| Retained Earnings- Closing Balance                        | 198157.08   | 164699.3 |

# 2. Operations

The Company is engaged in manufacture of Urea and Single Super Phosphate (SSP) and marketing of other Agri-inputs such as Di-Ammonium Phosphate (DAP), Muriate of Potash (MOP), NPK Fertilisers, agrochemicals, seeds, micronutrients, etc.

The production and sales of Urea and sales of MOP were higher in comparison to the previous year but there was some decrease in the DAP sales volumes. The performance of NPK fertilisers, agrochemicals and other products remained subdued.

There was marginal increase in the revenue of the Company over the previous year though the Company achieved highest ever Profit after Tax during the year under review. The Company achieved better profitability in comparison to the previous year mainly due to higher sales of Urea and MOP with efficient Urea manufacturing operations, lower finance cost and healthy margins in some of the products marketed by the Company.

The Company had executed agreements in May 2017 for sale of all the 4 ships owned by the Company. With the delivery and sale of the last ship of the Company on September 7, 2017, the Company had completed the sale / disposal of all the ships forming part of the shipping business and ceased to have shipping business operations. The shipping business operations have been shown as discontinued operations in the financial statements of the Company for the financial year 2016-17 and 2017-18.

The detailed information on the business operations of the Company and the Industry in which the Company operates is given in the Management Discussion and Analysis Report attached as **Annexure "A"** to this Report.

# 3. New Urea Project

The implementation of new Urea plant at Gadepan for production of 1.34 Million MT of Urea per annum at a cost of approximately USD 900 Million ("Gadepan - III Plant") is progressing satisfactorily. The Company's project team is continuously monitoring the progress and adequate measures are being taken to achieve quality and safety during the construction phase. Engineering and procurement activities have been completed as almost all itemized equipment has been received at site. The construction activities in Offsite and Utility facilities of Gadepan- III Plant are complete and commissioning of various packages is in progress. The construction activities in Ammonia-Urea plants are moving towards completion. The commercial production of Urea from Gadepan- III Plant is expected to start as per schedule in January 2019.

The Company had entered into agreements with GAIL (India) Limited and Indian Oil Corporation Limited for purchase of natural gas mainly for Gadepan-III Plant. The Company has incurred total expenditure of Rs. 393861.58 Lakhs till March 31, 2018 on Gadepan – III Plant. This project will give a major thrust to the operations of the Company by adding about 63% to the present Urea production capacity of the Company.

# 4. Dividend

The Board recommends dividend @ Rs. 1.90 per equity share of Rs. 10 each (Previous Year - Rs. 1.90 per equity share) for the financial year ended March 31, 2018. The total outgo on this account will be Rs. 9517.82 lakhs including dividend distribution tax.

The Dividend Distribution Policy of the Company is attached as **Annexure "B"** to this Report. There has been no change in this policy during the year under review. This policy is also available on the website of the Company and can be accessed at the weblink - <u>http://www.chambalfertilisers.com/pdf/Final-Dividend-Distribution-Policy.pdf</u>.

# 5. Consolidated Financial Statements

In pursuance of the provisions of the Companies Act, 2013, Rules thereunder, Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and the applicable Accounting Standards, the Company has prepared Consolidated Financial Statements. The Audited Consolidated Financial Statements alongwith Auditor's Report and the Statement containing salient features of the financial statements of Subsidiaries/Joint Venture (Form AOC – 1) forms part of the Annual Report.

# 6. Corporate Governance Report and Code of Conduct

Your Directors strive to maintain highest standards of Corporate Governance. The Corporate Governance Report for the Financial Year 2017-18 is attached as **Annexure "C"** to this Report. The declaration of the Managing Director confirming compliance with the 'Code of Conduct and Ethics' of the Company is enclosed as **Annexure "D"** to this Report and Auditor's Certificate confirming compliance with the conditions of Corporate Governance is enclosed as **Annexure "E"** to this Report.

#### 7. Subsidiaries and Joint Venture

The Company had eight subsidiaries and a joint venture as on March 31, 2018, the details of which are given below:

#### (a) Subsidiaries

# (i) CFCL Ventures Limited, Cayman Islands and its subsidiaries

CFCL Ventures Limited, Cayman Islands is a subsidiary of your Company and it operates business through its subsidiaries, namely, ISGN Corporation, USA and ISG Novasoft Technologies Limited, India. Inuva Info Management Private Limited, India is a subsidiary of ISG Novasoft Technologies Limited.

ISGN Corporation, USA is engaged in designing, developing, marketing and distribution of software products for mortgage lending industry in USA. The business includes licensing of the technology products as well as providing software as a service. This business is supported by ISG Novasoft Technologies Limited, India, which is having its software development centre in India. ISGN Corporation, USA continued its focus on cost reduction including reduction in sales, general and administrative expenses. The performance of software business remained subdued during the Financial Year 2017-18. There was no business activity in Inuva Info Management Private Limited.

#### (ii) Other Subsidiaries

India Steamship Pte. Limited, Singapore, India Steamship International FZE, UAE, India Steamship Limited, India and Chambal Infrastructure Ventures Limited, India are wholly owned subsidiaries of your Company. There was no business activity in these subsidiaries during the year under review.

# (b) Joint Venture : Indo Maroc Phosphore S. A., Morocco (IMACID)

IMACID is a joint venture of your Company with Tata Chemicals Limited and OCP, Morocco and each partner is having equal stake in the joint venture. IMACID is engaged in the manufacture of phosphoric acid in Morocco.

During the calendar year 2017, IMACID produced 409,160 MT of phosphoric acid against 336,984 MT produced during the calendar year 2016. Sales of phosphoric acid during the calendar year 2017 were 408,013 MT against the previous year sales of 336,341 MT.

During the calendar year 2017, IMACID achieved revenue of Moroccan Dirham (MAD) 2279.87 million (Rs. 150851.90 Lakhs) against revenue of MAD 2068.30 million (Rs.140419.38 Lakhs) achieved during the calendar year 2016. The profit after tax of IMACID was MAD 177.98 million (Rs. 11776.21 Lakhs) during the year 2017 as against MAD 12 million (Rs. 814.78 Lakhs) in the calendar year 2016. The settlement of earlier insurance claims, receipt of demurrage claims pertaining to previous years and improved margins due to lower input prices were the main factors behind better performance of IMACID.

During the quarter ended March 31, 2018, IMACID achieved operating income of MAD 559.33 million (Rs. 39308.31 Lakhs).

The performance of the subsidiaries of the Company is summarized in Form AOC - 1 attached to the Financial Statements of the Company in pursuance of Section 129 of the Companies Act, 2013. The contribution of subsidiaries and joint venture to the overall performance of the Company is also provided in Note no. 51 to the Consolidated Financial Statements.

The Company shall place the audited financial statements of subsidiaries on its website in pursuance of Section 136 of the Companies Act, 2013 and shall provide a copy of these statements to any shareholder seeking it. These documents will also be available for inspection by members during business hours at the registered office of the Company at Gadepan, Distt. Kota, Rajasthan, PIN-325208.

No subsidiary, associate or joint venture has been acquired or ceased / sold / liquidated during the year under review.

# 8. Health, Safety, Quality and Environmental Protection

Your Company believes that a safe and healthy work environment is essential for ensuring employee well-being and enhancing Company's overall performance. To maintain high standards of safe and productive workplace, your Company has formulated a Health, Safety, Security,

Environment & Quality ("HSSEQ") policy. The Company has developed systems in accordance with internationally recognized standards of OHSAS-18001:2007, ISO-14001:2015 and ISO-9001:2015. Adherence to the HSSEQ policy is continuously monitored by senior management through regular reviews. The Company strives for continuous improvement through benchmarking studies and other appropriate methodology.

The details of various activities and achievements of the Company in this regard are as under:

#### (a) Health & Hygiene

Your Company accords highest priority to the health & hygiene of its employees and contract workers. Their health is assessed and monitored through periodic medical examinations. A well-equipped health centre at Gadepan operates round-the-clock to provide health services to employees & their families, contractor workforce and people residing in the vicinity of the plants. New medical equipment and services are continuously added to upgrade the facilities at the health centre. Specialist doctors regularly visit the health centre and three well equipped ambulances are available on round the clock basis. A well-defined hygiene monitoring system ensures that all facilities are clean and sanitized properly.

To create awareness about health and hygiene related matters, regular training programs are organized for employees & their families and contractor work-force. Various health camps and campaigns like pulse polio & swine flu vaccination, blood donation, immunization programme, etc. are also organized periodically.

#### (b) Safety Management

A robust safety management system is in place in your Company to ensure highest level of safety of all the employees, contractor workforce as well as equipment and machinery. Effective implementation of the safety management system is ensured through hazard identification, risk assessment and mitigation procedures, safety work permit system, etc. A strong Process Safety Management system is also in place. Before executing any maintenance job in the plants, a cross functional team reviews the jobs on a daily basis from a safety perspective and ensures that all preventive measures are taken to prevent hazards.

To maintain and improve upon the well-established safety systems, extensive trainings and drills are conducted by internal and external experts on rescue, work at height, working inside confined space, fire-fighting, emergency handling, electrical safety, material handling, road safety, use of breathing air sets, etc. As part of safety awareness, schemes of "Near-Miss" & "Make-to Good" reporting are in place. The employees are encouraged to report unsafe acts / conditions so that corrective action can be taken immediately.

Your Company has a well-defined "Onsite Disaster Management Plan" and MARG (Mutual Aid and Response Group) arrangement with neighboring industry. Regular mock drills, fire drills and table top drills are conducted to ensure its effectiveness. The Company also provides services to all neighboring villages surrounding Gadepan plants through district administration in case of any fire emergency.

#### (c) Environment Management

Your Company is sensitive towards the impact of its operations on the environment and gives utmost priority to environment protection. Extensive environmental monitoring is carried out to assess pollution risk to all personnel working directly or indirectly with it or residing in surrounding areas of its plants. Resource consumption (including raw materials, fuels and water), waste generation and emissions to the atmosphere are focus areas to assess impact of operations on environment.

Your Company has appropriate mechanism in place to ensure that all the environmental parameters are maintained within the permissible limits. A dedicated Environment Management Cell is in place to monitor the compliances related to environment. The Company has installed five air quality monitoring stations for continuous monitoring of pollution levels in surrounding atmosphere.

The Company has developed a vast green belt at its Gadepan complex with variety of trees and shrubs which has played a vital role in maintaining the ecological balance and provided soothing and healthy environment to the people working / residing in and around the complex. Only treated waste water is used in maintaining the green belt through irrigation network spread all over the complex.

#### (d) Quality Management

Your Company gives highest priority to control and maintain the quality of raw materials and end products. The Company has installed Vibro-priller in Urea plant to improve the product quality by maintaining uniformity in prill size of Urea and reducing prill temperature. The Company has high quality equipment and instruments for monitoring of critical quality parameters. The Company look for opportunities to improve quality and efficiency and feedback from farmers, dealers and retailers is given high importance.

#### (e) Achievements

Your Company regularly participates in national and international surveys and awards for independent assessment and opportunity for improvement. Your Company has received FAI Environmental Protection Award in the nitrogenous fertilizer plants category for the year 2016-17 from the Fertiliser Association of India during the year under review.

#### 9. Corporate Social Responsibility ("CSR")

Your Company has formulated a long term strategy to contribute to the well-being and development of the society especially the rural population around its plants at Gadepan. As part of its CSR initiatives, the Company is working mainly in the areas of Pre-primary & School Education, Technical & Vocational Education, Rural Development, Women Empowerment, Community Healthcare and Soil Health. This multi-pronged CSR approach is showing notable improvement in the quality of life of rural population.

The brief outline of the CSR initiatives of the Company is as under:

### a) Pre-primary & School Education

Education is the flagship CSR program of your Company which covers the wide spectrum from pre-primary to secondary school education and technical education. The education program strives to provide access to quality education to more than 6600 children in

36 Aanganwadis and 37 government schools of District Kota and Baran in Rajasthan. These Aanganwadis/ schools are playing a catalytic role in changing the perception of the rural community towards education. The intervention of the Company through its CSR programs / projects is in the form of improvement in the standard of education through organizing coaching / additional classes in the schools, improvement and development of infrastructure facilities, teachers' training, computer education, digital literacy, etc. Your Company is providing free of charge advanced pre-engineering and pre-medical coaching to meritorious students. To promote digital learning and introduce technological advancements in adopted government schools, 15 smart interactive classes have been established. In addition to this, 14 Information and Communication Technology Labs have also been established in selected Government Schools under Public Private Partnership ("PPP") mode. The Computer Learning Program is providing computer education to students from 1s<sup>t</sup> to 12<sup>th</sup> standard. To promote digital literacy amongst rural community, Community Information and Training Centers are being run in three villages in the vicinity of Company's plants at Gadepan. These centers are also working as community facilitation hubs for various online activities. CFDAV School is being run in collaboration with DAV College Trust and Management Society and a large number of students from villages adjoining Gadepan are getting quality education therein. During the year under review, a scheme to provide safe drinking water to the students of 14 adopted schools was taken up by installing Reverse Osmosis with water cooler systems.

#### b) Technical and Vocational Education

Your Company had adopted Industrial Training Institute (ITI) of Sangod, Sultanpur, Baran and Jhalawar. In addition to this, the Company has also adopted ITI, Khanpur (District Jhalawar, Rajasthan) under PPP mode. The Company has got CSR Excellence Award - 2018 for Skill Development from the Government of Rajasthan. ASSOCHAM has awarded Gold Trophy to ITI Jhalawar in recognition of outstanding contribution and Certificate of Merit in Best ITI- Skill Development through PPP Model (2016-2017). The employees of the Company take active participation in management of these ITIs. During academic year 2017-18, various companies had conducted 'On-campus Placement Drives' for ITI students and large number of students got placement offers. In order to improve the employability of the trainees, various short term courses like Occupational Health and First Aid, Fire and Safety, Spoken English and Personality Development were also organized in these ITIs. In addition to this, a new short term course "Nursery Development & Management" has been started under "KISMAT- Knowledge Integrated Skills Modules for Agriculture, Horticulture and Animal Husbandry Training" project in PPP mode at ITI Baran. The Company has developed Sports complex and upgraded other infrastructure facilities in ITI Sultanpur, Sangod, Baran & Jhalawar to develop these ITIs as model institutes.

To develop skill sets amongst youth, especially girls, four vocational training centers are being run in Gadepan, Simliya, Palaitha and Kundanpur villages. During the financial year 2017-18, 177 youths were trained in various skills and linked to various livelihood activities.

#### c) Rural Development

The Company believes that development and maintenance of rural infrastructure is critical for overall development of the society. A significant investment has been made by the Company for development of rural infrastructure. Three adjoining Gram Panchayats - Gadepan, Bhonra and Sarola have received provisional "Open Defecation Free" status from Government of Rajasthan during the Financial Year 2017-18. An advanced solid waste management system is being developed in Gadepan gram panchayat. In order to develop 'Gadepan' as a model village, various facilities like community hall, village pond, approach roads, street lights and haat bazaar are under planning/ progress in convergence with various agencies. The Company has also implemented various other rural development projects in PPP mode with Government / Government agencies in the villages near its plants at Gadepan.

#### d) Health Care

Your Company is facilitating community by providing free of charge preventive healthcare facilities in villages near its plants at Gadepan. The awareness camps were organised in 33 schools, 26 villages and 4 ITIs. During the Financial Year 2017-18, nearly 28,000 community members were contacted in various health campaigns and general & specialized health camps. The healthcare facilities were also being provided in remote villages of Tehri and Dehradun Districts in Uttarakhand.

#### e) Employability and Empowerment

In order to promote livelihood opportunities in rural areas, especially for women and youth, your Company has taken several initiatives. A garment production house has been started with the women of the nearby villages adjoining Gadepan which is providing livelihoods to women of the marginalized community.

Your Company has also supported in formation of 36 Self Help Groups wherein around 350 women of nearby villages are facilitated for inter-loaning, saving and entrepreneurial activities. A Self Help Group shop is also being established where women can sell their handmade / homemade products under one brand name.

#### f) Soil Health

The Company is running two agriculture development laboratories in Agra and Gadepan (shifted from Kota) and three mobile soil testing vans in Rajasthan and Uttar Pradesh. The objective behind this initiative is to help the farmers in optimum utilisation of nutrients.

The composition and terms of reference of Corporate Social Responsibility Committee are given in the Corporate Governance Report. The Annual Report on CSR activities (including the details of the development and implementation of the Corporate Social Responsibility Policy) as prescribed under Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014 is attached as **Annexure "F"** to this Report.

For the purpose of Section 135 of the Companies Act, 2013, the amount equivalent to 2% of the average net profits of the Company made during the immediately preceding three financial years works out to Rs.1113.06 Lakhs. As against this, the Company had spent Rs. 1118.50 Lakhs on CSR projects / programs during the Financial Year 2017-18.

# 10. Directors and Key Managerial Personnel

The Board of Directors of the Company consists of eight directors. There are seven non-executive directors including four independent directors and a Managing Director. During the year, the Managing Director has not received any commission or remuneration from any subsidiary of the Company.

Mr. Kashi Nath Memani (DIN: 00020696), ceased to be a Director of the Company upon completion of his tenure at the Annual General Meeting ("AGM") of the Company held on September 15, 2017. Further, the shareholders of the Company at the AGM held on September 15, 2017 had re-appointed Mr. Marco Philippus Ardeshir Wadia (DIN: 00244357) and Ms. Radha Singh (DIN: 02227854) as Independent Directors of the Company for a further term of 5 (five) consecutive years, that is, upto September 14, 2022.

Mr. Nimesh Nagindas Kampani (DIN: 00009071) was appointed as an Independent Director of the Company at the AGM held on September 15, 2017 to hold office for a term of 3 (three) consecutive years from September 15, 2017 to September 14, 2020.

Mr. Saroj Kumar Poddar, Director (DIN: 00008654) is due for retirement at the forthcoming AGM and has offered himself for re-appointment

The tenure of appointment of Mr. Aditya Narayan, Independent Director shall expire on the conclusion of the ensuing AGM scheduled to be held on September 18, 2018. Mr. Aditya Narayan has requested the Board of Directors not to consider him for re-appointment. The Board of Directors expresses its sincere gratitude and appreciation of the contribution of Mr. Aditya Narayan as an Independent Director of the Company.

All the Independent Directors have submitted declarations that they meet the criteria of independence as provided under Section 149 of the Companies Act, 2013 and the Listing Regulations.

In pursuance of the provisions of Section 2(51) and 203 of the Companies Act, 2013 read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, Mr. Anil Kapoor, Managing Director, Mr. Abhay Baijal, Chief Financial Officer and Mr. Rajveer Singh, Vice President – Legal & Company Secretary are Key Managerial Personnel of the Company. During the year, there was no change in the Key Managerial Personnel.

The Board met five times during the financial year 2017-18.

Other information on the Directors and the Board Meetings is provided in the Corporate Governance Report attached as **Annexure "C"** to this Report.

### 11. Internal Financial Controls

The Company has policies and procedures in place for ensuring orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information. The details of internal control system are given in the Management Discussion and Analysis Report attached as **Annexure "A"** to this Report.

