of such loans, wherever stipulated as mutually agreed, are prima facie not prejudicial to the interest of the Company.
- c) The receipts of principal amounts and interest, wherever recoverable during the year, are as per mutually agreed stipulations.
- d) There is no amount overdue in respect of loans granted to companies, firms or other parties listed in the register under section 301 of the Act.
- e) The Company has taken unsecured loans from 2 (two) of its directors covered in the register maintained under section 301 of the Act. The maximum amount outstanding during the year and the year-end balances were aggregating to ₹ 8,45,00,000 and ₹ 5,38,50,000 respectively.
- f) In our opinion and according to the information and explanations given to us, loans accepted by the Company from its directors are interest free and the other terms and conditions for such loans are not prima facie prejudicial to the interest of the Company.
- g) In respect of such interest free unsecured loans taken by the Company, the loan amount is payable on demand.
- iv) In our opinion and according to the information and explanations given to us, there are adequate

internal control systems commensurate with the size of the Company and the nature of its business for the purchase of inventory, fixed assets and for the sale of property and goods, and rendering of services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control systems.

- v) In respect of contracts or arrangements referred to in section 301 of the Act:
 - a) According to the information and explanations given to us, the transactions made in pursuance of contracts or arrangements that need to be entered in the register maintained under section 301 of the Act have so been entered.
 - b) Transactions made in pursuance of such contracts or arrangements and exceeding the value of ₹ 5 lacs in respect of each party during the year have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- vi) The Company has not accepted any deposits from the public within the meaning of sections 58A, 58AA or any other relevant provisions of the Act and the rules framed there under.
- vii) In our opinion, the Company has an internal audit system commensurate with its size and nature of its business.
- viii) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules, 2011, prescribed by the Central Government under section 209(1) (d) of the Act in respect of real estate operations, and are of the opinion

that, prima facie, the prescribed cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- ix) a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company has been generally regular in depositing the undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, wealth tax, service tax, custom duty, excise duty, cess and other statutory dues as applicable with the appropriate authorities except for a few instances of slight delay in deposit.

I. CORPORATE INFORMATION

Anant Raj Ltd. (formerly known as Anant Raj Industries Ltd.) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the Bombay Stock Exchange, National Stock Exchange and Luxembourg Stock Exchange. The Company is primarily engaged in development and construction of information and technology parks, hospitality projects, special economic zones, office complexes, shopping malls and residential projects in the State of Delhi, Haryana, Rajasthan and the National Capital Region.

2. ACCOUNTING POLICIES

a) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements are prepared in accordance with the Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the accounting standards as notified under section 211 (C) [Companies (Accounting Standards) Rules, 2006, as amended], and the other relevant provisions of Companies Act, 1956, and the guidelines issued by the Securities Exchange Board of India. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The management evaluates all recently issued or revised accounting standards on an ongoing basis.

b) USE OF ESTIMATES

The preparation of financial statements in conformity with the GAAP requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the reporting period. Although these estimates are based on the managements' best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are given effect to the financial statements prospectively.

c) TANGIBLE ASSETS, INTANGIBLE ASSETS, CAPITAL WORK IN PROGRESS AND CAPITAL ADVANCES

Tangible assets, are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost related to the acquisition and installation of the respective asset to bring the asset to its working condition for its intended use. Capital work in progress represents expenditure incurred in respect of capital projects are carried at cost. Cost includes land, related acquisition expenses, development and construction costs, borrowing costs and other direct expenditure.

Interest on borrowed money allocated to and utilized for fixed assets, pertaining to the period up to the date of capitalization is capitalized. Assets acquired on hire purchase are capitalized at the gross value and interest thereon is charged to the Statement of Profit and Loss.

Advances paid towards acquisition of tangible assets outstanding at each Balance Sheet date are disclosed as "Capital Advances" under Long Term Loans and Advances and cost of fixed assets not yet ready for their intended use as at the reporting date are disclosed under "Capital Work in Progress".