# 12. Remuneration Policy

In pursuance of the provisions of Section 178 of the Companies Act, 2013 and Listing Regulations, the Company has formulated a Remuneration Policy which is attached as **Annexure "G"** to this Report and available at the website of the Company at the weblinkhttp://www.chambalfertilisers.com/pdf/Remuneration-Policy.pdf.

The Remuneration Policy, *inter-alia*, includes the appointment criterion & qualification requirements, process for appointment & removal, retirement policy and remuneration structure & components, etc. of the Directors, Key Managerial Personnel (KMP) and other senior management personnel of the Company. As per the Remuneration Policy, a person proposed to be appointed as Director, KMP or other senior management personnel should be a person of integrity with high level of ethical standards. In case of appointment as an independent director, the person should fulfill the criteria of independence prescribed under the Companies Act, 2013, rules framed thereunder and the Listing Regulations. The Remuneration Policy also contains provisions about the payment of fixed & variable components of remuneration to the Managing Director and payment of sitting fee & commission to the non-executive directors and describes fundamental principles for determination of remuneration of senior management personnel and other employees which are as follows:

- a) demand-supply relationship of the concerned job expertise;
- b) need of organization to retain and attract talent and its ability to pay;
- c) employees' social aspiration for enhancing standard of living; and
- d) compensation trends in the industries in which the Company operates.

In view of sale and disposal of all the ships of the Company during the year and discontinuation of the shipping business, the necessary updations were made in the Remuneration Policy of the Company by deleting the provisions / references related to shipping business.

# 13. Disclosures under the Companies Act, 2013, Rules thereunder and Secretarial Standards

- a) Your Company has not issued any shares during the Financial Year 2017-18.
  - b) No significant and material orders have been passed by the regulators or courts or tribunals impacting the going concern status and Company's operations in future.
- c) All Related Party Transactions entered during the year were on arm's length basis and in the ordinary course of business. No material Related Party Transactions (transaction(s) exceeding ten percent of the annual consolidated turnover of the Company as per last audited financial statements), were entered during the year by the Company. Accordingly, disclosure of contracts or arrangements with Related Parties as required under section 134(3)(h) of the Companies Act, 2013 in Form AOC-2 is not applicable.
- d) The extract of annual return is attached as **Annexure "H"** to this Report.

- e) The following information is given in the Corporate Governance Report attached as Annexure "C" to this Report:
  - i) The performance evaluation of the Board, the Committees of the Board, Chairperson and the individual Directors;
  - ii) The Composition of Audit Committee; and
  - iii) The details of establishment of Vigil Mechanism.
- f) The particulars of loans and guarantees given and investments made under Section 186 of the Companies Act, 2013 are given in the Notes to the Financial Statements.
- g) During the year, the auditors, the secretarial auditors and cost auditors have not reported any fraud under Section 143(12) of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014.
- h) The Company has complied with the applicable Secretarial Standards prescribed under Section 118(10) of the Companies Act, 2013.

# 14. Directors Responsibility Statement

Your Directors hereby state that:

- a) in the preparation of the annual accounts, the applicable accounting standards have been followed and no material departures have been made from the same;
- b) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2018 and of the profit and loss of the Company for the year ended March 31, 2018;
- c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- d) the Directors have prepared the annual accounts on a going concern basis;
- e) the Directors have laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and are operating effectively; and
- f) the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

# 15. Auditors and Cost Auditors

The Notes to the Financial Statements read with the Auditor's Reports are self-explanatory and therefore, do not call for further comments or explanations. There has been no qualification, reservation, adverse remark or disclaimer in the Auditor's Reports.

The shareholders of the Company, at the AGM held on September 15, 2017, has appointed M/s. Price Waterhouse Chartered Accountants LLP (Firm Registration No. 012754N/ N500016) as Auditors of the Company to hold office for a term of 5 (five) consecutive years from the conclusion of Thirty-second AGM of the Company held on September 15, 2017 till the conclusion of Thirty-seventh AGM of the Company (subject to ratification of such appointment at every AGM, if so required under the Companies Act, 2013). In pursuance of the relevant provisions of the Companies (Amendment) Act, 2017 made effective vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, Government of India, the provision under Section 139 of the Companies Act, 2013 related to ratification of appointment of auditors at every AGM has been omitted. Accordingly, the ratification of appointment of auditors of the Company at the forthcoming AGM of the Company is not required.

The Board of Directors of the Company has appointed M/s. K.G. Goyal & Associates, Cost Accountants for conducting audit of cost accounts of the Company, as applicable, for the financial year 2018-19. As required under the Companies Act, 2013 and Rules framed thereunder, your Directors are seeking ratification from the members of the Company for the remuneration payable to M/s. K.G. Goyal & Associates, Cost Accountants.

# 16. Secretarial Audit

In pursuance of the provisions of Section 204 of the Companies Act, 2013, the Board of Directors of the Company had appointed M/s. RMG & Associates, Company Secretaries for conducting secretarial audit of the Company for the financial year 2017-18. The Secretarial Audit Report issued by the aforesaid Secretarial Auditors is attached as **Annexure "I"** to this Report.

There has been no qualification, reservation, observation, disclaimer or adverse remark in the Secretarial Audit Report.

# 17. Energy Conservation, Technology Absorption and Foreign Exchange Earnings and Outgo

The energy efficient operation of plants results into manifold benefits in the form of saving of natural and financial resources and reduction of carbon footprint. The Company takes continuous initiatives to make its manufacturing facilities energy efficient. The requisite information with regard to conservation of energy, technology absorption and foreign exchange earnings and outgo in terms of the Companies (Accounts) Rules, 2014 is set out in **Annexure "J**" attached to this Report.

# 18. Risk Management

Your Company has developed and implemented a Risk Management Policy. The Company has voluntarily constituted Risk Management Committee which periodically reviews all risks, finalise the risk document and monitors various risks of the Company including the risks, if any, which may threaten the existence of the Company. The composition and terms of reference of the Risk Management Committee are given in the Corporate Governance Report.

The risk document containing Key and Non-Key risks including way forward for mitigation thereof, as approved by the Risk Management Committee, is also reviewed by the Audit Committee and the Board of Directors periodically.

# 19. Deposits

During the year, the Company has not accepted any deposits from the public under Chapter V of the Companies Act, 2013. There was no public deposit outstanding as at the beginning and end of the financial year 2017-18.

# 20. Particulars of employees

The human resource is an important asset which has played pivotal role in the performance and growth of the Company over the years. Your Company maintains very healthy work environment and the employees are motivated to contribute their best in the working of the Company. The information required to be disclosed in pursuance of Section 197 of the Companies Act, 2013, read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is attached as **Annexure "K"** to this Report.

# 21. Employees Stock Option Scheme

The members of the Company had approved CFCL Employees Stock Option Scheme 2010, as amended and revised from time to time ("ESOS 2010") for issue and allotment of options exercisable into not more than 41,62,000 equity shares of face value of Rs. 10/- each to eligible employees and Managing Director of the Company. Each option when exercised would be converted into one fully paid up equity share of Rs. 10/- of the Company.

The Company has not granted any stock options during the year under review.

There has been no change in ESOS 2010 during the financial year 2017-18. ESOS 2010 is in compliance with Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 ("ESOP Regulations") and implemented through CFCL Employees Welfare Trust ("Trust"). For the purpose of ESOS 2010, the Trustee of the Trust was holding 16,96,900 equity shares of the Company as on March 31, 2018 (22,47,902 equity shares as on March 31, 2017), being 0.41% of the paid up share capital of the Company. The ownership of these shares cannot be attributed to any particular employee till he / she exercises the stock options granted to him / her. Hence, the concerned employees to whom the stock options were granted under ESOS 2010 cannot exercise voting rights in respect of aforesaid shares held by the Trustee of the Trust as such employees are not holders of such shares. The Trustee has not exercised the voting rights in respect of the aforesaid shares during the financial year 2017-18.

The disclosures required to be made under ESOP Regulations read with SEBI circular no. CIR/CFD/Policy Cell/2/2015 dated June 16, 2015 are given on the website of the Company at the weblink <u>http://www.chambalfertilisers.com/pdf/esop-2018.pdf</u>. The disclosures in respect of ESOS 2010 are also given in the notes to the Financial Statements.

# 22. Business Responsibility Report

In pursuance of the provisions of the Listing Regulations, the Business Responsibility Report describing the initiatives taken by the Company from environmental, social and governance perspective forms part of the Annual Report.

# 23. Investor Service Centre

The in-house Investor Service Centre of your Company is located in the Corporate Office of the Company at New Delhi which provides prompt and efficient service to the investors. The Company takes various initiatives for investor satisfaction such as reminders to investors about undelivered shares, unclaimed dividend, etc.

The equity shares of your Company are listed at National Stock Exchange of India Limited and BSE Limited. The Company has paid annual listing fees to these Stock Exchanges for the financial year 2018-19.

The members are requested to refer to general shareholders' information given in Corporate Governance Report appended hereto.

# 24. Acknowledgements

The Board of Directors wish to place on record its appreciation of the co-operation extended by all the stakeholders including the Department of Fertilisers, Government of India, Government of Rajasthan and other State Governments, Financial Institutions & Banks, investors and customers. The Board of Directors also convey its sincere appreciation of the commitment and dedication of the employees at all levels.

For and on behalf of Board of Directors

Place : New Delhi Date : May 10, 2018 Saroj Kumar Poddar Chairman

# Annexure "A" to Board's Report MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company is engaged in manufacture of Urea and Single Super Phosphate (SSP) and markets other Agri-inputs. The Management Discussion and Analysis Report covering the business of the Company is as under:

#### 1. Industry Structure and Developments

### A) Urea

The Company has two Urea manufacturing plants at Gadepan, District Kota, Rajasthan. Urea is a major plant nutrient which plays a vital role in food grain production in the country. The Urea industry in the country has manufacturers from public, co-operative and private sectors. The production of Urea in the country is insufficient to meet the demand and there is a wide demand-supply gap which is met through imports. No new urea production capacity came on stream in the country during last 18 years except revamp of few existing plants. Urea production in the country during the Financial Year 2017-18 was 24.02 million MT against 24.20 million MT during the previous year. The stagnant production has led to increase in imports. India imported 5.97 million MT of Urea during the Financial Year 2017-18 as against 5.48 million MT of Urea imported during the previous year. The Urea sales in the country during the Financial Year 2017-18 were 30.31 million MT against the Urea sales of 29.61 million MT during the previous year – an annual growth of 2.4%. The imported Urea was 19.70% of the total Urea sales in the country and its prices ranged between USD 203 to USD 292 per MT during the financial year 2017-18.

# B) Other Products

The Company also supplies other agri-inputs like Di-ammonium Phosphate (DAP), Muriate of Potash (MOP), Single Super Phosphate (SSP), NPK Fertilisers, Agrochemicals, seeds, sulphur, micro-nutrients, complex fertilisers and city compost. The Company sources the products from reputed domestic and international suppliers. SSP supplies comprised of own production and procurement from domestic suppliers.

DAP, MOP, SSP and NPK fertilisers are covered under the Nutrient Based Subsidy (NBS) policy of the Government of India. NBS policy prescribes payment of subsidy based on the nutrient component in these fertilisers. The demand of DAP in the country is met through imports and domestic production whereas the country is fully dependent upon imports for MOP. There are large players in the Indian market who manufacture DAP as well as import DAP and MOP.

The Agrochemicals market is dominated by some large companies and these products are either manufactured by them or they supply the basic technical ingredients for formulation of finished products. SSP, seeds, sulphur, complex fertilisers and micro-nutrients markets are fragmented with many small manufacturers and suppliers.

The total sales of DAP in the country during the Financial Year 2017-18 were 8.98 million MT as against 8.82 million MT during the previous year registering a growth of around 1.81%. The total production of DAP during the year was around 4.65 million whereas 4.22 million MT of DAP was imported in the country. MOP imports in the country during the Financial Year 2017-18 were 4.74 million MT as against 3.74 million MT during the previous year.

There was an upward trend in the prices of DAP in international market. The price of DAP was around USD 370 per MT CFR India in April 2017 which came down to USD 348 per MT in July 2017. The prices of DAP started moving up thereafter and went up to USD 418 per MT CFR India in March 2018.

The Government of India has implemented Direct Benefit Transfer (DBT) for payment of subsidy on fertilisers during the Financial Year 2017-18. DBT for fertilisers is slightly different from the DBT implemented for cooking gas. Under the DBT scheme, the farmers will continue to purchase the fertilisers at subsidised rates and the transactions will be recorded in Point of Sale machines (POS). The Government of India will release the subsidy to fertiliser companies against weekly subsidy bills which will be generated digitally and submitted online. The subsidy bills will be raised based on the sale of fertilisers to the farmers as recorded online through POS, thereby linking the subsidy payment to actual sale of fertilisers.

# 2. Opportunities and Threats

The construction and implementation of new Urea project of the Company is in progress at Gadepan, Distt. Kota, Rajasthan, PIN-325208 at an approximate cost of USD 900 million and it is expected to commence commercial production as per schedule in January 2019. The new Urea plant will increase the present Urea production capacity of the Company by about 1.34 million MT per annum. Considering the substantial gap in the domestic supply of Urea and its demand, the new Urea plant will offer an opportunity to the Company to expand its footprints in new territories and also increase its market share in the existing marketing territories. However, this opportunity also has a challenge in terms of increased competition due to additional Urea capacities to be coming on stream in the country.

The Company has utilised its brand strength and marketing network to expand its DAP and MOP business over the last few years. The Company has established reliable supply channels in international market to support its DAP and MOP business on sustainable basis. The large supply volumes have strengthened the logistic capabilities and brand image of the Company in the market place. The Company has an opportunity to use its brand image and marketing capabilities to increase business volumes of its other agri-inputs portfolio such as Agrochemicals, micro-nutrients, seeds, etc. The demand fluctuations due to monsoon variations, volatility in the global prices of fertilisers and variation in the foreign exchange rates are few challenges and your Company takes these factors into consideration while making its marketing strategy for DAP and MOP fertilisers.

# 3. Risks and Concerns

The Fertiliser Industry is highly regulated and dependent on the Government policies. The changes in such policies may sometimes adversely affect the Company. The low prices of Urea in the International market coupled with increase in gas prices due to increase in prices of crude oil in international market may affect the Urea production beyond re-assessed capacity of Urea manufacturers in the country.

Subsidy is a major component of revenue of the Company. The delay in payment of subsidy by the Government of India creates stress on the working capital and increases the finance cost of the Company. The implementation of DBT for fertiliser subsidy envisages linking of subsidy payment to the actual sales through POS. This has made the subsidy payment process cumbersome and it requires more resources and efforts on the part of fertiliser manufacturers / suppliers. However, it is expected that the DBT process will stabilise after teething troubles and it is not likely to have a material financial impact on the Company.

The variations in demand of DAP and MOP due to change in monsoon patterns, volatility in foreign exchange rates and prices of the products in international markets and interest burden due to delay in payment of subsidy may impact the profitability of the Company.

# 4. Outlook

The demand of Urea is expected to increase further with encouragement to farmers by way of minimum support prices for crops and other farmer friendly policies. The new capacity additions would narrow the demand-supply gap by replacing imported Urea. Considering its long experience and vast marketing network, the Company is confident that it will be able to enhance its sales volumes of Urea and smoothly absorb the production from the new plant. The Company has established itself as a significant player in the non-urea fertilisers, mainly DAP and MOP with reliable supply channels. The products of the Company are known in the market place for their good and consistent quality. Considering the brand image of the Company, strong marketing network and logistic strength, the outlook remains positive.

# 5. Operational and Financial Performance

The operational and financial performance is summarized below:

| Particulars  | Financ    | ial Year  |
|--|-----------|-----------|
|  | 2017-18   | 2016-17   |
| Urea Production (MT in Lakhs)  | 20.94     | 20.02     |
| Urea Sales (MT in Lakhs)   | 20.74     | 19.52     |
| SSP Production (MT in Lakhs)   | 0.44      | 1.43      |
| SSP Sales (MT in Lakhs)  | 0.65      | 1.22      |
| Sales including other Agri-inputs (Rs. in Lakhs)                                       | 746601.65 | 743048.44 |
| Profit before Interest, Depreciation and Tax from Continuing Operations (Rs. in Lakhs) | 93311.72  | 92387.75  |

The production of Urea was higher on account of better performance of Gadepan-I plant of the Company. Gadepan – I plant has achieved highest ever production of 11.38 Lakhs MT of Urea (against the previous best of 11.07 Lakhs MT of Urea achieved in the Financial Year 2011-12) and best ever energy consumption, due to better plant production rate per day and higher number of stream days. SSP plant was under shutdown since September 2017 due to adverse market conditions and it will be re-started at an appropriate time.

The revenue from marketed products was Rs. 346539.53 Lakhs during the financial year 2017-18 in comparison to Rs. 392168.34 Lakhs in the previous year. The sales of various products were as under:

| Product                              | Financ   | ial Year |
|--------------------------------------|----------|----------|
|                                      | 2017-18  | 2016-17  |
| DAP (MT in Lakhs)                    | 8.69     | 9.85     |
| MOP (MT in Lakhs)                    | 2.56     | 2.09     |
| Other Fertilisers (MT in Lakhs)      | 0.71     | 0.81     |
| Agrochemicals (Net) – (Rs. in Lakhs) | 17413.06 | 21325.54 |
| Seeds (Net) – (Rs. in Lakhs)         | 4250.26  | 7331.83  |

The Company achieved highest ever sales volumes in MOP though the volumes of DAP were on the lower side. There was also decline in the sales of agrochemical products, seeds and other fertilisers due to adverse market conditions.

There was marginal increase in the revenue of the Company in comparison to the previous year mainly due to higher volumes of Urea and MOP which was partly off-set by lower volumes of DAP and other fertilisers and reduction in sales of crop protection chemicals and seeds. The Profit before Interest, Depreciation and Tax during the Financial Year 2017-18 was marginally higher in comparison to the previous year, mainly due to higher sales of Urea and MOP, efficient Urea manufacturing operations and healthy margins in some of the products marketed by the Company.

The Company has sold all the ships during the Financial Year 2017-18 and ceased to have shipping business operations with the delivery and sale of the last ship in September 2017. During the Financial Year 2017-18, the shipping business achieved sales of Rs. 6133.79 Lakhs (Previous Year - Rs. 29085.92 Lakhs) and Profit before Interest, Depreciation, Tax and Exceptional Items of Rs. 1289.09 Lakhs (Previous Year Rs. 7853.45 Lakhs). The performance of shipping business is not comparable with the previous year due to part year operations during the Financial Year 2017-18. The shipping business operations have been shown as discontinued operations in the financial statements of the Company for the financial year 2016-17 and 2017-18.

#### 6. Material Developments in Human Resources/ Industrial Relations

The Company has a team of experienced and qualified personnel to support its Urea plants and other allied operations. The project team also comprises of professionals having technical expertise and experience which is critical for successful and timely implementation of the new Urea project. The personnel in the project team would become part of operations team post commissioning of the new Urea plant.