An item of tangible assets is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement in the year the asset is de-recognized.

d) IMPAIRMENT OF ASSETS

As at each reporting date, the carrying amount of assets is tested for impairment so as to determine: (a) the provision for impairment loss, if any, required or (b) The reversal, if any, required of impairment loss recognized in previous periods.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- (a) in the case of an individual asset, at the higher of the net selling price and the value in use.
- (b) in the case of a cash generating unit (a group of assets that generates identified independent cash flows) at the higher of the cash generating unit's net selling price and the value in use.

Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.

e) INVESTMENTS

Trade investments are the investments made to enhance the Company's business interests. Investment in subsidiaries and others are stated at cost. Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long term investments and are stated at cost less provision for diminution in the value of such investments, if such diminution is of permanent nature. Investments other long term investments being current investments are valued at lower of cost or fair value, computed separately in respect of each category of investment.

Investments in units/mutual funds are valued at lower of cost or marked to market values. Gain or loss on sale of investments is computed as difference between the net proceeds realized and the book value and is accordingly recognized in the Statement of Profit and Loss.

Investment properties are carried individually at cost less accumulated depreciation and impairment, if any. Investment properties are capitalised and depreciated, where applicable, in accordance with the policy stated for Tangible Fixed Assets.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

f) **INVENTORIES**

Real Estate: Lower of cost or net market value; Cost includes cost of acquisition and other related expenses incurred in bringing the inventories to their present location and condition. Net market value is the estimated selling price in the ordinary course of business.

Constructed/Under Construction Properties: Lower of cost or net realisable value. Cost includes the cost of land, internal development cost, external development charges, construction cost, overheads, borrowing cost and development/ construction material.

Development Rights: At cost of acquisition, including cost of acquiring rights of any interested party. Development rights are considered to have been acquired on execution of a Development Agreement upon vesting of irrevocable rights in the Company to construct, market, and sell the development over land and realize and retain the economic and other benefits.

g) **UNBILLED RECEIVABLES**

Unbilled receivables represent revenue recognized based on Percentage of Completion of Construction Method [Para (i) below], to the extent the work completed exceeds billed receivables.

h) **DEPRECIATION AND AMORTISATION**

Depreciation on tangible assets is charged on the written down value method except Buildings wherein depreciation is charged on the straight line method, at the rates as specified in Schedule XIV of the Companies Act, 1956. Depreciation on the acquisition/purchase of assets during the year has been provided on pro-rata basis according to

the period each asset was put to use during the year.

Goodwill arising on amalgamation is amortised over a period of five years.

In respect of an asset for which impairment loss is recognised, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Where depreciable assets are revalued, depreciation is provided on the revalued amount and the additional depreciation on accretion to assets on revaluation is transferred from revaluation reserve to the Statement of Profit and Loss.

Assets costing less than ₹ 5,000 are depreciated at the rate of 100%.

i) **REVENUE RECOGNITION**

i) a) Existing Real Estate Projects

Revenue from construction projects for sale is recognized on the Percentage of Completion of Construction Method'. Revenue from properties under construction is recognized to the extent that the percentage of actual project cost incurred thereon to total estimated project cost bears to to-date sale consideration, provided actual cost incurred is 30% or more of the total estimated project cost. Project cost includes cost of land, and estimated construction and development costs. The estimates of saleable area and costs are reviewed periodically and effect of any changes in such estimates is recognized in the period such changes are determined. When the total project

cost is estimated to exceed total revenues from the project, the loss is immediately recognized.

b) New Real Estate Projects

The Institute of Chartered Accountants of India revised the 'Guidance Note on Accounting for Real Estate Transactions'. The revised Guidance Note is applicable to all projects commenced on or after April 1, 2012, and also to projects which have already commenced but where revenue is being recognised for the first time on or after April 1, 2012. The revised guidance note prescribes following conditions on basis of which the Company can recognise revenue on the projects:

- All critical approvals necessary for commencement of the project have been obtained;
- When the stage of completion of the project has reached a reasonable level of development, i.e., when the expenditure incurred on construction and development is equal to or more than 25% of the total estimated project construction and development cost;
- Atleast 25% of the saleable project area is secured by contracts or agreements with buyers; and
- Atleast 10% of the total revenue as per the agreements of sale or any other legally enforceable documents are realized in respect of each of the agreements on the reporting date and

it is also reasonable to expect that the parties to such contracts will comply with the payment terms as defined in contracts.

The 'Percentage of Completion Method' is applied on a cumulative basis in each reporting period to the current estimates of project revenues and project costs. The effect of any change in the estimate is accounted for in the period when such change is evident.

When it is probable that the total project cost will exceed total revenue from the project, the loss is immediately recognized.

- ii) Revenue from construction contracts is recognized by reference to the stage of completion of the contract activity on the reporting date of the financial statements, and costs related thereto are charged to the Statement of Profit and Loss for the year.
- iii) Revenue from sales of investments in properties and shares is recognized by reference to the total sale consideration as per agreement to sell as reduced by the cost of acquisition of such property/shares. Cost of properties includes acquisition cost and construction and development cost.
- iv) Forfeiture due to non fulfilment of obligations by counter parties is accounted as Revenue on unconditional appropriation.
- v) Revenue from rentals is recognized on accrual in accordance with terms of the relevant agreement.

- vi) Service receipts and interest from customers is accounted for on accrual basis.
- vii) Share of profit/loss from firm in which the Company is a partner is accounted for in the financial year ending on the date of the Balance Sheet.

Other Income

- i) Interest Income is recognized on time proportion basis taking into account the amount outstanding and the applicable rate of interest.
- ii) Dividend income is recognized when the right to receive the dividend is established.
- iii) Interest on arrears of allotment money is accounted in the year of receipt.

j) CLAIMS

Claims lodged by and lodged against the Company are accounted in the year of payment or settlement thereof.

k) BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognized as part of Financial Expenses in the income statement in the period in which they are incurred.

l) EMPLOYEE BENEFITS

i. Short Term Employee Benefits:

All employee benefits payable wholly within

twelve months of rendering the services are classified as Short Term Employee Benefits. Benefits such as salaries, wages and short term compensated absence etc and the expected cost of ex-gratia is recognized in the period in which the employee renders the related service.

ii. Post Employment Benefits:

(a) Defined Benefit Plans: The Company's Gratuity and Leave encashment schemes are defined benefit plans. In accordance with the requirements of revised Accounting Standard-15 "Employee Benefits", the Company provides for gratuity covering eligible employees on the basis of actuarial valuation as carried out by an independent actuary using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans is based on the market yields on Government securities as at the Balance Sheet date.

The liability is un-funded. Actuarial gains and losses arising from changes in the actuarial assumptions are charged or credited to the Statement of Profit and Loss in the year in which such gains or losses arise.

Leave encashment benefits payable to employees of the Company with respect to

accumulated leave outstanding at the year end are accounted for on the basis of an actuarial valuation as at the Balance Sheet date.

(b) Defined Contribution Plans

Contributions payable by the Company to the concerned government authorities in respect of provident fund, family pension fund and employees state insurance are defined contribution plans. The contributions are recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. The Company does not have any further obligation in this respect, beyond such contribution.

m) FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are recorded at the rates prevailing on the date of the transaction. Monetary items denominated in foreign currency are restated at the rate prevailing on the Balance Sheet date except in cases where actual amount has been ascertained by the time of finalization of accounts.

Exchange differences arising on the translation or settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in the previous financial statements, are recorded in exchange fluctuation account and recognized as income or expense in the year in which they arise.

In translating the financial statements of representative offices, the monetary assets and liabilities are translated at the rate prevailing on

the Balance Sheet date; non monetary assets and liabilities are translated at exchange rates prevailing at the date of the transaction and income and expense items are converted at the respective monthly average rates. Net gain/loss on foreign currency translation is recognized in the Statement of Profit and Loss.

n) TAXES ON INCOME

The accounting treatment followed for taxes on income is to provide for Current Tax and Deferred Tax. Provision for current income tax is made for the tax liability payable on taxable income ascertained in accordance with the applicable tax rates and laws.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between the financial statements, carrying amounts of existing assets and liabilities and their respective tax bases and carry forwards of operating loss. Deferred tax assets and liabilities are measured on the timing differences applying the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Changes in deferred tax assets and liabilities between one Balance Sheet date and the next, are recognized in the Statement of Profit and Loss in the year of change. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the Statement of Profit and Loss in the year of change.