The recruitment of well qualified personnel and retention of experienced workforce is critical for maintaining the talent pool in the Company. The Company continuously works towards ensuring that appropriate recruitment and retention plans are in place to avoid any gaps in talent pool. The Company continuously reviews its human resource policies to align them with the changing trends in the employment market and an appropriate performance appraisal system is in place to identify and reward the talent.

In order to maintain the talent pool, the Company selects technical personnel from premier institutes. They undergo detailed training after joining the Company which includes classroom lectures, on-the job training, mentor-mentee programs, etc. The major part of recruitments for the upcoming Urea plant of the Company has been completed. The Company has recruited around 150 technical and marketing personnel during the year for existing operations and the new Urea plant of the Company. These recruitments have been scheduled in such a manner that they get adequate experience and training before the new Urea plant goes on stream.

The training and development of the employees is a continuous process. The training and development needs of the employees are identified as part of the appraisal process and appropriate training programmes are designed.

The permanent employee strength of Company was 1010 as on March 31, 2018. The Company continues to maintain open and cordial employee relations.

### INTERNAL CONTROL SYSTEM

The Company has a strong internal control system comprising various levels of authorization, supervision, checks and balances and procedures through documented policy guidelines and manuals. The Internal Audit Department regularly monitors the efficacy of internal controls/ and compliances with Standard Operating Procedures and Manuals with an objective of providing to the Audit Committee and the Board of Directors, an independent, objective and reasonable assurance that all transactions are authorized, recorded and reported correctly and compliance with policies and statutes are made.

The managers exercise their control over business processes through operational systems, procedure manuals and financial limits of authority manual. These processes are reviewed and updated on regular basis to improve their efficacy and meet the business needs.

The Internal audit team develops a risk based annual audit programme which is aligned to the previous year's observations, suggestions from the operating managers and statutory auditors. The internal audit programme is approved by the Audit Committee.

The audit approach is based on random sample selection and takes into consideration the generally accepted business practices. The internal audit reports are discussed by the Management Committee and subsequently placed before the Audit Committee of the Board of Directors along with the directions/ action plan recommended by the Management Committee. The directions are implemented by the respective departments and Action Taken Report is placed before the Audit Committee.

The Internal Audit Department also assesses opportunities for improvement in business processes, systems and controls, gives recommendations and reviews the implementation of directions issued by the management, Board of Directors or its committees.

# CAUTIONARY STATEMENT

The report may contain certain statements that the Company believes are, or may be considered to be "forward looking statements" that describe its objectives, plans or goals. All these forward looking statements are subject to certain risks and uncertainties, including but not limited to Government action, economic developments, risks inherent to the Company's growth strategy and other factors that could cause the actual results to differ materially from those contemplated by the relevant forward looking statements.

For and on behalf of Board of Directors

Place : New Delhi Date : May 10, 2018 Saroj Kumar Poddar Chairman

# Annexure "B" to Board's Report DIVIDEND DISTRIBUTION POLICY

In pursuance of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the Board of Directors of Chambal Fertilisers and Chemicals Limited ("Company") has approved and adopted this "Dividend Distribution Policy" ("Policy"). Subject to the provisions of the Companies Act, 2013, rules framed thereunder and any other laws and regulations as may be applicable, the Board of Directors may declare interim dividend or recommend declaration of final dividend by the shareholders. This Policy shall be effective and applicable for dividend(s), if any, declared for the Financial Year 2016-17 onwards.

The parameters for declaration of dividend are as under:

#### I) The circumstances under which the shareholders of the Company may or may not expect dividend

The decision regarding dividend pay-out would seek to balance the dual objective of appropriately rewarding the shareholders through dividend and retaining profits for business needs of the Company.

The shareholder may expect dividend out of the profits of a financial year if there are adequate available profits of the Company for such financial year and such profits are not required to be retained for business needs of the Company.

The shareholders may not expect dividend for a financial year if the profits of the Company for such financial year are not adequate for payment of dividend or otherwise required to be retained for business needs of the Company.

Without prejudice to the above, subject to the provisions of the Companies Act, 2013, the rules framed thereunder and any other laws and regulations, as may be applicable:

- a) In case there are no profits or the profits are not adequate during a financial year for declaration of dividend, the Board of Directors may recommend payment of dividend, partly or fully, out of the profits of the Company for any previous financial year(s), provided such profits are not required to be retained for business needs of the Company.
- b) The Board of Directors of the Company may consider recommending payment of dividend out of free reserves of the Company in case of inadequacy of profits during a financial year, if the Board of Directors is of the opinion that:
  - i) Inadequacy of profits is of temporary nature and the Company is expected to earn profits in the next 2 to 3 financial years; and
  - ii) The amount of dividend to be declared out of the reserves is not required to be conserved for business needs of the Company.

#### II) The Financial parameters and internal and external factors to be considered for payment of Dividend

The financial parameters and internal and external factors to be considered by the Board of Directors while taking decision for recommendation of dividend are as under:

- Profitability of the Company a)
- The requirement of funds for business needs of the Company such as replacement of capital assets, expansion and / or modernisation, b) capital expenditure, investment in subsidiaries and joint venture(s), etc.
- c) Mergers and acquisitions
- d) Operating cash flow of the Company
- Debt repayment obligations of the Company e)
- f) Financial and other covenants agreed with the lenders / debenture trustee(s) of the Company
- a) Cost of servicing outstanding debt
- Cost of raising funds for the business needs of the Company h)
- i) Policies of the Government of India relevant for the business and operations of the Company
- j) Overall economic and business scenario
- Regulatory or statutory restrictions in respect of declaration or payment of dividend k)
- I) Taxes and levies applicable in respect of declaration / payment of dividend
- Requirement of funds for meeting contingent liabilities m)
- Other factors beyond control of the Management like natural calamities, fire, etc. effecting operations of the Company. n)

#### III) Policy in respect of utilization of retained earnings

- The retained earnings of the Company can be utilized by the Company for the following:
- a) Declaration of dividend in the manner specified above in the Policy
- b) Issue of Bonus shares
- Augmenting the internal resources including working capital c)
- d) Funding of capital expenditure and / or expansion / modernization plans of the Company
- e) Repayment of Debt
- Investments in subsidiaries / joint venture(s) f)
- Any other purpose as may be determined by the Board of Directors subject to the provisions of the applicable laws a)

#### IV) Parameters to be adopted for various classes of shares

The Company is presently having only one class of shares i.e. equity shares without any preference or priority in respect of payment of dividend.

This Policy can be amended, modified or revised by the Board of Directors of the Company from time to time. In case any provisions of this Policy are contrary to or inconsistent with the provisions of the Companies Act, 2013, rules framed thereunder and Listing Regulations ("Statutory Provisions"), the provisions of Statutory Provisions shall prevail.

# For and on behalf of Board of Directors

Place : New Delhi

Date : May 10, 2018

Saroi Kumar Poddar Chairman

# Annexure "C" to Board's Report CORPORATE GOVERNANCE REPORT

# 1. Company's Philosophy

The Company aims to achieve excellence in everything it does including standards of business conduct. The Company believes in conducting its business with responsibility, integrity, fairness and transparency. The Company has always focused on good corporate governance practices, which are key drivers of sustainable growth and long-term value creation for its shareholders. The corporate governance aligns the interests of individuals, corporations and society and integrates all the participants involved in the process, which is not only economic but also social. Corporate governance goes beyond the practices enshrined in the laws and encompasses the basic business ethics and values that need to be adhered.

The Company believes that corporate governance is not limited to merely creating checks and balances. It is more about creating organizational excellence leading to increase in employee and customer satisfaction and long term shareholders' value without compromising on ethical standards. The Company believes in leveraging its resources to translate opportunities into reality and inculcate dynamism and entrepreneurship at all levels in the organisation.

Above all, corporate governance practices must balance individual interest with corporate goals and operate within accepted norms of propriety, equity, fairness and a sense of justice.

# 2. Board of Directors

As on March 31, 2018, the Board of Directors of the Company comprised of eight directors including a Managing Director. Out of the seven non-executive directors, four are independent directors including one woman director. The composition of Board of Directors is optimum and balanced in terms of specialisation in one or more areas. The Board of Directors takes into account the interest of all stakeholders while discharging its responsibilities and provides leadership and guidance to the Company's management while discharging its fiduciary responsibilities thereby ensuring that the management adheres to the high standards of ethics, transparency and disclosures.

The non-executive directors bring objective and independent perspective in Board deliberations and decisions as they have a wider view of external factors affecting the Company and its business. These directors make a constructive contribution to the Company by ensuring fairness and transparency while considering the business plans devised by the management team.

All the Independent Directors have requisite knowledge of business, in addition to the expertise in their area of specialization. The Company has received declaration from each of the Independent Directors of the Company confirming that he/ she meets the criteria of independence as defined under the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). The Company has issued letters of appointment to the Independent Directors and the terms and conditions of their appointment have been uploaded on the website of the Company.

Mr. Kashi Nath Memani ceased to be Director of the Company upon completion of his tenure on September 15, 2017.

The shareholders of the Company, at the Annual General Meeting held on September 15, 2017, had re-appointed Mr. Marco Philippus Ardeshir Wadia (DIN: 00244357) and Ms. Radha Singh (DIN: 02227854) as Independent Directors of the Company for a further term of 5 (five) consecutive years, that is, upto September 14, 2022. Further, the shareholders of the Company had appointed Mr. Nimesh Nagindas Kampani (DIN:00009071) as an independent Director of the Company, at the Annual General Meeting held on September 15, 2017, to hold office for a term of 3 (three) consecutive years from September 15, 2017 to September 14, 2020.

Mr. Saroj Kumar Poddar (DIN: 00008654), Director is retiring by rotation at the forthcoming Annual General Meeting ("AGM") scheduled to be held on September 18, 2018 and is eligible and has offered himself for re-appointment.

The tenure of appointment of Mr. Aditya Narayan, Independent Director shall expire on the conclusion of the ensuing AGM and he has requested the Board of Directors not to consider him for re-appointment.

The brief resume and other requisite details of the Director proposed to be re-appointed shall be given in the notice of ensuing AGM.

#### 3. Meetings and Attendance

The Meetings of the Board are generally held at the Corporate Office of the Company at "Corporate One", First Floor, 5, Commercial Centre, Jasola, New Delhi - 110025. The Board meetings are scheduled in a manner that it coincides with the announcement of quarterly/annual financial results. In case of urgency, additional Board meetings are convened. As and when required, the resolutions are also passed by circulation as permitted by law. During the year under review, five Board meetings were held on May 02, 2017, May 20, 2017, August 08, 2017, October 24, 2017 and February 13, 2018. The gap between two consecutive Board meetings did not exceed one hundred twenty days.

The composition of the Board of Directors, their attendance at the Board Meetings held during the financial year 2017-18 and AGM, number of other directorships and membership of the Committees of the Boards of other Indian public limited companies as on March 31, 2018, are as follows:

| Name of Director                        | Category<br>of Director | Whether<br>Attended | No. of Board<br>Meetings | Other<br>Directorships |             | of Committees<br>r Boards |

ID - Independent Director, MD - Managing Director, NED - Non-Executive Director, PG - Promoter Group

#### Notes:

- (i) Other Directorships given above excludes directorships in foreign companies.
- (ii) In accordance with Regulation 26 of the Listing Regulations, memberships / chairmanships of only Audit Committee and Stakeholders' Relationship Committee of other Indian Public Limited Companies have been considered.

(iii) The aforesaid Directors are not relatives of each other (as defined under the Companies Act, 2013 and Rules thereunder).

During the year under review, the Independent Directors held a separate meeting in pursuance of applicable statutory and regulatory provisions.

#### 4. Board Agenda

The calendar of Board meetings is shared with Board members in the beginning of the year. Further, the notices of Board meetings are given well in advance to all the Directors. The Board members are provided agenda setting out the business to be transacted at the meeting, with well-structured and comprehensive notes on agenda, to enable them to take informed decisions. Agenda papers are circulated atleast seven days prior to the date of the meeting. Additional/ supplementary items are taken up with the permission of Chairperson and requisite consent of the Directors. Where it is not practicable to attach any document to the agenda, the same is circulated in the meeting / placed before the meeting.

#### 5. Committees of the Board

The Board of Directors has constituted various Board committees with specific terms of reference to ensure timely and effective working of the Board and the Company in addition to comply with the provisions of the Listing Regulations, other regulations / guidelines of Securities and Exchange Board of India (SEBI) and other statutory provisions. The committees operate as empowered bodies of the Board. In your Company, there are eight Committees of the Board of Directors, which have been delegated adequate powers to discharge their roles & responsibilities and urgent business of the Company. These Committees are - (i) Audit Committee; (ii) Corporate Social Responsibility Committee; (iii) Nomination and Remuneration Committee; (iv) Stakeholders' Relationship Committee; (v) Banking and Finance Committee; (vi) Project Monitoring Committee; (vii) Risk Management Committee; and (viii) Strategy Committee. The Committees meet as often as required. The minutes of meetings of the committees are circulated to the Board of Directors. The brief description of terms of reference and composition of these Committees are as follows:

#### 5.1 Audit Committee

#### (i) Terms of reference:

The terms of reference of the Audit Committee are in accordance with section 177 of the Companies Act, 2013 and the Listing Regulations. It also discharges such other functions as may be delegated by the Board of Directors from time to time. The role of the Audit Committee, *inter-alia*, includes oversight of the Company's financial reporting process and disclosure of its financial information to ensure that the financial statements are correct, sufficient and credible, recommending the appointment, remuneration and terms of appointment of auditors and approval of payment for any other services rendered by the statutory auditors, reviewing with the management and examination of the annual financial statements and auditor's report thereon before submission to the Board of Directors for approval, reviewing with the management, the quarterly financial statements before submission to the Board of Directors for approval, review and monitor the auditor's independence and performance and effectiveness of audit process, approval or any subsequent modification of transactions with related parties, scrutiny of inter-corporate loans and investments, valuation of undertakings or assets of the Company, wherever necessary, evaluation of internal financial controls and risk management systems, reviewing, with the management, performance of statutory and internal auditors and adequacy of the internal control systems, reviewing the adequacy of internal audit function and review of the functioning of whistle blower mechanism.

The Audit Committee also reviews the management discussion and analysis of financial condition and results of operations, statement of significant related party transactions, internal audit reports and such other matters / information as prescribed.

In addition to the above, the Audit Committee reviews the contracts entered into by the Company related to traded products, valuing more than Rs. 25 crore, the contracts entered in the register maintained under section 189 of the Companies Act, 2013 and status of material claims filed against the Company.

During the year, all the recommendations made by the Audit Committee were accepted by the Board of Directors.

#### (ii) Composition:

The Committee comprises of four Independent Directors. Mr. Nimesh Nagindas Kampani, being a Chartered Accountant is a financial expert. The Company Secretary is the secretary of the Committee. The permanent invitees include Managing Director, Chief Financial Officer, Internal Auditor and representatives of Auditors. Further, the cost auditor and other executives of the Company are invited in the Audit Committee meetings, as and when required. The Chairman of the Audit Committee was present at the last Annual General Meeting. The Committee meet five times during the year on May 02, 2017, May 20, 2017, August 08, 2017, October 23, 2017 and February 13, 2018 and the attendance of members at the meetings was as follows:

| Name of the Member                  | Status   | Category             | Number of Meetings attended |
|-------------------------------------|----------|----------------------|-----------------------------|
| Mr. Marco Philippus Ardeshir Wadia  | Chairman | Independent Director | 5                           |
| Mr. Nimesh Nagindas Kampani*        | Member   | Independent Director | 1                           |
| Mr. Kashi Nath Memani <sup>\$</sup> | Member   | Independent Director | 1                           |
| Mr. Aditya Narayan                  | Member   | Independent Director | 5                           |
| Ms. Radha Singh                     | Member   | Independent Director | 5                           |

\*Appointed as Member of the Committee w.e.f. October 24, 2017

\$ Ceased to be Member of the Committee on September 15, 2017

### 5.2 Corporate Social Responsibility Committee

#### (i) Terms of reference:

The terms of reference of the Committee are as prescribed under the Companies Act, 2013 and the Rules framed thereunder and it discharges such other functions as may be delegated by the Board of Directors from time to time. The role of the Committee includes formulating and recommending to the Board a Corporate Social Responsibility ("CSR") Policy indicating the activities to be undertaken by the Company as specified in the Companies Act, 2013, recommending the amount of expenditure to be incurred on such activities and monitoring the CSR Policy of the Company from time to time. | Mr. Shyam Sunder Bhartia           | Member   | Non-executive Director |
| Mr. Anil Kapoor                    | Member   | Managing Director      |
| Mr. Aditya Narayan                 | Member   | Independent Director   |

# 6. Details of remuneration paid to Directors during the Financial Year 2017-18

### 6.1 Executive Director

(Amount in Rs.)

| Managing Director | Salary      | Performance<br>Bonus | Value of Perquisites as per Income Tax Act, 1961 | Others - Retirement Benefits & other perquisites |
|-------------------|-------------|----------------------|--|--|
| Mr. Anil Kapoor   | 2,77,74,166 | 1,36,00,000          | 38,55,784  | 21,61,225  |

(i) The shareholders of the Company at the Annual General Meeting held on September 22, 2016 had approved the re-appointment of Mr. Anil Kapoor as Managing Director of the Company for a period of three years with effect from February 16, 2017. The term of appointment of Mr. Anil Kapoor is upto February 15, 2020, which can be terminated by either party by giving three months' written notice to other party.

- (ii) No sitting fee or severance fee is payable to Managing Director.
- (iii) The performance bonus payable by the Company to Managing Director is decided by the Board of Directors considering the recommendations of the Nomination and Remuneration Committee, on annual basis, based on the performance of the Company, industry trends and other relevant factors.

The Company had granted 150,000 stock options to the Managing Director during the Financial Year 2010-11. Each option is convertible into one equity share of Rs. 10 of the Company. The stock options were granted at the market price i.e. the latest available closing price on the stock exchanges where the shares of the Company are listed, prior to the date of the meeting of the committee in which the options were granted. The details of vesting of stock options are as under:

| Date of Vesting | No. of Options |
|-----------------|----------------|
| 16.09.2011      | 22,500         |
| 16.09.2012      | 22,500         |
| 16.09.2013      | 30,000         |
| 16.09.2014      | 37,500         |
| 16.09.2015      | 37, 500        |
| Total           | 150,000        |

The stock options can be exercised within 8 years from the respective dates of vesting. Mr. Anil Kapoor had exercised 11,000 stock options till March 31, 2018 and 1,39,000 stock options are outstanding.

# 6.2 Non - Executive Directors

The Company pays sitting fee for attending the Board and Committee meetings to its Non-Executive Directors @ Rs.50,000 per Board meeting, Rs. 25,000 per Audit Committee meeting and Rs. 15,000 per meeting of other Committees of the Board.

The shareholders of the Company, at the Annual General Meeting held on September 15, 2015, had approved payment of commission to non-executive directors for a period of 5 years with effect from the financial year 2015-16 subject to the aggregate annual limit of one percent of the net profits of the Company and the commission payable to a non-executive director not to exceed Rs. 5,00,000 in any financial year. In pursuance of the approval of the shareholders and considering the recommendations of Nomination and Remuneration Committee, the Board of Directors determined the commission payable to individual Directors for the Financial Year 2017-18 based on the time devoted and the contribution made by individual directors in the affairs of the Company. In case of directors who have served for part of the year, the commission is payable on pro-rata basis.

The details of sitting fee paid and the commission payable to the Directors are as follows:

| S. No. | Name of the Director                      | Sitting Fee Paid (Rs.) | Commission payable for the Financial Year 2017-18 (Rs.) |
|--------|---|------------------------|---|
| 1.     | Mr. Saroj Kumar Poddar                    | 200,000                | 500,000   |
| 2.     | Mr. Nimesh Nagindas Kampani <sup>\$</sup> | 125,000                | 271,233   |
| 3.     | Mr. Kashi Nath Memani*                    | 75,000                 | 228,767   |
| 4.     | Mr. Aditya Narayan                        | 435,000                | 500,000   |
| 5.     | Mr. Chandra Shekhar Nopany                | 260,000                | 500,000   |
| 6.     | Ms. Radha Singh                           | 510,000                | 500,000   |
| 7.     | Mr. Marco Philippus Ardeshir Wadia        | 480,000                | 500,000   |

\* Ceased to be Director on September 15, 2017, \$ Appointed as Director with effect from September 15, 2017 Mr. Shyam Sunder Bhartia opted out from receiving any sitting fee and commission.

There was no other pecuniary relationship or transaction with the non-executive directors.

# 7. Board Diversity Policy

Board diversity is imperative in view of globalization of business, rapid deployment of technology, greater social responsibility, ever increasing emphasis on corporate governance and increasing need for risk management. Having members of the Board from different fields enables the Company to keep pace with changing business dynamics and provide financial, reputational and qualitative benefits. The Board of Directors had adopted "Board Diversity Policy" which sets out the basic guidelines to constitute a diverse Board that can, *inter alia*, draw upon a range of perspectives, experience and knowledge.

# 8. Performance Evaluation

In pursuance of the provisions of the Companies Act, 2013 and Listing Regulations, the Company has laid down a Performance Evaluation Policy. The said policy prescribed in detail the process for effective evaluation of performance of the Board of Directors, the Committees thereof and individual Directors including the Chairperson of the Board. The Nomination and Remuneration Committee ("NRC") had finalized the proformas / questionnaires containing different parameters to evaluate the performance of Board and its committee(s), individual Directors and Chairperson of the Company. The performance evaluation parameters for Independent Directors include level of participation in decision making process, understanding of Company's business and industry, ensuring adequacy and functionality of vigil mechanism, communicating *inter-se* with Board members and senior management, etc.

The evaluation of performance of the Board as a whole, Committees of the Board, individual Directors and Chairperson of the Company was carried out for the Financial Year 2017-18. The performance of each Director has been evaluated by NRC. The Independent Directors in their separate meeting carried out the evaluation of the Board of Directors as a whole, Chairperson of the Company and Non-Independent Directors. The Chairperson of NRC and the Independent Directors have reported their respective evaluations to the Chairperson of the Company.

Based on the responses to the questionnaires received from the Directors and considering the evaluations carried out by NRC and Independent Directors, the Board evaluated its own performance and that of its committees and individual Directors including Independent Directors.

# 9. Vigil Mechanism and Whistle Blower Policy

The Company has a Whistle Blower Policy for establishing vigil mechanism for Directors, employees and other stakeholders to report concerns about unethical behavior, actual or suspected fraud or violation of the Company's "Code of Conduct and Ethics". The Directors and employees are not only encouraged but required to report their genuine concerns and grievances under the said policy. The vigil mechanism under the Whistle Blower Policy provides adequate safeguard against victimization of the Directors and the employees who avail of the mechanism and also provides for direct access to Chairman of the Audit Committee in appropriate or exceptional cases. No personnel was denied access to the Audit Committee. The Whistle Blower Policy is available on the website of the Company at www.chambalfertilisers.com and intranet site - www.chambal.in

#### 10. Related Party Transactions

During the financial year 2017-18, all transactions entered into with related parties, as defined under the Companies Act, 2013 and Listing Regulations, were in the ordinary course of business and on an arm's length basis. There were no materially significant transactions with related parties during the year that may have potential conflict with the interest of the Company at large. The Company has formulated a policy on dealing with related party transactions which has been uploaded on the website of the Company and can be accessed at the weblink – *http://www.chambalfertilisers.com/pdf/Policy-on-Related-Party-Transactions.pdf* 

# 11. Commodity Price Risk or Foreign Exchange Risk and Hedging Activities

The commodity price risk of the Company may arise mainly out of imported fertilisers due to fluctuation of prices in the international market. The Company controls such risk through dynamic sourcing strategy and supply plan including constant review of market conditions and costing of competitors. In addition to the above, the prices of natural gas are subject to fluctuation on account of change in prices of crude oil and demand-supply factors. The Company is not affected by price volatility of natural gas as the cost of natural gas is pass through under the Urea pricing policy if the consumption is within the permissible norms. The Company did not enter into any transaction for hedging the commodity price risk.

The foreign exchange risk of the Company arises mainly out of import of fertilisers and foreign currency borrowings. The Company continuously monitors its foreign exchange exposure and hedges its foreign exchange risk exposure to the extent considered necessary through forward contracts and option structures.

# Annexure "E" to Board's Report

# Auditor's Certificate regarding compliance of conditions of Corporate Governance

To The Members of Chambal Fertilisers and Chemicals Limited

We have examined the compliance of conditions of Corporate Governance by Chambal Fertilisers and Chemicals Limited ("the Company"), for the year ended March 31, 2018, as stipulated in the relevant provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (hereinafter referred to as "SEBI Listing Regulations, 2015").

The compliance of conditions of Corporate Governance is the responsibility of the Company's management. Our examination was carried out in accordance with the Guidance Note on Certification of Corporate Governance, issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations, 2015.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Anil Kapoor Managing Director Shyam Sunder Bhartia Chairman- Corporate Social Responsibility Committee

Place : New Delhi Date : May 10, 2018

# Annexure "G" to Board's Report

# **REMUNERATION POLICY**

# 1. PURPOSE

To provide a framework and principles which will guide the remuneration strategy of Chambal Fertilisers and Chemicals Limited ("Company") for its Directors, Key Managerial Personnel and other employees. The Policy shall ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate its Directors and personnel to guide and manage the Company successfully.

# 2. DEFINITIONS

- i. "Act" means the Companies Act, 2013 including any modification or re-enactment thereof.
- ii. "Listing Regulations" means Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended or replaced from time to time.
- iii. "Board" means the Board of Directors of the Company.
- iv. **"Committee" or "Nomination and Remuneration Committee"** means a Committee of the Board, constituted in accordance with the provisions of Section 178 of the Act and the Listing Regulations.
- v. **"Employees' Stock Options"** means the options given or to be given by the Company to the Managing Director and employees of the Company which gives them the right to purchase, or to subscribe for, the equity shares of the Company at a future date at a pre-determined price.
- vi. "Independent Director" means the Independent Director of the Company appointed in pursuance of the Act and Listing Regulations.
- vii. "Key Managerial Personnel" or "KMP" means the person(s) appointed as such in pursuance of Section 203 of the Act.
- viii. "Management Committee" means a committee of the Company comprising of members of Senior Management and KMPs.
- ix. "Rules" means the rules framed under the Act.
- x. "Remuneration" means any money or its equivalent given or passed on to any person for services rendered by him/ her and includes perquisites and other benefits.
- xi. **"Senior Management"** means the employees of the Company holding the position of Vice President or above , Company Secretary and Chief Financial Officer of the Company.

# 3. APPOINTMENT AND REMOVAL OF DIRECTORS, KMPs AND SENIOR MANAGEMENT PERSONNEL

# 3.1 Appointment Criterion and Qualifications:

- 3.1.1 A person proposed to be employed by the Company at Senior Management shall fulfil the following criterion:
  - a) He / she should be a person of integrity with high level of ethical standards.
  - b) The person should possess adequate qualification, positive attributes, expertise and experience commensurate with the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person are sufficient / adequate for the concerned position.
  - c) The person should not have been convicted by a court of law of any offence, whether involving moral turpitude or otherwise and sentenced in respect thereof to imprisonment for 6 months or more during last 5 years or imprisonment for 7 years or more at any point in time.
  - d) The person should possess all requisite qualifications (wherever applicable) as may be prescribed under any law, rules, regulations and Listing Regulations.
- 3.1.2 The persons proposed to be appointed as Directors and Managing Director or Whole Time Director shall fulfil the following criterion:
  - a) He / she should be person of integrity with high level of ethical standards.
  - b) The person should have requisite qualification and experience in any of the areas like technical, finance, law, public administration, management, accounting, marketing, production, human resource, etc., as may be required in the context of the business and operations of the Company. The Committee has discretion to decide whether the qualification, expertise and experience possessed by a person are sufficient / satisfactory for the concerned position.
  - c) The person should not have been disqualified to be a director as per the provisions of the Act, Rules and any other law and regulation for the time being in force.
  - d) In case of appointment as Independent Director, the person should fulfil the criterion of independence prescribed under the Act, Rules and the Listing Regulations.

# 3.2 Recommendation of the Committee:

Depending upon the requirement of the Company, the Committee shall identify the persons who fulfil the criterion mentioned above for appointment as Director, KMP or Senior Management personnel and recommend to the Board for such appointment including the Remuneration and terms of their appointment.

The Committee shall also recommend to the Board the increment and performance incentive of Managing Director and Whole Time Director of the Company.

The Committee shall approve the increment and performance incentive of Senior Management personnel.

Unless it is required to be determined by the Board or Committee in pursuance of any provision of law, rules or regulation, the terms of employment and Remuneration including increment, performance incentive, etc. of the employees (excluding Senior Management) are determined by the Management Committee of the Company.

# 3.3 Removal:

Due to reasons for any disqualification mentioned in the Act, Rules or under any other law, rules and regulations or Code of Conduct & Ethics of the Company, the Committee may recommend to the Board, removal of a Director, KMP or Senior Management personnel from the services of the Company, with the reasons recorded in writing. The removal of a Director, KMP or Senior Management personnel by the Board shall be subject to the provisions and in compliance of the Act, Rules and any other laws, rules and regulations, as may be applicable.

# 3.4 Retirement:

Unless removed by the competent authority,

- a) A Director including Managing Director and Whole Time Director, if any, shall retire as per the terms of his/her appointment.
- b) Senior Management personnel shall retire as per the prevailing retirement policy of the Company.
- c) The Board shall have the discretion to retain KMPs or Senior Management personnel on the same or similar position, remuneration or otherwise even after their attaining the age of superannuation, as it may deem fit, for the benefit of the Company.

# 4. REMUNERATION STRUCTURE & COMPONENTS

# 4.1 Managing Director and Whole Time Director:

The Managing Director including Whole-Time Director(s) shall be paid both fixed and variable components of Remuneration subject to the provisions of the Act, Rules and other laws, rules and regulations and the Listing Regulations. The variable component of Remuneration shall have a co-relationship with the performance of such a Director against a prescribed benchmark along with the factors such as financial performance of the Company. The Committee shall formulate and recommend to the Board from time to time Remuneration packages for Managing Director(s) and Whole-Time Directors keeping a balance between fixed and variable pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals including internal comparison amongst compensation of whole time directors and median employee pay. The Company has granted Employees Stock Options to the Managing Director. The Managing Director(s) and Whole-Time Directors are not entitled to sitting fee for attending Board Meetings.

# 4.2 Non-executive directors:

Non-executive Directors shall be paid adequate and reasonable sitting fee for attending meetings of the Board and Committees thereof subject to the maximum amount permissible under the Act and Rules. Subject to the adequacy of the profits and approval of the Shareholders, the Company may pay commission to the Non-Executive Directors of the Company.

The Board shall determine appropriate criterion for payment of commission to Non-Executive Directors which may include the time devoted by the directors for the business of the Company, contribution made by the director in the functioning of the Company, etc.

# 4.3 Other KMPs and Employees:

The payment structure, salary levels and policies pertaining to perquisites and benefits including retirement benefits are designed as per the industry practice, business needs or other factors related to the business of the Company.

The Human Resource Department undertakes review of the Remuneration through periodic benchmarking exercises, surveys and market trends. The various Remuneration components are combined to ensure an appropriate and balanced Remuneration package depending upon the level of employee, job profile, performance, future potential and other relevant variables.

The Remuneration of Senior Management personnel and other employees are based on the following fundamental principles:

- a) Demand-supply relationship of the concerned job expertise.
- b) Need of organization to retain and attract talent and its ability to pay.
- c) Employees' social aspiration for enhancing standard of living.
- d) Compensation trends in the industries in which the Company operates.

The compensation of Senior Management personnel comprises of fixed component as well as performance based incentives apart from perquisites and benefits including retirement benefits. While approving the increment and performance incentive of Senior Management personnel, the Committee shall strike a balance between fixed and variable pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

The Remuneration package of other employees depends upon the nature of business, job profile and other factors mentioned above. Apart from fixed component, the package may include one or more variable components such as performance based incentives, annual bonus, production linked bonus, etc., as the case may be.

The Company has also granted Employees Stock Options to the KMPs and employees above a certain level.

#### SECRETARIAL AUDIT REPORT

#### FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To, The Members, Chambal Fertilisers and Chemicals Limited CIN : L24124RJ1985PLC003293 Gadepan, District Kota, Rajasthan, PIN – 325208

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Chambal Fertilisers and Chemicals Limited** (hereinafter referred as 'the Company'), having its Registered Office at Gadepan, District Kota, Rajasthan - 325208. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended **March 31, 2018**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2018 according to the provisions of:

- I. The Companies Act, 2013 ('the Act') and the rules made thereunder;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 including the provisions with regard to disclosures and maintenance of records required under the said Regulations;
  - (b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 [Not Applicable as the Company has not issued further share capital during the financial year under review];
  - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
  - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 [Not Applicable as the Company has not issued and listed any debt securities during the financial year under review];
  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client [Not Applicable as the Company is not registered as Registrar to an Issue and Share Transfer Agent.];
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 [Not Applicable as the Company has not delisted/propose to delist its equity shares from any Stock Exchange during the financial year under review]; and
  - (h) The Securities and Exchange Board of India (Buy Back of Securities) Regulations, 1998 [Not Applicable as the Company has not bought back/propose to buy-back any of its securities during the financial year under review].
- VI. Other Laws applicable specifically to the Company are as follows:-
  - (a) The Essential Commodities Act, 1955
  - (b) The Fertilisers (Control) Order, 1985
  - (c) The Fertiliser (Movement Control) Order, 1973
  - (d) Insecticides (Price, Stock Display and Submission of Reports) Order,1986

- (e) The Insecticides Act, 1968 and The Insecticides Rules, 1971
- (f) The Seeds Act, 1966 and Rules framed thereunder
- (g) The Merchant Shipping Act, 1958
- (h) The Major Port Trusts Act, 1963
- (i) The Indian Ports Act, 1908
- (j) Dock Workers (Safety, Health and Welfare) Act, 1986
- (k) The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013
- (I) The Air (Prevention and Control of Pollution) Act, 1981
- (m) Water (Prevention and Control of Pollution) Act, 1974
- (n) The Environment (Protection) Act, 1986

#### We have also examined compliance with the applicable clauses of the following:

- 1. Secretarial Standards with respect to Meetings of the Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- 2. Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above.

#### We further report that

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice(s) were given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at
  least seven days in advance to all Directors and a system exists for seeking and obtaining further information and clarifications on the
  agenda items before the meeting and for meaningful participation at the meeting.
- Majority decision is carried through, while the dissenting members' views, if any, are captured and recorded as part of the minutes.
- As per the records, the Company filed all the forms, returns, documents and resolutions as were required to be filed with the Registrar of Companies and other authorities and all the formalities relating to the same is in compliance with the Act.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines including labour laws and other General Laws.

We further report that during the audit period the Company has following specific events/actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. referred to above:

#### **BUSINESS RESPONSIBILITY REPORT**

#### Introduction

Chambal Fertilisers and Chemicals Limited ("Company") believes that economic, social and environmental aspects need to be given adequate importance for sustainability of an organisation. The Company has a history of conducting its business in socially, environmentally and financially responsible manner to build a sustainable enterprise for the benefit of its present and future generations of stakeholders. The Company makes continuous efforts to make its operations energy efficient and environment friendly.

Indian farmer being its key stakeholder, the Company promotes sustainable farming practices and help the farmers in crop selection, soil nutrition and optimum use of fertilizers and other agri-inputs. Apart from this, the people residing in the areas nearby its plants are also important stakeholders. The Company's Corporate Social Responsibility programs and projects are designed to build a lasting social capital through interventions in the areas of rural development, healthcare, education including technical education, woman empowerment, etc. for the community at large.