Deferred tax assets are recognized only to the extent there is reasonable certainty that sufficient future taxable income will be available against which these assets can be realized

in future, whereas in case of existence of unabsorbed depreciation or carry forward of losses, deferred tax assets are recognized only if there is virtual certainty of realization backed by convincing evidence. Deferred tax assets are reviewed at each Balance Sheet date.

o) EARNINGS PER SHARE

Basic earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares except where the results would be anti-dilutive.

The number of shares and potentially dilutive equity shares are adjusted retrospectively for all period presented for any share splits and bonus shares issues.

p) CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity period of three months or less.

q) CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or

future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

r) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provision involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

s) LEASES OBTAINED

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term. Finance lease which effectively transfer to the Company substantial risk and benefits incidental to ownership of the leased items, are capitalized and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Financial expenses are charged directly against income.

t) UNAMORTISED EXPENDITURE

Unamortised expenditure is amortised equally over a period of 5 years.

CONSOLIDATED

Annual Accounts

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Anant Raj Limited

REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of Anant Raj Limited ("the Company") and its subsidiaries, which comprise the consolidated Balance Sheet as at March 31, 2013, the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- (b) in the case of the Consolidated Profit and Loss Account, of the profit for the year ended on that date; and
- (c) in the case of the Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

AUDITORS' REPORT

On Consolidated Financial Statement

OTHER MATTERS

We did not audit the financial statements/consolidated financial statements of 40 (Forty) subsidiaries, whose financial statements/consolidated financial statements reflect total assets (net) of ₹ 6,29,74,82,295 as at March 31, 2013, total revenues of ₹ 93,39,651 and net cash inflows amounting to ₹ 2,85,74,871 for the year on that date. The consolidated financial statements also include profit of ₹ 2,89,91,640, for the year ended March 31, 2013, from 2 (two) associate companies and 1 (one) partnership firm in which the Company is a partner, which have not been audited by us.

These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion, is based solely on the reports of the other auditors.

1. CORPORATE INFORMATION

Anant Raj Limited (formerly known as Anant Raj Industries Limited) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the Bombay Stock Exchange, National Stock Exchange and Luxembourg Stock Exchange. The Company is primarily engaged in development and construction of information and technology parks, hospitality projects, special economic zones, office complexes, shopping malls and residential projects in the State of Delhi, Haryana, Rajasthan and the National Capital Region.

2. ACCOUNTING POLICIES

a) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Consolidated Financial Statements include the financial statements of Anant Raj Limited (the Company), its subsidiaries, associates and partnership firm (the Group). The Consolidated Financial Statements of the Group are prepared in accordance with the Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the accounting standards as notified under section 211 (C) [Companies (Accounting Standards) Rules, 2006, as amended], and the other relevant provisions of Companies Act, 1956, and the Guidelines issued by the Securities Exchange Board of India. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting

standard requires a change in the accounting policy hitherto in use.

The management evaluates all recently issued or revised accounting standards on an ongoing basis.

b) USE OF ESTIMATES

The preparation of Consolidated Financial Statements in conformity with the GAAP requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures of contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the reporting period. Although these estimates are based on the managements' best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are given effect to the financial statements prospectively.

c) PRINCIPLES OF CONSOLIDATION

The consolidated financial statements are prepared on the following basis:

- i) The Consolidated Financial Statements of the Group have been prepared in accordance with Accounting Standard-21 "Consolidated Financial Statements" as notified by the Companies (Accounting Standards) Rules, 2006, to the extent possible in the same format as that adopted by the parent Company for its separate financial statements by regrouping, recasting or rearranging figures, wherever, considered necessary.
- ii) The Consolidated Financial Statements include the financial statements of the

Company and all its subsidiaries, which are more than 50% owned or controlled and partnership firm where the Company's share in the profit sharing ratio is more than 50% as at March 31, 2013. Investments in entities that were not more than 50% owned or controlled have been accounted for in accordance with the provisions of Accounting Standard 23 'Accounting for Investments in Associates' in Consolidated Financial Statements notified pursuant to the Companies (Accounting Standards) Rules, 2006.