The details of the initiatives taken by the Company from an environmental, social and governance perspective are as under:

#### Section E: Principle-wise Performance

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

| 1.     | Does the policy relating to ethics, bribery and corruption<br>cover only the Company? Yes/ No. Does it extend to the<br>Group/Joint Ventures/ Suppliers/ Contractors/ NGOs/<br>Others?                             | No.<br>The Code of Conduct and Ethics of the Company is applicable<br>to all the Directors and employees of the Company. The<br>Whistle Blower Policy, <i>inter-alia</i> , provides a mechanism to the<br>Directors and employees to report their genuine concerns and   |
|--------|--|--|
|        |  | grievances including those related to unethical behaviour,<br>actual or suspected fraud or violation of the Code of Conduct<br>and Ethics of the Company. The Whistle Blower Policy also<br>enables the other stakeholders to freely communicate their<br>concerns about illegal or unethical practices.   |
|        |  | The Company has in place a Supplier's Code of Conduct which<br>includes issues relating to ethics and bribery and the same<br>is normally shared with the concerned suppliers / service<br>providers.  |
| 2.     | How many stakeholder complaints have been received in the<br>past financial year and what percentage was satisfactorily<br>resolved by the management? If so, provide details thereof,<br>in about 50 words or so. | There was no complaint received during the year under the Whistle Blower Policy of the Company.  |
| Princi | ple 2: Businesses should provide goods and services that are   | safe and contribute to sustainability throughout their life cycle  |
| 1.     | List up to 3 of your products or services whose design has<br>incorporated social or environmental concerns, risks and/<br>or opportunities.   | The Company manufactures Urea which is major plant<br>nutrient and ensures food security in the country. The Urea<br>manufactured by the Company is neem coated which results<br>into slow release of nitrogen in the soil thereby reducing the<br>overall carbon footprint. The Company makes continuous<br>efforts to increase the energy efficiency of the manufacturing<br>plants and processes involved in the manufacture of Urea and<br>follows the 3R concept of the waste management i.e. Reduce,<br>Re-use and Re-cycle. |

|    | 1   | 1   |
|----|---|---|
| 2. | <ul> <li>For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):</li> <li>(a) Reduction during sourcing/ production/ distribution achieved since the previous year throughout the value chain?</li> </ul> | <ul> <li>(a) The Company has been able to reduce specific energy consumption in its Urea plants at Gadepan by 2.48 % as compared to previous year. The overall specific energy consumption for the year 2017-18 was 5.380 Gcal/MT of Urea as against 5.517 Gcal/MT of Urea during the previous year. Besides conserving precious natural resources like natural gas, the reduction in energy has also resulted in reduced greenhouse gas emissions. The major scope of energy efficiency and reduction of resource consumption was achieved through stable operation throughout the year and sourcing of technologically upgraded equipment in the process of repair and maintenance of the fertilizer plants. The Company observed slight increase (0.61%) in its water consumption in its Urea plants at Gadepan. Water consumption is slightly higher owing to construction activities of new Urea plant of the Company. The overall water consumption during the Financial Year 2017-18 in Gadepan plants was 4.94 M3/ MT of Urea as against 4.91 M3/ MT of Urea during the previous year.</li> <li>The Company uses only harvested rain water for its operations, drawn through anicuts constructed on river Kalisindh and Parvan. Almost 70% of the waste water is re-cycled back into the system and the balance is used in</li> </ul> |
|    | (b) Reduction during usage by consumers (energy, water)<br>has been achieved since the previous year?   | <ul> <li>the irrigation network within the complex.</li> <li>(b) The Company has not developed mechanisms to track resource usage at the consumer end. The Company's products are mainly consumed by farmers and the Company engages with them to create awareness on sustainable agriculture and optimum use of fertilisers.</li> </ul>  |
| 3. | Does the Company have procedures in place for sustainable<br>sourcing (including transportation)?<br>(a) If yes, what percentage of your inputs was sourced<br>sustainably? Also, provide details thereof, in about 50<br>words or so.  | Yes.<br>Considerable emphasis is laid on procurement of all<br>equipment and materials from approved/reputed vendors<br>with best credentials only. Procedure has been laid out for<br>vendor registration as well as continual annual assessment<br>of contractors and vendors. Local vendors are given equal<br>opportunity but they have to be competitive and also supply<br>material as per desired quality standards and specifications.<br>For items of regular consumption, the Company has long term<br>contracts so that suppliers can plan their production capacities.<br>The Supplier's Code of Conduct encourages the suppliers<br>and service providers to provide safe and healthy working<br>conditions to their employees and comply with the existing<br>laws concerning the protection of the environment and,<br>wherever possible, adopt environment friendly technologies.<br>The natural gas is the main raw material for production of<br>Urea. The Company has long term supply arrangements with<br>large suppliers in the country to source major part of natural<br>gas requirements of the Company. The fertiliser plants of the<br>Company are connected to a dedicated natural gas pipeline to<br>ensure uninterrupted supply.  |

| 7.     | Please indicate the Number of complaints relating to<br>child labour, forced labour, involuntary labour, sexual<br>harassment in the last financial year and pending, as on the<br>end of the financial year.  | NIL  |
|--------|--|--|
| 6.     | What percentage of your permanent employees is members of this recognized employee association?  | Not Applicable   |
| 5.     | Do you have an employee association that is recognized by management   | There was no employee association in the Company as on March 31, 2018.   |
| 4.     | Please indicate the Number of permanent employees with disabilities  | NIL  |
| 3.     | Please indicate the Number of permanent women employees.   | 19   |
| 2.     | Please indicate the total number of employees hired on temporary/contractual/casual basis.   | As on March 31, 2018, there were 1442 employees hired on temporary/contractual/casual basis excluding the contractual / temporary personnel engaged in the new Urea Plant of the Company which is under construction.  |
| 1.     | Please indicate the total number of employees.   | As on March 31, 2018, there were 1010 permanent employees of the Company.  |
| Princi | ple 3: Businesses should promote the wellbeing of all employ   | yees   |
|        |  | plants. Newly installed Reverse Osmosis – Zero Liquid Discharge<br>plant is ready for operation and will significantly reduce fresh<br>water consumption at Gadepan.   |
|        |  | Almost 100% of condensate is recycled back to the system.<br>Further, the effluents generated from Demineralization Plant<br>regenerations, cooling tower blow downs, oil separator, etc are<br>diverted to the Effluent Treatment Plant where they are mixed<br>together and stored in large holding ponds for irrigation of<br>green belt. The Company has also set up a sewage treatment<br>plant which treats sanitary waste-water from the township and   |
|        |  | Hazardous waste generated out of the operations are disposed<br>through authorized recyclers and non-hazardous waste are<br>disposed through either composting or approved recyclers or<br>processors.   |
| 5.     | Does the Company have a mechanism to recycle products<br>and waste? If yes what is the percentage of recycling of<br>products and waste (separately as <5%, 5-10%, >10%).<br>Also, provide details thereof, in about 50 words or so.                                   | Yes. The Company follows the concept of 3Rs (Reduce, Reuse<br>and Recycle) for waste management. The Company has<br>adopted best practices to manage waste disposal through a<br>comprehensive waste management system under the Health,<br>Safety, Security, Environment & Quality Policy. The Company<br>is continually trying towards achieving higher levels of waste<br>management efficiency.  |
| 4.     | Has the Company taken any steps to procure goods<br>and services from local & small producers, including<br>communities surrounding their place of work? If yes,<br>what steps have been taken to improve their capacity and<br>capability of local and small vendors? | Yes.<br>Over the years, the Company has promoted local contractors<br>and service providers and provided them work opportunities.<br>The Company also encourages partners and suppliers to use<br>services of local vendors wherever possible. Additionally, the<br>Company has also promoted skills and livelihood development<br>in the neighboring community through various training<br>and community development programs. The Company has<br>also established four Vocational Training Centres for skill<br>development and improving the employability of youth. The<br>Company engages the rural youth trained from these centres<br>wherever possible in jobs like plumbing, electrician, driving, etc. |

| 8.    | What percentage of your under mentioned employees were given safety and skill up-gradation training in the last  | Group   | Percentage received<br>training  |

Under the Education initiatives, the Company has<br>started a process to gradually reduce its involvement so that<br>the concerned institutions gradually start running on self-<br>sustainable basis and Company can expand its CSR footprint in<br>other areas. |
| Princi | ple 9: Businesses should engage with and provide value to th  |   |
| 1.     | What percentage of customer complaints/consumer cases are pending as on the end of financial year.  | 21%   |
| 2.     | Does the Company display product information on the<br>product label, over and above what is mandated as per<br>local laws? Yes/ No/ N.A. /Remarks (additional information)   | No  |
| 3.     | Is there any case filed by any stakeholder against the<br>Company regarding unfair trade practices, irresponsible<br>advertising and/or anti-competitive behaviour during the<br>last five years and pending as on end of financial year. If so,<br>provide details thereof, in about 50 words or so. | Five cases / complaints filed by dealers / sub-dealers and two cases filed by the suppliers in the courts during last five years, mainly related to commercial disputes, were pending as on March 31, 2018. The Company was contesting these cases / complaints at appropriate forums.  |
| 4.     | Did your Company carry out any consumer survey/<br>consumer satisfaction trends?  | No consumer / customer satisfaction survey was carried out<br>during the financial year 2017-18. However, the Company<br>regularly engages with its customers for their feedback through<br>retailer / dealer meetings, Uttam helpline and farmers meets.   |

## INDEPENDENT AUDITOR'S REPORT

#### To the Members of Chambal Fertilisers and Chemicals Limited

#### **Report on the Standalone Financial Statements**

 We have audited the accompanying standalone financial statements of Chambal Fertilisers and Chemicals Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Ind AS Financial Statements").

#### Management's Responsibility for the Standalone Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS Financial Statements to give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) made under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

- 3. Our responsibility is to express an opinion on these Standalone Ind AS Financial Statements based on our audit.
- 4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
- 5. We conducted our audit of the Standalone Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements are free from material misstatement.
- 6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS Financial Statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS Financial Statements.
- 7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

#### Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its total comprehensive income (comprising of profit and other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

#### **Other Matter**

9. The Standalone Ind AS Financial Statements of the Company for the year ended March 31, 2017, were audited by another firm of chartered accountants under the Companies Act, 2013 who, vide their report dated May 20, 2017, expressed an unmodified opinion on those financial statements. Our opinion is not qualified in respect of this matter.

#### **Report on Other Legal and Regulatory Requirements**

- 10. As required by the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 11. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
  - (e) On the basis of the written representations received from the Directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls with reference to Standalone Ind AS Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B.
  - (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
    - i. The Company has disclosed the impact, if any, of pending litigations as at March 31, 2018 on its financial position in its Standalone Ind AS Financial Statements Refer Note 25(i) of the Standalone Ind AS Financial Statements.
    - ii. The Company has long-term contracts including derivative contracts as at March 31, 2018 for which there were no material foreseeable losses.
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2018.
    - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2018.

#### For Price Waterhouse Chartered Accountants LLP Firm Registration Number: 012754N/N500016

Place : New Delhi Date : May 10, 2018 Anupam Dhawan Partner Membership Number: 084451

#### Annexure A to Independent Auditor's Report

Referred to in paragraph 10 of the Independent Auditor's Report of even date to the members of Chambal Fertilisers and Chemicals Limited on the Standalone Ind AS Financial Statements as of and for the year ended March 31, 2018

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
  - (b) The fixed assets have been physically verified by the Management during the year based on a phased programme of verifying all the assets over a period of two years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies have been noticed on such verification carried out during the year.
  - (c) The title deeds of immovable properties, as disclosed in Note 3 on fixed assets to the financial statements, are held in the name of the Company, except for one office premises having carrying value of Rs.384.50 Lakhs, freehold land having carrying value of Rs.0.89 lakh and leasehold land having carrying value of Rs.31.69 lakhs as at March 31, 2018 whose title deeds are not in the Company's name.
- ii. The physical verification of inventory, excluding stocks with third parties, have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. No material discrepancies were noticed on such physical verification of inventory as compared to book records.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has not advanced loans to directors including entities in which directors are interested to which provisions of Section 185 of the Companies Act, 2013 apply. In our opinion and according to the information and explanations given to us, provisions of Section 186 of the Companies Act, 2013 in the respect of loans and advances given, investments made, guarantees and securities given have been complied with by the Company.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products.

We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of these records with a view to determine whether they are accurate or complete.

- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income tax, works contract tax, professional tax and service tax and is regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, sales tax, duty of customs, duty of excise, value added tax, cess, goods and service tax with effect from July 1, 2017 and other material statutory dues, as applicable, with the appropriate authorities.
  - (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of goods and service tax which have not been deposited on account of any dispute. The particulars of dues of income tax, sales tax, service tax, duty of customs, duty of excise and value added tax, which have not been deposited on account of a dispute, are as follows:

\*Amount under dispute is net of advance deposited, if any.

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank as at the balance sheet date. Further, the Company did not have any outstanding debentures and loan from government during the year.
- ix. In our opinion, and according to the information and explanations given to us, the moneys raised by way of term loans have been applied for the purposes for which they were obtained. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standards (IndAS) 24, Related party disclosures specified in the Companies (Indian Accounting Standards) Rule, 2015 (as amended) under Section 133 of Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

#### Annexure B to Independent Auditor's Report

Referred to in paragraph 11 of the Independent Auditors' Report of even date to the members of Chambal Fertilisers and Chemicals Limited on the Standalone Ind AS Financial Statements for the year ended March 31, 2018

#### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of Chambal Fertilisers and Chemicals Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's Responsibility

- 3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

#### 1. Corporate Information

Chambal Fertiliser and Chemicals Limited (the 'Company') is a public company domiciled in India and has been incorporated under the provisions of the Companies Act, 1956. Its equity shares are listed on two recognised stock exchanges in India. The registered office of the Company is located at Gadepan, District Kota, Rajasthan, PIN- 325208. The Company is a large manufacturers of Urea in private sector in India and also deals in other fertilisers and Agri inputs ('Fertiliser Division'). Shipping Division (classified as discontinued operations, refer note 45(A)) of the Company was engaged in the business of running of ships for cargo for part of the year. The Company had executed agreement in May, 2017 for sale of all the 4 ships owned by the Company. With the delivery of the last ship of the Company in September 07, 2017, the Company had completed sale / disposal of all the ship forming part of the Shipping Division and ceased to have Shipping business operations. Further, the Company is in the process of setting up a new Urea plant under the New Investment Policy 2012 (amended) of the Government of India at its existing plant location at Gadepan, District Kota (Rajasthan).

These financial statements were authorised for issuance by the Board of Directors of the Company at its meeting held on May 10, 2018.

#### 2. Significant Accounting Policies

#### 2(a) Basis of Preparation

The separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2017. The Company has prepared these financial statements to comply in all material respects with the Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act").

The financial statements have been prepared on an accrual basis and under the historical cost basis, except for the following material items those have been measured at fair value as required by relevant Ind AS:

- Derivative financial instruments;
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefit plans and other long-term employee benefits;
- Share-based payment transactions;
- Investment in debt instruments (i.e. preference shares).

The financial statements of the Company are presented in Indian Rupee (Rs.) and all values are presented in Lakhs (Rs. 00,000.00), except when otherwise indicated.

#### 2 (b) Summary of significant Accounting Policies

#### i) Basis of classification of Current and Non-Current

Assets and Liabilities in the balance sheet have been classified as either current or non-current.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

#### ii) Foreign Currency Translation

#### (a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupees (Rs.), which is Company's functional and presentation currency, except in case of Shipping Division of the Company which had determined United States Dollars (USD) as its functional currency

and therefore it had been categorised as a foreign operation. During the previous year, the Company had classified Shipping Division as a discontinued operations. During the current year, all the ships has been sold, and the operations of this division has been ceased. Accordingly the books of Shipping Division has been prepared in INR.

#### (b) Initial recognition

Transactions in foreign currencies are recorded in the functional currency, by applying to the foreign currency amount, the exchange rate between the functional currency and the foreign currency at the date of the transaction.

#### (c) Conversion

Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items that are measured in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the initial transaction. Non-monetary items, measured at fair value denominated in a foreign currency are, translated using the exchange rates that existed when the fair value was determined.

#### (d) Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss. Also refer note 2(b)(xv) below.

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in other comprehensive income (OCI) or profit and loss are also recognised in OCI or profit and loss, respectively).

#### (e) Translation of a foreign operations

The results and financial position of a foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each balance sheet presented (i.e. including comparatives) are translated at the closing rate at the date of that balance sheet;
- (ii) income and expenses for each statement of profit and loss presented (i.e. including comparatives) are translated at average exchange rates; and
- (iii) all resulting exchange differences have been recognised in other comprehensive income.

On disposal of a foreign operations, the associated exchange differences are re-classified to profit or loss, as part of the gain or loss on disposal. During the current year, the Company has reclassified an amount of Rs.322.76 Lakhs on sale of all the ships of Shipping Division.

Cumulative currency translation differences for a foreign operations were deemed to be zero at the date of transition, viz., April 01, 2015. Gain or loss on a subsequent disposal of any foreign operations excludes translation differences that arose before the date of transition and includes only translation differences arising after the date of transition.

#### iii) Derivative financial instruments

#### Initial recognition and subsequent measurement

Derivatives are initially recognised at fair value and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gains / losses are recognised in the Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of recognition in profit or loss / inclusion in the initial cost of non-financial asset depends on the nature of the hedging relationship and the nature of the hedged item. The Company complies with the principles of hedge accounting where derivative contracts are designated as hedge instruments. At the inception of the hedge relationship, the Company documents the relationship between the hedging instrument and the hedged item, along with the risk management objectives and its strategy for undertaking hedge transaction.

The Company has designated certain derivatives as hedge of foreign exchange risk associated with the cash flows of highly probable forecast transactions with borrowings.

#### Cash flow hedges

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the other comprehensive income and accumulated as 'Cash Flow Hedging Reserve'. The gains / losses relating to the ineffective portion is recognised in the Statement of Profit and Loss.

Amounts previously recognised and accumulated in OCI are reclassified to profit or loss when the hedged item affects

the Statement of Profit and Loss. However, when the hedged item results in the recognition of a non-financial asset, such gains / losses are transferred from equity (but not as reclassification adjustment) and included in the initial measurement cost of the non-financial asset.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gains/losses recognised in OCI and accumulated in equity at that time remains in equity and is reclassified when the underlying transaction is ultimately recognised. When an underlying transaction is no longer expected to occur, the gains / losses accumulated in equity is recognised immediately in the Statement of Profit and Loss.

#### iv) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operations.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration, if any.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

#### v) Non-current assets held for sale and discontinued operations

Non-current assets (or disposal group) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. The criteria for held for sale is regarded met only when

the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sale of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned.

Non-current assets held for sale are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operations is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,

- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

Discontinued operations are excluded from the results of continuing operations and are presented as profit or loss before / after tax from discontinued operations in the statement of profit and loss.

Additional disclosures are provided in note 45(A). All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

#### vi) Property, plant and equipment ("PPE")

PPE are stated at cost, except PPE of the Shipping Division, net of accumulated depreciation and accumulated impairment losses, if any. Ships of Shipping Division are measured at fair value and for other items of PPE of the Shipping Division, Ind AS- 16 has been applied retrospectively. The cost comprises purchase price, including import duties and non-refundable purchase taxes, borrowing costs if recognition criteria are met and any directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of PPE is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost. Otherwise, such items are classified as inventories.

Ships of Shipping Division are measured at fair value less accumulated depreciation and impairment losses recognized at the date of revaluation.

Gains or losses arising from derecognition of the assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

#### vii) Depreciation on property, plant and equipment

Depreciation on PPE is calculated using the straight-line method as per the useful lives of the assets estimated by the management based on technical evaluation, which are equal to the useful life prescribed under Schedule II to the Companies Act, 2013, other than the cases as mentioned in para (i) to (v) below where the useful lives are different from those prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

A major portion of the plant and equipment of Fertiliser and other Agri-input Division of the Company has been considered as continuous process plant.

| S. No. | Assets   | Useful lives  |
|--------|--|---|
| (i)    | - Leasehold Land<br>- Leasehold Improvements<br>- Assets under finance lease | Amortised over 99 Years<br>Ranging from 4 to 15 Years<br>Ranging from 3 to 9 Years<br>These assets are amortised over the period of respective leases or useful<br>lives of assets, whichever is lower. |
| (ii)   | Plant and equipment of<br>Fertiliser Division                                | Over their useful lives ranging from 1 to 35 years  |
| (iii)  | Insurance / capital / critical stores and spares                             | Over the remaining useful life of related plant and equipment or useful life of insurance / capital / critical spare part, whichever is lower.  |
| (iv)   | Vehicles   | Depreciated over 5 years. After the expiry of 5 years, the vehicle gets normally replaced.  |
| (v)    | Railway siding   | 25 years based on technical evaluation that the railway siding is currently in use.   |

Assets costing below Rs. 5,000 are depreciated in the year of purchase.

The residual values, useful lives and methods of depreciation of PPE are reviewed at each financial year end and adjusted prospectively, if appropriate.

### viii) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets with finite lives are amortised on a straight line basis over the estimated useful economic life. Software is the acquired intangible asset:

Management of the Company assessed the useful life of software as finite and cost of software is amortized over their estimated useful life of five years on straight line basis.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS-8 "Accounting Policies, Changes in Accounting Estimates and Errors".

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### ix) Impairment of non-financial assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. In case events which caused impairment initially ceases to exist, impairments are only reversed to the extent that increased carrying amount of the asset does not exceed the carrying amount that would have been in place had there been no impairment carried out in the first place, taking into account the normal depreciation/ amortization.

### x) Leases

A lease is classified at the inception date as a finance lease or an operating lease.

Finance leases, where as a lessee, the Company has substantially all risks and rewards of ownership, are capitalised at inception of the lease term at the lower of the fair value of the leased property and present value of minimum

lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liability as appropriate. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss over the period of lease. Lease management fees, legal charges and other initial direct costs are capitalized.

Leases, where the lessor effectively retains substantially all the risks and rewards of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

### xi) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### (a) Financial assets

### Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

### Subsequent measurement

### Debt Instruments-

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. For the purposes of subsequent measurement, debt instruments are classified in the following three categories:

- Debt instruments at amortised cost; and
- Debt instruments at fair value through other comprehensive income (FVTOCI); and
- Debt instruments at fair value through profit or loss (FVTPL).

### Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

### Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

# Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

## **Equity Instruments**

For the purposes of subsequent measurement, equity instruments are classified in two categories:

- -Equity instruments at fair value through profit or loss (FVTPL); and
- -Equity instruments measured at fair value through other comprehensive income (FVTOCI)

All equity investments are measured at fair value. The Company may make an irrevocable election to present in OCI subsequent changes in the fair value. The Company makes such election on an instrument -by-instrument basis. The classification is made on initial recognition and is irrevocable. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

### Investment in subsidiaries and joint venture

Investment in subsidiaries and joint venture is carried at deemed cost in the separate financial statements, except in case of investment in preference shares (debt instrument) of a subsidiary company which is carried in accordance with Ind AS 109 'Financial Instruments'.

# Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired; or

- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

### Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

# (b) Financial liabilities

### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives. All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss (FVTPL) include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 'Financial instruments'.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

### Loans and borrowings

After initial recognition at fair value net of transaction cost, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

### **Financial guarantee contracts**

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 109 'Financial instruments' and the amount initially recognised less cumulative amortisation, where appropriate. The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another financial liability on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### xii) Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

### xiii) Dividend to equity holders of the Company

The Company recognises a liability to make dividend distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

### xiv) Inventories

### Inventories are valued as follows:

| Spares and Lubricants*  | Lower of cost and net realisable value. Cost is determined on weighted average basis.  |
|---|--|
| Raw materials, Packing<br>materials, other stores and<br>spares | Lower of cost and net realisable value. However, materials and other items held for use<br>in the production of finished goods are not written down below cost if the finished<br>products in which they will be incorporated are expected to be sold at or above cost.<br>Cost is determined on a weighted average basis. |
| Catalyst in Use   | At depreciated cost on the basis of amortization over their estimated useful lives ranging from two to fifteen years as technically assessed.  |
| Loose Tools   | At depreciated cost arrived at on the basis of amortization over a period of three years.  |
| Work in Process and<br>Finished goods                           | Lower of cost and net realisable value. Cost includes direct materials, labour and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a weighted average basis.   |
| Traded products   | Lower of cost and net realisable value. Cost includes the cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.   |

\* included under the inventory of stores and spares.

Cost includes the necessary cost incurred in bringing inventory to its present location and condition necessary for use. Net Realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### xv) Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing costs include interest and amortisation of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is de-capitalised from the qualifying assets.

## xvi) Revenue Recognition and Other Income

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The following specific criteria must also be met before revenue is recognised. The Company bases its estimate on historical precedences taking into consideration the type of customer, transaction and specifics of the environment it operates in:

# (a) Sale of goods

Revenue, including subsidy, in respect of sale of products is recognised when the significant risks and rewards of ownership of the goods are passed on to the buyer. Amounts disclosed as revenue are inclusive of excise duty and net of returns and allowances, trade discounts, rebates and goods & service tax (GST). The Company has assumed that recovery of excise duty flows to the Company on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Company on its own account, revenue includes excise duty. The Company collects sales tax, GST and value added tax ("VAT") on behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, these are excluded from the revenue.

Subsidy on Urea including freight have been accounted on the basis of notified concession prices as under:

- (i) New Pricing Scheme (NPS) Stage III and Modified NPS III
- (ii) New Urea Policy 2015

(iii) Uniform Freight Policy

The concession price and freight is accounted based on notified prices, further adjusted for input price escalation/ de-escalation and as estimated by the management based on the prescribed norms in line with known policy parameters.

Subsidy on Phosphatic and Potassic (P&K) fertilizers is recognized as per concession rates notified by the Government of India in accordance with Nutrient Based Subsidy Policy from time to time and Freight subsidy has been accounted for in line with the policy.

Subsidy on City Compost is recognized based on rates, as notified by the Government of India.

# (b) Income from operations of ships

In respect of voyage charter, revenue is recognized on proportionate number of days of respective voyage. In case of time charter (including cost plus charter), revenue is recognized on time proportion basis. Bunker is recognized on actual quantity consumed. Dispatch money / demurrage is considered as part of freight.

### (c) Interest income

Interest income from debt instruments measured at amortised cost, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial assets to the gross carrying amount of the financial asset. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

### (d) Dividend

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

### (e) Insurance claims

Claims receivable on account of insurance are accounted for to the extent the Company is reasonably certain of their ultimate collection.

### xvii) Retirement and other employee benefits

(a) Retirement benefit in the form of Provident Fund is a defined benefit obligation of the Company and is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year. The difference between the actuarial valuation of the provident fund of employees at the year-end and the balance of own managed fund is provided for as liability in the books. Any excess of plan asset over projected benefit obligation is ignored as such surplus is distributed to the beneficiaries of the trust.

Pension Fund of the Company is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.

- (b) Superannuation Fund is a defined contribution scheme. Liability in respect of Superannuation Fund to the concerned employees of the Company is accounted for as per the Company's Scheme and contributed to Life Insurance Corporation of India / ICICI Prudential Life Insurance Company Limited every year. The Company does not have any other obligation, other than the contribution payable to the superannuation fund. The Company recognizes contribution payable to the superannuation fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.
- (c) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Gratuity plan of the Company is funded with insurance companies to cover the gratuity liability of the employees. The difference between the actuarial valuation of the gratuity of employees at the year-end and the balance of funds with insurance companies is provided for as liability in the books.
- (d) Retirement benefit in the form of post-retirement medical benefits is a defined benefit obligation in case of Fertiliser Division of the Company and is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.
- (e) Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.
- (f) The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.
- (g) Long Service Awards: Long service awards are other long-term benefits accruing to the eligible employees, as per Company's scheme. The cost of providing benefit under long service awards scheme is determined on the basis of actuarial valuation using the projected unit credit method at the reporting date. This is unfunded defined benefit scheme.
- (h) Settlement allowance: Settlement allowance are other long-term benefits accruing to the eligible employees, as per Company's scheme. The cost of providing benefit under settlement allowance is determined on the basis of actuarial valuation using the projected unit credit method at the reporting date. This is unfunded defined benefit scheme. The present value of the defined benefit obligation is determined by discounting the estimated future cash

outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in OCI and such re-measurement gain / loss are not reclassified to the statement of profit and loss in the subsequent periods. They are included in retained earnings in the statement of changes in equity.

### xviii) Income Taxes

Tax expense or credit comprises of current income tax and deferred tax. Current income-tax expense or credit is measured at the amount expected to be paid to the taxation authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of taxable temporary differences associated with investments in subsidiaries and interest in joint venture, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are off-set if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### xix) Segment Reporting Policies

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Chief operating decision maker review the performance of the Company according to the nature of products manufactured, traded and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the locations of customers.

### Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting financial statements of the Company as a whole.

### xx) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

### xxi) Contingent assets and liabilities

A contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise.

A contingent asset is a possible asset that arises from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

### xxii) Share-based payments

Share-based compensation benefits are provided to employees via the Company's Employee Stock Option Scheme. The fair value of options granted under the Employee Stock Option Scheme of the Company is recognised as an employee benefits expense with a corresponding increase in equity. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

### xxiii) Treasury shares

The Company has created CFCL Employees Welfare Trust ('ESOP Trust') for providing share-based payment to its employees. The Company uses Trust as a vehicle for distributing shares to employees under the Employee Stock Option Scheme. The ESOP Trust has bought shares of the Company from the market, for giving shares to employees. The Company treats ESOP Trust as its extension and shares held by ESOP Trust are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are satisfied with treasury shares.

### xxiv) Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

# Standards issued but not yet effective

### **Recent Accounting pronouncements**

On March 28, 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying amendments to Ind AS 21, 'The Effects of Changes in Foreign Exchange Rates' and Ind AS 115, 'Revenue from Contracts with Customers.' The amendments are applicable to the Company from April 01, 2018.

### (i) Amendment to Ind AS 21

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company is evaluating the requirements of the amendment and the effect on the financial statements will be given in due course.

### (ii) Amendment to Ind AS 115

Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The standard permits following two possible methods of transition: • Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors • Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach). The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018. The Company is evaluating the requirements of the amendment and the effect on the financial statements will be given in due course.

# NOTES ANNEXED TO AND FORMING PART OF THE BALANCE SHEET AS AT MARCH 31, 2018

a) Reconciliation of the Shares Outstanding at the beginning and at the end of the Reporting Periods

There is no movement in the equity shares outstanding at the beginning and at the end of the reporting periods.

b) Terms / Rights attached to Equity Shares-

The Company has only one class of shares having a par value of Rs.10 per share fully paid up. Each holder of equity shares is entitled to one vote per share and the equity shares will rank pari passu with each other in all respects. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after payment of all liabilities.

# c) Details of Shareholders holding more than 5% shares in the Company

**Description of Nature and Purpose of each Reserve** 

(a) Securities Premium: Securities Premium represents amount received on issue of shares in excess of the par value.

(b) Retained Earnings: Retained earnings comprises of prior years undistributed earnings after taxes.

(c) General Reserve: This represents appropriation of profit by the Company. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

(d) Treasury Shares: Treasury shares represents equity shares of the Company acquired by CFCL Employees Welfare Trust from the secondary market to allocate or transfer these shares to eligible employees of the Company from time to time on the terms and conditions specified under the CFCL Employees Stock Option Scheme.

(e) Loss on Treasury Shares: Loss on treasury shares acquired represents the amount of loss incurred by CFCL Employees Welfare Trust, on the transfer of equity shares to the eligible employees of the Company as per CFCL Employees Stock Option Scheme.

(f) Capital Reserve: Capital reserve represents the amount on account of forfeiture of equity shares of the Company.

(g) Capital Redemption Reserve: Capital redemption reserve represents reserve created on redemption of preference shares.

(h) & (i) Tonnage Tax Reserve and Tonnage Tax Reserve (utilised) under Section 115VT of the Income Tax Act, 1961 : These reserves were created till the time 'Shipping Division' was under Tonnage Tax Regime.

(j) Share Option Outstanding Account: The share option outstanding account is used to recognise the grant date fair value of options issued to employees under the CFCL Employees Stock Option Scheme, 2010. Refer to note 35 for further details of the plan.

(k) Exchange Differences on Translation of Foreign Operation: Exchange differences arising on translation of foreign operation are recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the foreign operations are disposed off.

(I) Cash Flow Hedging Reserve: The Company uses hedging instrument as part of its management of foreign currency risk associated with its highly probable forecast sale. Foreign currency risk associated with highly forecasted sale transaction is being hedged by taking foreign currency loan.

(Rs. in Lakhs)

- v) The Company had received a demand of Rs.352.34 Lakhs (Previous year: Rs.352.34 Lakhs) from Sales Tax Department, Kota in an earlier year, which also includes penalty, towards use of natural gas for ammonia fuel, power and steam generation for the period April, 1996 to May, 2001. The Company has obtained a stay from Hon'ble High Court of Rajasthan, Jodhpur on 13th July, 2001. However, in the event of the Company having to pay the above, it is reimbursable by Fertiliser Industry Coordination Committee (FICC) / Government of India under Subsidy Scheme.
- vi) The Company as well as other users of natural gas under HBJ Gas Pipeline had in earlier years received letters from GAIL (India) Limited, informing about the possibility of levy of excise duty on natural gas (presently not levied) with retrospective effect. The amount of such levy is not ascertainable. However, in the event of its levy, it is reimbursable by FICC under Subsidy Scheme.
- vii) The Company as well as other users of Natural Gas under HBJ Gas Pipeline had received a letter in an earlier year from GAIL (India) Limited informing about the possibility of levy of Central Sales Tax. The Company has been taking the delivery of Gas in the State of Rajasthan and has been accordingly paying Rajasthan Sales Tax on the supply. Therefore, the Company feels that no Central Sales Tax is payable by it. Further, the amount of such levy is not ascertainable. However, in the event of its levy, it is reimbursable by FICC under Subsidy Scheme.

viii) Under the Jute Packaging Material (Compulsory use of Packing Commodities) Act, 1987, a specified percentage of fertilisers dispatched were required to be supplied in Jute bags up to August 31 2001. The provisions of the said Act were challenged in the Supreme Court which upheld the constitutional validity of this Act in its judgment in 1996. In spite of making conscious efforts to step up use of jute packaging material, the Company had been unable to adhere to the specified percentage, due to strong customer resistance to use of jute bags. The Company had received show cause notice from the Office of the Jute Commissioner, Kolkata, for levying a penalty of Rs.7380.36 Lakhs (Previous year Rs.7380.36 Lakhs) for non compliance of the provisions of the said Act. The Company has obtained a stay order from Delhi High Court against the above show cause notice and on the basis of the stay order the Company is of the view that the said levy is not tenable in law and accordingly no provision has been considered.

Based on favorable decisions in similar cases legal opinion taken by the Company discussions with the solicitors etc. the Company believes that there is fair chance of decisions in its favour in respect of all the items listed in (B) (i) to (viii) above and hence no provision is considered necessary against the same.

### (ii) Contingent assets (not recognised for) in respect of :

| Particulars               | As at<br>March 31, 2018 | As at<br>March 31, 2017 |
|---------------------------|-------------------------|-------------------------|
| Un-utilised cenvat credit | 320.07                  | 393.40                  |

The Shipping Division (now discontinued) of the Company have been claiming cenvat credit in the service tax returns. However, the division has not recognised such service tax credit receivable in the financial statements due to uncertainty in utilisation of the same.

### 26. Capital Commitments

| Particulars   | As at<br>March 31, 2018 | As at<br>March 31, 2017 |
|---|-------------------------|-------------------------|
| Estimated amount of contracts remaining to be executed on capital account (net of advances) | 133996.41               | 352405.55               |

## 27. Capitalisation of Expenditure

The Company has capitalised the following expenses of revenue nature to the cost of Capital Work in progress (CWIP). Consequently expenses disclosed under the respective notes are net of amounts capitalised by the Company. The break up of expenditure is as follows :

| (Ks. in Lak  |                |                |  |

\* Nil (Previous year Rs.177.07 Lakhs) included in 'Liabilities directly associated with assets classified as held for sale' in respect of Shipping Division of the Company classified as held for sale and Discontinued Operations (refer note 45(A).

\*/\*\* Plan asset of Rs.312.31 Lakhs {Previous year Rs.345.80 Lakhs (including Rs.197.83 Lakhs pertaining to Shipping Division classified as held for sale and Discontinued Operations) has not been recognised in the financial statements, as the surplus of the trust, is distributable among the beneficiaries of the provident fund trust.

### a) Gratuity

In case of Fertiliser Division, the Company has a defined benefit gratuity plan. Benefit is being paid as under-

- A) In case of retirement or death of an employee while in service of the Company, the gratuity will be payable as under:
  - i) Completed continuous service of 5 years and above upto 20 years gratuity equivalent to 15 days last drawn salary for each completed year of service.
  - ii) Completed continuous service of above 20 years gratuity equivalent to 15 days last drawn salary for first 20 years and 20 days last drawn salary for each completed year of service after 20 years.
- B) In case of resignation or termination of an employee, where the employee has completed 5 years of continuous service with the Company, gratuity equivalent to 15 days last drawn salary for each completed year of service shall be payable.

The Scheme is funded with insurance companies in the form of a qualifying insurance policies. The fund has the form of a trust and it is governed by the Board of Trustees.

In case of Shipping Division, Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure @ 15 to 30 days salary (last drawn salary) for each completed year of service. The Scheme is funded with insurance companies in the form of a qualifying insurance policies except in the case of crew employees of the division. The fund has the form of a trust and it is governed by the Board of Trustees.

### b) Post Retirement Medical Benefit Plan

The Fertiliser Division of the Company has post retirement medical benefit schemes in the nature of defined benefit plan which is unfunded.

### c) Provident Fund

The Company has set up provident fund trusts, which are managed by the Company. Provident funds set up by employers, which requires interest shortfall to be met by the employer, needs to be treated as defined benefit plan. The actuarial valuation of Provident Fund was carried out in accordance with the guidance note issued by Actuarial Society of India for measurement of provident fund liabilities and there is no shortfall as at March 31, 2018.

The Board of Trustees of Gratuity Trust and Provident Fund Trust are responsible for the administration of the plan assets and for the definition of the investment strategy. The Board of Trustees reviews the level of funding and investment and such a review includes the asset-liability matching strategy and investment risk management policy.

The Board of Trustees decides its contribution based on the results of its review. Generally, it aims to have a portfolio mix of equity instruments and debt instruments. Investments of Provident Fund Trust is being governed by the rules issued by the Ministry of Labour, Government of India for Employee Provident Fund exempted establishment.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the respective plans:

| Sensitivity Level                                   | 0.50% increase            | 0.50% decrease | 0.50% increase | 0.50% decrease  |
| Impact on Defined Benefit Obligation (Rs. in Lakhs) | 23.76                     | (22.94)        | (22.08)        | 23.18           |

Sensitivities due to mortality & withdrawals are not material and hence impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 14.10 years (Previous year : 14.43 years).

# Investment Pattern in Plan Assets:

### 31. Subsidies

(a) Nitrogenous Fertilizers are under the Concession Scheme including freight as per the New Urea Policy 2015 and Uniform Freight Policy. The concession price and freight has been accounted for on the basis of notified prices further adjusted for input price escalation/ de-escalation and as estimated by the management based on the prescribed norms in line with known policies parameters.

Contribution from sale of surplus ammonia has been accounted for in accordance with the known policy parameters.

Current year's subsidy income of Urea is inclusive of (Rs.593.87 Lakhs) (Previous year : Rs.647.54 Lakhs) being the subsidy income, pertaining to earlier years, but determined during the year.

- (b) Subsidy on traded fertilisers (other than Gypsum) has been accounted for as per concession rates based on Nutrient Based Subsidy Policy as notified by the Government of India.
- (c) Subsidy on City Compost has been accounted as notified by the Government of India.

### 32. Leases

(a) The lease payment made during the year amounts to Rs.83.89 Lakhs (Previous year : Rs.91.92 Lakhs), out of which Rs.64.68 Lakhs (Previous year : Rs.54.01 Lakhs) has been adjusted against principle and Rs.19.21 Lakhs (Previous year : Rs.37.91 Lakhs) has been shown as interest expense. The interest rate on finance leases is around 27.34% p.a. There is no renewal and escalation clause as well as restriction imposed in the lease agreement. There are no sub-leases.