- iii) The Consolidated Financial Statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra group balances, intra-group transactions and unrealised profits on intra-group transactions.
- iv) Investment in associates where the Company directly or indirectly controls through subsidiaries hold more than 20% of equity, are accounted for using equity method as per Accounting Standard 23 -"Accounting for Investments in Associates" in Consolidated Financial Statements" notified by Companies (Accounting Standards) Rules, 2006. The audited financial statement of associates are used in the consolidation, if available, otherwise unaudited financial statements are used.
- v) Minority interest in the net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance

Sheet separately from liabilities and equity of the Company's shareholders.

Minority interest in the net assets of consolidated subsidiaries consists of:

- The amount of equity attributable to minority at the date on which investment in a subsidiary is made; and
 - The minority share of movements in equity since the date parent subsidiary relationship came into existence.
- vi) Minority interest's share of Net Profit/(Loss) for the year of consolidated subsidiaries is identified and adjusted against the profit after tax of the Group.
 - vii) The excess of cost to the parent company of its investment in the subsidiary over the parent company's' portion of equity of the subsidiary is recognised in the Consolidated Financial Statements as 'Goodwill'. The excess of parent company's' portion of equity over the cost of investment as at the date of its investment is treated as 'Capital Reserve'.
 - viii) Goodwill arising out of consolidation is not being amortised.
 - ix) Related party transactions with consolidating subsidiaries have been eliminated in Consolidated Financial Statements.
 - x) Notes to the Consolidated Financial Statements represents notes involving items which are considered material and are accounted duly disclosed. Materiality for the purpose is assessed in relation to the

information contained in the Consolidated Financial Statements.

d) TANGIBLE ASSETS, INTANGIBLE ASSETS, CAPITAL WORK IN PROGRESS AND CAPITAL ADVANCES

Goodwill arising from consolidation represents the excess of cost to the parent Company of its investment in subsidiaries over the parent Company's' portion of equity at the date on which investment in subsidiaries is made.

Tangible assets, are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost related to the acquisition and installation of the respective asset to bring the asset to its working condition for its intended use. Capital work in progress represents expenditure incurred in respect of capital projects are carried at cost. Cost includes land, related acquisition expenses, development and construction costs, borrowing costs and other direct expenditure.

Interest on borrowed money allocated to and utilized for fixed assets, pertaining to the period up to the date of capitalization is capitalized. Assets acquired on hire purchase are capitalized at the gross value and interest thereon is charged to the Statement of Profit and Loss.

Advances paid towards acquisition of tangible assets outstanding at each Balance Sheet date are disclosed as "Capital Advances" under Long Term Loans and Advances and cost of fixed assets not yet ready for their intended use as at the reporting date are disclosed under "Capital Work in Progress".

An item of tangible assets is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement in the year the asset is de-recognized.

e) IMPAIRMENT OF ASSETS

As at each reporting date, the carrying amount of assets is tested for impairment so as to determine:

- (a) The provision for impairment loss, if any, required or
- (b) The reversal, if any, required of impairment loss recognized in previous periods.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- (a) In the case of an individual asset, at the higher of the net selling price and the value in use.
- (b) In the case of a cash generating unit (a group of assets that generates identified independent cash flows) at the higher of the cash generating unit's net selling price and the value in use.

Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.

f) INVESTMENTS

Trade investments are the investments made to enhance the Company's business interests.

Investment in subsidiaries and others are stated at cost. Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long term investments and are stated at cost less provision for diminution in the value of such investments, if such diminution is of permanent nature. Investments other long term investments being current investments are valued at lower of cost or fair value, computed separately in respect of each category of investment.

Investments in units/mutual funds are valued at lower of cost or marked to market values. Gain or loss on sale of investments is computed as difference between the net proceeds realized and the book value and is accordingly recognized in the Statement of Profit and Loss.

Investment properties are carried individually at cost less accumulated depreciation and impairment, if any. Investment properties are capitalised and depreciated, where applicable, in accordance with the policy stated for Tangible Fixed Assets.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

g) INVENTORIES

Real Estate: Lower of cost or net market value; Cost includes cost of acquisition and other related expenses incurred in bringing the inventories to their present location and condition. Net market value is the estimated selling price in the ordinary course of business.

Constructed/Under Construction Properties: Lower of cost or net realisable value. Cost includes the cost of land, internal development cost, external development charges, construction cost, overheads, borrowing cost and development/construction material.

Development Rights: At cost of acquisition, including cost of acquiring rights of any interested party. Development rights are considered to have been acquired on execution of a Development Agreement upon vesting of irrevocable rights in the Company to construct, market, and sell the development over land and realize and retain the economic and other benefits.

h) UNBILLED RECEIVABLES

Unbilled receivables represent revenue recognized based on Percentage of Completion of Construction Method [Para (j) below], to the extent the work completed exceeds billed receivables.

i) DEPRECIATION AND AMORTISATION

Depreciation on tangible assets is charged on the written down value method except Buildings wherein depreciation is charged on the straight line method, at the rates as specified in Schedule XIV of the Companies Act, 1956. Depreciation on the acquisition/purchase of assets during the year has been provided on pro-rata basis according to the period each asset was put to use during the year.

Goodwill arising on amalgamation is amortised over a period of five years.

In respect of an asset for which impairment loss is recognised, depreciation is provided on the

revised carrying amount of the assets over its remaining useful life.

Where depreciable assets are revalued, depreciation is provided on the revalued amount and the additional depreciation on accretion to assets on revaluation is transferred from revaluation reserve to the Statement of Profit and Loss.

Assets costing less than ₹ 5,000 are depreciated at the rate of 100%.

j) REVENUE RECOGNITION

i) a) Existing Real Estate Projects

Revenue from construction projects for sale is recognized on the 'Percentage of Completion of Construction Method'. Revenue from properties under construction is recognized to the extent that the percentage of actual project cost incurred thereon to total estimated project cost bears to to-date sale consideration, provided actual cost incurred is 30% or more of the total estimated project cost. Project cost includes cost of land, and estimated construction and development costs. The estimates of saleable area and costs are reviewed periodically and effect of any changes in such estimates is recognized in the period such changes are determined. When the total project cost is estimated to exceed total revenues from the project, the loss is immediately recognized.

b) New Real Estate Projects

The Institute of Chartered Accountants of India revised the 'Guidance Note on Accounting for

Real Estate Transactions'. The revised Guidance Note is applicable to all projects commenced on or after April 1, 2012, and also to projects which have already commenced but where revenue is being recognised for the first time on or after April 1, 2012. The revised guidance note prescribes following conditions on basis of which the Company can recognise revenue on the projects:

- All critical approvals necessary for commencement of the project have been obtained;
- When the stage of completion of the project has reached a reasonable level of development, i.e., when the expenditure incurred on construction and development is equal to or more than 25% of the total estimated project construction and development cost;
- Atleast 25% of the saleable project area is secured by contracts or agreements with buyers; and
- Atleast 10% of the total revenue as per the agreements of sale or any other legally enforceable documents are realized in respect of each of the agreements on the reporting date and it is also reasonable to expect that the parties to such contracts will comply with the payment terms as defined in contracts.

The 'Percentage of Completion Method' is applied on a cumulative basis in each reporting period to the current estimates of project revenues and project costs. The effect of any change in the estimate is accounted for in the period when such change is evident.

When it is probable that the total project cost will exceed total revenue from the project, the loss is immediately recognized.

- ii) Revenue from construction contracts is recognized by reference to the stage of completion of the contract activity on the reporting date of the financial statements, and costs related thereto are charged to the Statement of Profit and Loss for the year.
- iii) Revenue from sales of investments in properties and shares is recognized by reference to the total sale consideration as per agreement to sell as reduced by the cost of acquisition of such property/shares. Cost of properties includes acquisition cost and construction and development cost.
- iv) Forfeiture due to non fulfilment of obligations by counter parties is accounted as Revenue on unconditional appropriation.
- v) Revenue from rentals is recognized on accrual in accordance with terms of the relevant agreement.
- vi) Service receipts and interest from customers is accounted for on accrual basis.
- vii) Share of profit/loss from firm in which the Company is a partner is accounted for in the financial year ending on the date of the Balance Sheet.