# 35. Share Based Payments

# **Employees Stock Option Scheme (ESOS)**

The shareholders of the Company had approved CFCL Employees Stock Option Scheme, 2010 on August 27, 2010 which was amended by the shareholders on September 13, 2013. Consequent upon promulgation of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 ("ESOP Regulations"), the shareholders of the Company had approved the revised CFCL Employees Stock Option Scheme, 2010 (ESOS) on September 15, 2015 in compliance with the ESOP Regulations. As per ESOS, 4,162,000 Stock Options can be issued to Managing Director and other specified categories of employees of the Company. The options are to be granted at market price. As per ESOP Regulations, the market price is taken as the closing price on the day preceding the date of grant of options, on the stock exchange where the trading volume is the highest. Each option, upon vesting, shall entitle the holder to acquire 1 equity share of Rs.10.

Details of the scheme are as under:

| Particulars                          | Tranche 1        | Tranche 2        | Tranche 3        | Tranche 4        | Tranche 5        |

| 5.      | 34.97   | 69.40                                  | 39,000                              | 2.27  | 69.40  |

The details of Exercise Price of Stock Options Outstanding at the end of the year are as under:

The expense recognised for ESOS during the year is shown in the following table:

(Rs. in Lakhs)

| Particulars  | Year ended<br>March 31, 2018 | Year ended<br>March 31, 2017 |
|--|------------------------------|------------------------------|
| Expense arising from equity-settled Share-Based Payment Transactions | 0.33                         | 8.83                         |
| Total Expense arising from Share-Based Payment Transactions          | 0.33                         | 8.83                         |

## **Stock Options Granted**

The weighted average fair value of stock options granted is Rs.32.54 per option (Previous year Rs. 32.54 per option). The Black Scholes valuation model has been used for computing the weighted average fair value considering the following inputs :

| Particulars  | Tranche 1 | Tranche 2 | Tranche 3 | Tranche 4 | Tranche 5 |
|--|-----------|-----------|-----------|-----------|-----------|
| Weighted Average Share Price (Rs.)                                 | 73.50     | 76.85     | 82.90     | 101.10    | 69.40     |
| Exercise Price (Rs.)   | 73.50     | 76.85     | 82.90     | 101.10    | 69.40     |
| Expected Volatility  | 37.12%    | 37.30%    | 37.46%    | 38.09%    | 37.94%    |
| Life of the Options granted (vesting and exercise period) in years | 1.15      | 1.37      | 1.56      | 1.84      | 2.27      |
| Average Risk-Free Interest rate                                    | 7.71%     | 7.72%     | 7.73%     | 7.76%     | 7.79%     |
| Expected Dividend Yield  | 3.45%     | 3.45%     | 3.45%     | 3.45%     | 3.45%     |

The expected volatility was determined based on historical volatility data. For calculating volatility, the Company has considered the daily volatility of the stock prices of the Company on National Stock Exchange Limited over a period prior to the date of grant, corresponding with the expected life of the options.

In financial year 2010-11, CFCL Employees Welfare Trust ("ESOP Trust") was constituted, *inter alia*, for the purpose of subscribing or acquiring equity shares of the Company from the Company or Secondary market, to hold the shares and to allocate or transfer these shares to eligible employees of the Company from time to time on the terms and conditions specified under the Employee stock option scheme. The Board of Directors at its meeting held on May 08, 2010 had approved grant of financial assistance upto Rs.3000.00 Lakhs by the Company to ESOP Trust in such manner and on such terms as agreed between the trustee(s) of the ESOP Trust and Managing Director of the Company for the purpose of subscribing or acquiring shares of the Company. ESOP Trust is holding 16,96,900 equity shares (Previous year : 22,47,902 equity shares) of the Company which were purchased from the open market.

- 36. Interest on income tax refund has been recognized, pending receipt of appeal effect orders for the assessment years where appeals have been decided in favour of the Company by the Commissioner of Income Tax (Appeals).
- 37. The current tax is net of tax on dividend received from a foreign subsidiary to the extent of dividend distribution tax on dividend distributed to shareholders of the Company as per the provisions of Section 115-O of the Income Tax Act, 1961.
- 38. The Company has, during the year, accounted for income tax credit of Nil (Previous year : Rs.52.75 Lakhs) against income tax paid on profits by its subsidiary M/s India Steamship Pte. Ltd., Singapore in proportion to the dividend received from the said subsidiary. The income tax credit is available in line with Article 25(2) of the Double Taxation Avoidance Agreement between India and Singapore.

# 39. Income Tax Expense

The major components of income tax expense are:

# Reconciliation of Deferred Tax Liabilities (Net):

Particulars As at As at March 31, 2018 March 31, 2017 **Opening Balance** 18334.44 24628.53 Tax (Income)/ expense during the year recognised in Profit or Loss 3531.71 (6112.04) Tax (Income) during the year recognised in OCI (491.82) (89.66) Tax (Income) during the year recognized in 'Capital-Work-in-Progress' (refer note 27) (60.08)(92.39) **Closing Balance** 21314.25 18334.44

(Rs. in Lakhs)

During the year ended March 31, 2018 and March 31, 2017, the Company has paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax (DDT) to the taxation authorities. The Company believes that DDT represents additional payment to taxation authority on behalf of the shareholders. Hence, DDT paid is charged to equity.

The Company has long term/ short term capital losses to the tune of Rs. 51440.71 Lakhs (Previous year: Rs.54264.58 Lakhs) that are available for offsetting for six to eight years against future taxable profits (long term/ short term) of the Company. Deferred tax assets have not been recognised in respect of above losses in the year 2017-18 as there are no other tax planning opportunities or other evidence of recoverability in the near future.

# 40. Fair Values

The management assessed that fair value of financial assets and liabilities approximates their carrying amount.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

# The following methods and assumptions were used to estimate the fair values:

- (i) Derivative financial instruments The fair value of foreign exchange forward contracts is determined using the foreign exchange spot and forward rates at the balance sheet date. The fair value of foreign currency option contracts is determined using the Black Scholes valuation model. The derivatives are entered into with the banks / counterparties with investment grade credit ratings.
- (ii) Security deposits / Employee loans The fair value of security deposits / employee loans approximates the carrying value and hence, the valuation technique and inputs have not been given.
- (iii) Floating rate borrowings / Finance lease obligation The fair values of the Company's interest bearing borrowings are determined by using discounted cash flow (DCF) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2018 was assessed to be insignificant.
- (iv) The carrying amount of bank deposits, trade receivables, cash and cash equivalents, investment at amortised cost, other current financial assets, trade payables and other current financial liabilities are considered to be the same as their fair values, due to their short term nature.

(v) The fair value of investments carried at fair value through profit and loss is determined using income and market approach.

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis has not been performed as the amount is not material.

# 41. Fair Value Measurements

# 42. Financial Risk Management Objectives and Policies

The Company's principal financial liabilities, other than derivatives, comprises of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables and cash and cash equivalents that derive directly from its operations. The Company also holds investments and enters into derivative transactions.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The management of these risks is carried out by finance department under policies approved by the Board of Directors. The finance department identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The Board of Directors reviews overall risks periodically.

## (i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include borrowings, investments, other receivables, other payables and derivative financial instruments. The sensitivity analysis in the following sections relate to the position as at March 31, 2018 and March 31, 2017. The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant.

The analysis exclude the impact of movements in market variables on the carrying values of gratuity and other post retirement obligations, provisions and other non-financial assets and liabilities of foreign operation.

The following assumptions have been made in calculating the sensitivity analysis:

-The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2018 and March 31, 2017.

## a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

#### **Interest Rate Sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on the portion of loans and borrowings affected. With all other variables held constant the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Rs. in Lakhs)

|                |                                   | ·                           |
|----------------|-----------------------------------|-----------------------------|
| Particulars    | Increase/Decrease in basis points | Effect on Profit before Tax |
| March 31, 2018 |                                   |                             |
| USD Borrowings | +50                               | (142.24)                    |
| USD Borrowings | -50                               | 142.24                      |
| INR Borrowings | +50                               | (8.63)                      |
| INR Borrowings | -50                               | 8.63                        |
| March 31, 2017 |                                   |                             |
| USD Borrowings | +50                               | (129.02)                    |
| USD Borrowings | -50                               | 129.02                      |

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

## b) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates to short term borrowings taken against the Company's import of traded fertilisers and long term foreign currency borrowing taken for new Urea project.

The Company manages its foreign currency risk on short term borrowings by usually taking option and forward contracts.

During the financial year, the Company has adopted hedge accounting on foreign currency risk associated with highly forecasted sale transaction from new Urea project which is being hedged through foreign currency borrowings. Hedge accounting is applied to remove the accounting mismatch between the hedging instrument and hedged item. The effective portion of the change in the fair value of the hedging instrument is deferred into cash flow hedge reserve through OCI and will be recognised in profit or loss when the hedge item affects profit or loss.

# Foreign Currency Sensitivity

The company exposure to foreign currency risk at the end of the reporting period expressed in INR are as follows:

## For the year ended March 31, 2018

# (c) Commodity price risk

The Company's operating activities require the ongoing purchase of natural gas and other imported fertilisers.

- (i) Natural gas being an international commodity is subject to price fluctuation on account of the change in the crude oil prices, demand supply pattern of natural gas and exchange rate fluctuations. The Company is not affected by the price volatility of the natural gas as under the Urea pricing formula, the cost of natural gas is pass through if the consumption of natural gas is within the permissible norms for manufacture of Urea.
- (ii) The Company deals in imported fertilisers (i.e. DAP, MOP and NPK), which are imported by the Company and sold in the domestic market. The import prices of these goods are governed by international prices. There is a price and material availability risk, which may not be in line to meet the domestic market requirement. The risk, is also with domestic manufacturers whose costing is based on majorly imported raw materials and small value-add. However, a dynamic alignment of procurement to sales and constant review of market conditions and competitors costing help in mitigating the impact.

# (ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

# a) Trade receivables

The Company's receivables can be classified into two categories, one is from the customers/ dealers in the market and second one is from the Government of India in the form of subsidy. As far as Government portion of receivables is concerned, credit risk is Nil. In respect of market receivables from the customers/ dealers, the Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Company has also taken security deposits from its customers, which mitigate the credit risk to some extent.

# b) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department. Credit risk arising from investment in mutual funds, bonds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies. The Company does not maintain the significant amount of cash and deposits other than those required for its day to day operations.

# (iii) Liquidity risk

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Company relies on a mix of borrowings and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium/ long term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

## 43. Capital Management

The Company objective while managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefit for other stakeholder. The Company will maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return the capital to shareholders, issue new shares or sell assets to reduce debt.

| The Capital Structure of the Company is as follows: |                         | (Rs. in Lakhs)          |
|---|-------------------------|-------------------------|
| Particulars   | As at<br>March 31, 2018 | As at<br>March 31, 2017 |
| Equity Share Capital                                | 41620.79                | 41620.79                |
| Other Equity  | 248221.12               | 211903.40               |
| Debts (Long term and Short term both)*              | 560866.94               | 415181.30               |
| Total   | 850708.85               | 668705.49               |

\*The Company is setting up brownfield Ammonia Urea expansion project namely Gadepan III ('Project') to produce 13.40 Lakhs MT of Urea. The above debt includes Rs.298148.47 Lakhs towards the Project, which is scheduled to commence production in the next Financial Year 2018-19. Majority of the balance debt is towards working capital requirement.

Under the terms of the borrowings facilities pertaining to Project, the Company is required to comply with certain financial covenants from Financial Year 2019 -20 onwards.

## 44. Distribution made and proposed

| Particulars   | March 31, 2018 | March 31, 2017 |
|---|----------------|----------------|
| Cash dividend on equity shares declared and paid:                     |                |                |
| Final dividend for the year ended on March 31, 2017 Rs.1.90 per share | 7907.95        | 7908.01        |
| Dividend distribution tax (DDT) on final dividend                     | 1609.87        | 1609.89        |
| Total   | 9517.82        | 9517.90        |

(Rs. in Lakhs)

| Particulars  | March 31, 2018 | March 31, 2017 |
|--|----------------|----------------|
| Proposed dividend on equity shares:  |                |                |
| Dividend for the year ended on March 31, 2018 Rs.1.90 per share (Previous year: Rs.1.90 per share) | 7907.95        | 7908.00        |
| DDT on dividend  | 1609.87        | 1609.89        |
| Total  | 9517.82        | 9517.89        |

Proposed dividend on equity shares is subject to approval at the annual general meeting and is not recognised as a liability (including DDT thereon) as at March 31, 2018 and March 31, 2017.

# 45. (A) Discontinued Operations

The break up of the discontinued operations, which pertains to Shipping Division, as shown on the face of statement of profit and loss is as under:

|     |                              |                              | (Rs. in Lakhs)               |
|-----|------------------------------|------------------------------|------------------------------|
|     | Particulars                  | Year ended<br>March 31, 2018 | Year ended<br>March 31, 2017 |
| (a) | Profit/ (loss) before tax    |                              |                              |

|     | Total                        | 367.72                       | (929.18)                     |

As at March 31, 2017 the management of the Company was actively seeking a buyer for the sale of all the 4 (four) ships of the Shipping Division. During the year, the Company has entered into agreements for sale of all the ships. Therefore, the associated assets and liabilities of the Shipping Division were consequently presented as held for sale in financial statements for the year ended March 31, 2017. The division was classified as 'discontinued operations' as per Ind AS 105. The last ship owned by the Company was delivered to the buyer on September 07, 2017. The disposal is consistent with the Company's long term policy to focus its activities on the Fertiliser and other Agri inputs business.

The financial information relating to the discontinued operations is set out below:

## (a) Financial performance and cash flow information

| The financial performance and cash flow information are as follows: |                              | (Rs. in Lakhs) |
|---|------------------------------|----------------|
| Particulars   | Year ended<br>March 31, 2018 |                |
| Revenue   | 6856.81                      | 29644.58       |
| Less: Expenses  | 5567.72                      | 21791.14       |
| Less: Finance costs   | 355.47                       | 1763.91        |
| Less: Depreciation and Amortisation expense                         | 47.19                        | 4198.55        |
| Less: Impairment Loss on Ships                                      | -                            | 10344.95       |
| Profit / (Loss) Before Tax  | 886.43                       | (8453.97)      |

# Write-down of Property, Plant and Equipment and Intangible Assets

During the previous year immediately before the classification of Shipping Division as discontinued operations, the recoverable amount was estimated for certain items of property, plant and equipment and intangible assets and a write-down of Rs.127.73 Lakhs was recognised to reduce the carrying amount of the assets in the disposal group to their fair value less costs to sell. This was recognised in Discontinued Operations in the Statement of Profit and Loss.

# Allowance for Doubtful Debts and Advances

During the previous year immediately before the classification of Shipping Division as a discontinued operation, the recoverable amount was estimated for trade and other receivables and an allowance of Rs.215.85 lakhs was recognised to reduce the carrying amount of these assets in the disposal group to their net realisable value. This was recognised in Discontinued Operations in the Statement of Profit and Loss.

# 45. (B) Assets classified as Held for Sale

**48.** With effect from April 01, 2017, the Company has re-assessed residual value and useful lives of certain plant and equipment of Fertiliser and other Agri-inputs division of the Company. According to the management, the revised residual value and useful lives of such plant and equipment properly reflects the carrying value and period over which the same is expected to be used. In view of these changes, depreciation for the year ended March 31, 2018 is lower by Rs.786.00 Lakhs.

(Rs. in Lakhs)

(Rs. in Lakhs)

**49.** The Company is in the process of setting up a new Urea plant namely Gadepan III ('Project') under the New Investment Policy 2012 (amended) at its existing plant location at Gadepan, Kota (Rajasthan) and the contracts for the Project had been awarded on a Lumpsum Turnkey (LSTK) basis. The milestone based payments are being made to the LSTK contractors for the purpose of accomplishment of the Project. The entire amount paid to LSTK contractors for the Project on the basis of achievement of milestones of Rs.359322.79 Lakhs as at March 31, 2018 (Previous year : Rs.148681.38 Lakhs ) is included under 'Capital work-in-progress'.

# 52. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

# a) Property, Plant and Equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

## b) Income Taxes

Deferred Tax Assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company has Rs. 51440.71 Lakhs (Previous year: Rs.54264.58 Lakhs) of carried forward tax losses on account of long term/ short term capital losses. These losses mainly relate to the loss on voluntary liquidation of a subsidiary of the Company and merger of a subsidiary of the Company with its wholly owned subsidiary and will expire in 5 to 7 years and may be used to offset taxable income arising in the future. At present, the Company does not have any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Company has determined that it cannot recognise deferred tax assets on the tax losses carried forward. If the Company would have been able to recognise all unrecognised deferred tax assets, profit and equity would have increased by Rs.14318.82 Lakhs (Previous year: Rs.15177.32 Lakhs). Further details on taxes are disclosed in note 39 to the financial statements.

## c) Defined Benefit Plans

The cost of the defined benefit gratuity plan, post-employment medical benefits and other defined benefit plans and the present value of the obligation of defined benefit plans are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for defined benefit plans, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on the expected future inflation rates. Further details about the defined benefit plans are given in note 30 to the financial statements.

#### d) Revenue

The Company's revenue includes subsidy claims, part of which are pending notification / final implementation by 'Fertiliser Industry Coordination Committee' (FICC), Government of India. As per management estimates, there is reasonable certainty based on Government of India policy and past experience that claims will be notified in due course. On issuance of notification by FICC, Government of India, the adjustments, if any, to revenue are not expected to be significant.

#### e) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets their fair value is measured using valuation techniques including discounted cash flow method. The inputs to these models are taken from observable markets wherever possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Further disclosures in this regard are given in note 41.

# INDEPENDENT AUDITOR'S REPORT

# To the Members of Chambal Fertilisers and Chemicals Limited

# **Report on the Consolidated Financial Statements**

1. We have audited the accompanying consolidated financial statements of Chambal Fertilisers and Chemicals Limited ("hereinafter referred to as the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its joint venture; (refer Note 51 to the attached consolidated financial statements), comprising of the consolidated Balance Sheet as at March 31, 2018, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

# Management's Responsibility for the Consolidated Ind AS Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these Consolidated Ind AS Financial Statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group including its joint venture in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) made under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its joint venture respectively and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS Financial Statements by the Directors of the Holding Company, as aforesaid.

## Auditor's Responsibility

- 3. Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.
- 4. We conducted our audit of the Consolidated Ind AS Financial Statements in accordance with the Standards on Auditing as specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements are free from material misstatement.
- 5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.
- 6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 8 of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

# Opinion

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group and its joint venture as at March 31, 2018, and their consolidated total comprehensive income (comprising of consolidated profit and consolidated other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

## **Other Matter**

8. We did not audit the financial statements and other financial information of certain subsidiaries whose financial statements and other financial information include total assets of Rs. 11258 lakhs and net assets of Rs. (95139) lakhs as at March 31, 2018, total

revenue of Rs. 7990 lakhs, total comprehensive income (comprising of profit/ loss and other comprehensive income) of Rs. (1573) lakhs and net cash outflows amounting to Rs. (1614) lakhs for the year ended on that date, as considered in the Consolidated Ind AS Financial Statements. The Consolidated Ind AS Financial Statements also include the Group's share of total comprehensive income (comprising of profit and other comprehensive income) of Rs. 3925 lakhs for the year ended March 31, 2018 as considered in the Consolidated Ind AS Financial Statements, in respect of a joint venture, whose financial statements and other financial information have not been audited by us. These financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the Consolidated Ind AS Financial Statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture, is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

9. The consolidated Ind AS financial statements of the Company for the year ended March 31, 2017, were audited by another firm of chartered accountants under the Companies Act, 2013 who, vide their report dated May 20, 2017, expressed an unmodified opinion on those financial statements. Our opinion is not qualified in respect of this matter.