Other Income

- i) Interest Income is recognized on time proportion basis taking into account the amount outstanding and the applicable rate of interest.
- ii) Dividend income is recognized when the right to receive the dividend is established.

- iii) Interest on arrears of allotment money is accounted in the year of receipt.

k) CLAIMS

Claims lodged by and lodged against the Company are accounted in the year of payment or settlement thereof.

l) BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognized as part of Financial Expenses in the income statement in the period in which they are incurred.

m) EMPLOYEE BENEFITS

i. Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the services are classified as Short Term Employee Benefits. Benefits such as salaries, wages and short term compensated absence etc and the expected cost of ex-gratia is recognized in the period in which the employee renders the related service.

ii. Post Employment Benefits:

- (a) Defined Benefit Plans: The Company's Gratuity and Leave encashment schemes are defined benefit plans. In accordance with the requirements of revised Accounting Standard-15 "Employee

Benefits", the Company provides for gratuity covering eligible employees on the basis of actuarial valuation as carried out by an independent actuary using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans is based on the market yields on Government securities as at the Balance Sheet date.

The liability is un-funded. Actuarial gains and losses arising from changes in the actuarial assumptions are charged or credited to the Statement of Profit and Loss in the year in which such gains or losses arise.

Leave encashment benefits payable to employees of the Company with respect to accumulated leave outstanding at the year end are accounted for on the basis of an actuarial valuation as at the Balance Sheet date.

- (b) Defined Contribution Plans: Contributions payable by the Company to the concerned government authorities in respect of provident fund, family pension fund and employees state insurance are defined contribution plans. The contributions are recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related

service. The Company does not have any further obligation in this respect, beyond such contribution.

Other employee benefits are accounted for on accrual basis.

n) FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are recorded at the rates prevailing on the date of the transaction. Monetary items denominated in foreign currency are restated at the rate prevailing on the Balance Sheet date except in cases where actual amount has been ascertained by the time of finalization of accounts.

Exchange differences arising on the translation or settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in the previous financial statements, are recorded in exchange fluctuation account and recognized as income or expense in the year in which they arise.

In translating the financial statements of representative offices, the monetary assets and liabilities are translated at the rate prevailing on the Balance Sheet date; non monetary assets and liabilities are translated at exchange rates prevailing at the date of the transaction and income and expense items are converted at the respective monthly average rates. Net gain/loss on foreign currency translation is recognized in the Statement of Profit and Loss.

o) TAXES ON INCOME

The accounting treatment followed for taxes on income is to provide for Current Tax and Deferred Tax. Provision for current income tax

is made for the tax liability payable on taxable income ascertained in accordance with the applicable tax rates and laws.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between the financial statements, carrying amounts of existing assets and liabilities and their respective tax bases and carry forwards of operating loss. Deferred tax assets and liabilities are measured on the timing differences applying the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Changes in deferred tax assets and liabilities between one Balance Sheet date and the next, are recognized in the Statement of Profit and Loss in the year of change. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the Statement of Profit and Loss in the year of change.

Deferred tax assets are recognized only to the extent there is reasonable certainty that sufficient future taxable income will be available against which these assets can be realized in future, whereas in case of existence of unabsorbed depreciation or carry forward of losses, deferred tax assets are recognized only if there is virtual certainty of realization backed by convincing evidence. Deferred tax assets are reviewed at each Balance Sheet date.

p) EARNINGS PER SHARE

Basic earnings per share is computed by dividing the net profit or loss for the year attributable to equity share holders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares except where the results would be anti-dilutive.

The number of shares and potentially dilutive equity shares are adjusted retrospectively for all period presented for any share splits and bonus shares issues.

q) CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity period of three months or less.

r) CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

s) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provision involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

t) LEASES OBTAINED

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term. Finance lease which effectively transfer to the Company substantial risk and benefits incidental to ownership of the leased items, are capitalized and disclosed

as leased assets. Lease payments are apportioned between the finance charges and reduction of lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Financial expenses are charged directly against income.

u) UNAMORTISED EXPENDITURE

Unamortised expenditure is amortised equally over a period of 5 years.