# **Report on Other Legal and Regulatory Requirements**

- 10. As required by Section143(3) of the Act, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS Financial Statements.
  - (b) In our opinion, proper books of account as required by law maintained by the Holding Company, and its subsidiaries included in the Group incorporated in India including relevant records relating to preparation of the aforesaid Consolidated Ind AS Financial Statements have been kept so far as it appears from our examination of those books and records of the Holding Company and the reports of the other auditors.
  - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained by the Holding Company and its subsidiaries incorporated in India included in the Group, including the records maintained by the Holding Company relating to the preparation of the Consolidated Ind AS Financial Statements.
  - (d) In our opinion, the aforesaid Consolidated Ind AS Financial Statements comply with the Companies (Indian Accounting Standards) Rules, 2015 (as amended) made under Section 133 of the Act.
  - (e) On the basis of the written representations received from the Directors of the Holding Company as on March 31, 2018 and taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2018 from being appointed as a Director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
  - (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Consolidated Ind AS Financial Statements disclose the impact, if any, of pending litigations as at March 31, 2018 on the consolidated financial position of the Group and its joint venture Refer Note 27(i) to the Consolidated Ind AS Financial Statements.
    - ii. The Group and its joint venture had long-term contracts including derivative contracts as at March 31, 2018 for which there were no material foreseeable losses.
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company during the year ended March 31, 2018. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary companies incorporated in India during the year ended March 31, 2018.
    - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Group for the year ended March 31, 2018.

# Annexure A to Independent Auditor's Report

Referred to in paragraph 10 of the Independent Auditors' Report of even date to the members of Chambal Fertilisers and Chemicals Limited on the Consolidated Ind AS Financial Statements for the year ended March 31, 2018

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the Consolidated Ind AS Financial Statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Chambal Fertilisers and Chemicals Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

# Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company and its subsidiary companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

# Auditor's Responsibility

- 3. Our responsibility is to express an opinion on the Holding Company's and its subsidiaries, which are companies incorporated in India, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# Meaning of Internal Financial Controls Over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# Opinion

8. In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **Other Matters**

9. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to certain subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

# 1. Corporate Information

The consolidated financial statements comprise financial statements of Chambal Fertilisers and Chemicals Limited (the Parent Company), its subsidiaries (collectively, the Group) and joint venture for the year ended March 31, 2018. The Parent Company is a public company domiciled in India and has been incorporated under the provisions of the Companies Act, 1956. Its equity shares are listed on two recognised stock exchanges in India. The registered office of the Parent Company is located at Gadepan, District Kota, Rajasthan, PIN 325208.

The Parent Company is one of the largest manufacturer of Urea in private sector in India and also deals in other fertilisers and Agri inputs ('Fertiliser Division'). Apart from that, the Group is also engaged in Shipping business and Software business. The Group operates its Shipping business through two overseas subsidiaries and Shipping Division of the Parent Company. Shipping Division of the Parent Company (classified as discontinued operations refer note 48(A)(i)) was engaged in the business of running of ships for cargo for part of the year. The Parent Company had executed agreement in May, 2017 for sale of all the 4 ships owned by the Parent Company. With the delivery of the last ship of the Parent Company in September 07, 2017, the Parent Company had completed sale / disposal of all the ship forming part of the Shipping Division and ceased to have Shipping business operations. It also has a joint venture for manufacture of Phosphoric Acid in Morocco. Further, the Parent Company is in the process of setting up a new Urea plant under the New Investment Policy 2012 (amended) of the Government of India at its existing plant location at Gadepan District, Kota (Rajasthan).

These consolidated financial statements were authorised for issuance by the Board of Directors of the Parent Company in their meeting held on May 10, 2018.

# 2. Significant Accounting Policies

# 2.1 Basis of preparation

The Consolidated Financial Statements (CFS) of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standard) (Amendment) Rules, 2017. The Group has prepared these financial statements to comply in all material respects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 ("the Act").

The consolidated financial statements have been prepared on an accrual basis and under the historical cost basis, except for the following material items those have been measured at fair value as required by relevant Ind AS:

- Derivative financial instruments;
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefit plans and other long-term employee benefits;
- Share-based payment transactions; and
- Investment in debt instrument (i.e. preference shares)

The consolidated financial statements of the Group are presented in Indian Rupee (Rs.) and all values are rounded to the nearest Lakhs (Rs. 00,000.00), except when otherwise indicated.

# 2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Parent Company, its subsidiaries and joint venture. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary

acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company, i.e., year ended on March 31, except for joint venture namely Indo Marco Phosphore S.A., (IMACID) where the audited accounts were drawn up as at December 31, 2017.

## **Consolidation procedure:**

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Parent Company with those of its subsidiaries.
- b) Offset (eliminate) the carrying amount of the Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary.
- c) Eliminate in full intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intra-group losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes' applies to temporary differences that arise from the elimination of profits or losses resulting from intra-group transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Parent Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

The accumulated loss attributable to non-controlling interests in excess of their equity on the date of transition to Ind AS has been restricted to zero in accordance with Ind AS 101.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary and any related non-controlling interests and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognized in profit or loss.

## 2.3 Summary of significant Accounting Policies

## i) Investment in joint venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investments in its joint venture are accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date.

The statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in other comprehensive income (OCI) of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture.

Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

If an entity's share of losses of a joint venture equals or exceeds its interest in the joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of a joint venture is shown on the face of the statement of profit and loss.

The joint venture is following a calendar year for preparing its annual accounts. Accordingly, the financial statements of the joint venture are drawn up as at December 31, 2017. The same has been considered for the purpose of equity

accounting in the consolidated financial statements.

Adjustments have been made for the period subsequent to that date for significant transactions, if any.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognises the loss as 'Share of profit of a joint venture' in the statement of profit and loss.

# ii) Basis of classification of Current and Non-Current

Assets and Liabilities in the balance sheet have been classified as either current or non-current.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in, the Group's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Group's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

# iii) Foreign Currency Translation

#### (a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Group's consolidated financial statements' are presented in Indian Rupee (Rs.), which is Parent Company's functional and presentation currency, except in case of Shipping Division of the Parent Company which had determined United States Dollars-'(USD)' as its functional currency and therefore categorised as a foreign operation. During the current year, all the ships have been sold, hence the operations of this division have been ceased, accordingly the books of Shipping Division of the Parent Company have been prepared in INR.

## (b) Initial recognition

Transactions in foreign currencies are recorded in the functional currency, by applying to the foreign currency amount, the exchange rate between the functional currency and the foreign currency at the date of the transaction.

# (c) Conversion

Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Nonmonetary items that are measured in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the initial transaction. Non-monetary items, measured at fair value denominated in a foreign currency are, translated using the exchange rates that existed when the fair value was determined.

#### (d) Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognised in the consolidated statement of profit and loss (also refer note 2.3(xvi) below).

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in other comprehensive income (OCI) or profit or loss are also recognised in OCI or profit or loss, respectively).

## (e) Translation of a foreign operations

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities for each balance sheet presented (i.e. including comparatives) are translated at the closing rate at the date of that balance sheet;
- (ii) income and expenses for each statement of profit and loss presented (i.e. including comparatives) are translated at average exchange rates; and
- (iii) all resulting exchange differences have been recognised in other comprehensive income.

On disposal of a foreign operation, the associated exchange differences are re-classified to profit or loss, as part of the gain or loss on disposal. During the current year the Parent Company has reclassified an amount of Rs 322.76 lakhs on sale of all the ships of Shipping Division of the Parent Company.

Goodwill arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the exchange rate in effect at the balance sheet date.

Cumulative currency translation differences for all foreign operations were deemed to be zero at the date of transition, viz, April 01, 2015. Gain or loss on a subsequent disposal of any foreign operation excludes translation differences that arose before the date of transition but includes only translation differences arising after the date of transition.

#### iv) Derivative financial instruments

# Initial recognition and subsequent measurement

Derivatives are initially recognised at fair value and are subsequently re-measured at fair value at the end of each reporting period. The resulting gains / losses is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of recognition in profit or loss / inclusion in the initial cost of non-financial asset depends on the nature of the hedging relationship and the nature of the hedged item. The Parent Company complies with the principles of hedge accounting where derivative contracts are designated as hedge instruments. At the inception of the hedge relationship, the Parent Company documents the relationship between the hedging instrument and the hedged item, along with the risk management objectives and its strategy for undertaking hedge transaction.

The Parent Company has designated their derivatives as hedge of foreign exchange risk associated with the cash flows of highly probable forecast transactions with borrowings.

## Cash flow hedges

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the other comprehensive income and accumulated as 'Cash Flow Hedging Reserve'. The gains / losses relating to the ineffective portion is recognised in the Statement of Profit and Loss.

Amounts previously recognised and accumulated in other comprehensive income are reclassified to profit or loss when the hedged item affects the Statement of Profit and Loss. However, when the hedged item results in the recognition of a non-financial asset, such gains / losses are transferred from equity (but not as reclassification adjustment) and included in the initial measurement cost of the non-financial asset.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gains/losses recognised in other comprehensive income and accumulated in equity at that time remains in equity and is reclassified when the underlying transaction is ultimately recognised. When an underlying transaction is no longer expected to occur, the gains / losses accumulated in equity is recognised immediately in the Statement of Profit and Loss.

## v) Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operation.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration, if any.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Group's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Group's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

# vi) Non-current assets held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. The criteria for held for sale is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sale of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned.

Non-current assets held for sale are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

Discontinued operations are excluded from the results of continuing operations and are presented as profit or loss before / after tax from discontinued operations in the statement of profit and loss.

Additional disclosures are provided in note 48. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

#### vii) Property, plant and equipment ("PPE")

PPE are stated at cost, except the PPE of the Shipping Division, net of accumulated depreciation and accumulated impairment losses, if any. Ships of Shipping Division are measured at fair value and for other items of PPE of the Shipping Division, Ind AS- 16 has been applied retrospectively. The cost comprises purchase price, including import duties and non- refundable purchase taxes, borrowing costs if recognition criteria are met and any directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of PPE is capitalised only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Items of stores and spares that meet the definition of PPE are capitalized at cost. Otherwise, such items are classified as inventories.

Ships of Shipping Division are measured at fair value less accumulated depreciation and impairment losses recognized at the date of revaluation.

Gains or losses arising from derecognition of the assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

## viii) Depreciation on Property, Plant & Equipment

Depreciation on PPE is calculated using the straight-line method as per the useful lives of the assets estimated by the management which are equal to the useful life prescribed under Schedule II to the Companies Act, 2013, other than the cases as mentioned in para (i) to (vi) below where the useful lives are different from those prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

A major portion of the plant and equipment of Fertiliser Division of the Parent Company has been considered as continuous process plant.

| S. No. | Assets                                     | Useful lives   |
|--------|--|--|
| (i)    | - Leasehold Land                           | Amortised over 99 Years  |
|        | - Leasehold Improvements                   | Ranging from 4 to 15 Years   |
|        | - Assets under finance lease               | Ranging from 3 to 9 Years  |
|        |  | These assets are amortised over the period of respective leases or     |
|        |  | useful lives of assets, whichever is lower.                            |
| (ii)   | Plant and equipment of Fertiliser Division | Over their useful lives ranging from 1 to 35 years.                    |
| (iii)  | Insurance / capital / critical stores and  | Over the remaining useful life of related plant and equipment or       |
|        | spares                                     | useful life of insurance / capital / critical spare part, whichever is |
|        |  | lower.   |
| (iv)   | Vehicles                                   | Depreciated over 5 years. After the expiry of 5 years, the vehicle     |
|        |  | gets normally replaced.  |
| (v)    | Railway siding                             | 25 years based on technical evaluation that the railway siding is      |
|        |  | currently in use.  |
| (vi)   | PPE of Software business                   | -Computers and accessories – 3 years                                   |
|        |  | -Furniture and fixtures – 5 years                                      |
|        |  | -Vehicles – 5 years  |

Assets costing below Rs.5,000 are depreciated in the year of purchase.

The residual values, useful lives and methods of depreciation of PPE are reviewed at each financial year end and adjusted prospectively, if appropriate.

## ix) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets with finite lives are amortised on a straight line basis over the estimated useful economic life. The following are the acquired intangible assets:

#### Software

Management of the Group assessed the useful life of software as finite and cost of software is amortized over their estimated useful life of five years on straight line basis.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS-8 "Accounting Policies, Changes in Accounting Estimates and Errors".

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

#### In case of subsidiary company

# a. Goodwill

Goodwill represents the cost of business acquisition in excess of the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds the cost of business acquisition, it is again recognized immediately in net profit in the consolidated statement of profit and loss. Goodwill is measured at cost less accumulated impairment losses.

#### Other intangible assets

Other intangible assets comprise of intellectual property rights, software and internally developed software platforms. Costs relating to intellectual property rights, which are acquired, are capitalized and amortized over a period of 1 to 3 years.

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognized in the consolidated statement of profit and loss as incurred. Development activities involve a plan or design for the production of new or substantially improved software products or processes. Development expenditure is capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the subsidiary company intends to and has sufficient resources to complete development and to use the asset. The capitalized expenditure includes the cost of materials, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use, and is classified as internally developed software platforms. Capitalised development expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the consolidated statement of profit and loss as incurred.

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in the consolidated statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful lives for both internally developed software platforms and acquired software is considered as 3 years. Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

#### x) Impairment of non-financial assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. In case events which caused impairment initially ceases to exist, impairments are only reversed to the extent that increased carrying amount of the asset does not exceed the carrying amount that would have been in place had there no impairment been carried out in the first place, taking into account the normal depreciation/ amortization.

#### xi) Leases

A lease is classified at the inception date as a finance lease or an operating lease.

Finance leases, where as a lessee, the Group has substantially all risks and rewards of ownership, are capitalised at inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liability as appropriate. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss over the period of lease. Lease management fees, legal charges and other initial direct costs are capitalized.

Leases, where the lessor effectively retains substantially all the risks and rewards of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### xii) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

## (a) Financial assets

#### Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the

market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

## Subsequent measurement

#### **Debt Instruments**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. For the purposes of subsequent measurement, debt instruments are classified in three categories:

- Debt instruments at amortised cost;
- Debt instruments at fair value through other comprehensive income (FVTOCI);
- Debt instruments at fair value through profit or loss (FVTPL).

#### Debt instruments at amortised cost

A debt instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the statement of profit and loss.

#### Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both the following criterion are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned while holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as at FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

#### **Equity Instruments**

For the purposes of subsequent measurement, equity instruments are classified in two categories:

- Equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

136

All equity investments are measured at fair value. The Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument -by-instrument basis. The classification is made on initial recognition and is irrevocable. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

#### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- (a) The rights to receive cash flows from the asset have expired, or
- (b) The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and

either (i) the Group has transferred substantially all the risks and rewards of the asset, or (ii) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### (b) Financial liabilities

## Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including redeemable preference shares and derivative financial instruments.

#### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

## Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss (FVTPL) include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 'Financial instruments'.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

## Loans and borrowings

After initial recognition at fair value net of transaction cost, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

#### **Financial guarantee contracts**

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 109 Financial instruments and the amount initially recognised less cumulative amortisation, where appropriate. The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

#### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

#### Off-setting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## xiii) Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

## xiv) Dividend to equity holders of the Parent Company

The Group recognises a liability to make dividend distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

#### xv) Inventories

Inventories are valued as follows:

| Spares and<br>Lubricants*  | Lower of cost and net realisable value. Cost is determined on weighted average basis.   |
|--|---|
| Raw materials,<br>Packing materials,<br>other stores and<br>spares | Lower of cost and net realisable value. However, materials and other items held for use in the production of finished goods are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis. |
| Catalyst in Use  | At depreciated cost on the basis of amortization over their estimated useful lives ranging from two to fifteen years as technically assessed.   |
| Loose Tools  | At depreciated cost arrived at on the basis of amortization over a period of three years.   |
| Work in Process and Finished goods                                 | Lower of cost and net realisable value. Cost includes direct materials, labour and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a weighted average basis.  |
| Traded products  | Lower of cost and net realisable value. Cost includes the cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.  |

\*included under the inventory of stores and spares

Cost includes the necessary cost incurred in bringing inventory to its present location and condition necessary for use.

Net Realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

#### xvi) Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing costs include interest and amortisation of ancillary costs incurred in connection with the arrangement of borrowing. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is de-capitalised from the qualifying assets.

#### xvii) Revenue Recognition and Other Income

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The following specific criteria must also be met before revenue is recognised: The Group bases its estimate on historical precedences taking into consideration the type of customer, transaction and specifics of the environment it operates in :

# (a) Sale of goods

Revenue, including subsidy, in respect of sale of products is recognised when the significant risks and rewards of ownership of the goods are passed on to the buyer. Amounts disclosed as revenue are inclusive of excise duty and net of returns and allowances, trade discounts, rebates and goods & service tax (GST). The Group has assumed that recovery of excise duty flows to the Group on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Group on its own account, revenue includes excise duty. The Group collects sales tax, GST and value added tax ("VAT") on behalf of the government and therefore, these are not economic benefits flowing to the Group. Hence, these are excluded from the revenue.

Subsidy on Urea including freight have been accounted on the basis of notified concession prices as under:

(i) New Pricing Scheme (NPS) – Stage III and Modified NPS III

(ii) New Urea Policy 2015

(iii) Uniform Freight Policy.

The concession price and freight is accounted based on notified prices, further adjusted for input price escalation/ de-escalation and as estimated by the management based on the prescribed norms in line with known policy parameters.

Subsidy on Phosphatic and Potassic (P&K) fertilizers is recognized as per concession rates notified by the Government

of India in accordance with Nutrient Based Subsidy Policy from time to time and Freight subsidy has been accounted for in line with the policy.

Subsidy on City Compost is recognized based on rates, as notified by the Government of India.

# (b) Income from operations of ships

In respect of voyage charter, revenue is recognized on proportionate number of days of respective voyage. In case of time charter (including cost plus charter), revenue is recognized on time proportion basis. Bunker is recognized on actual quantity consumed. Dispatch money / demurrage is considered as part of freight.

# (c) Income from operations of Software business

In respect of subsidiaries engaged in software development and business process outsourcing services, revenue is recognized as under:

Revenue from the sale of user licenses for software applications is recognized on transfer of the title in the user license, except in case of multiple element contracts, under which post-contract maintenance and support services are also rendered by the Group. In the case of multiple element contracts, revenue from sale of user licenses is recognized on transfer of the title in the user license after appropriately reducing the fair value of the maintenance services to be recognised as revenues. Revenue from post-contract maintenance and support services is recognized ratably over the period in which services are rendered.

Revenue derived from professional services under the time and material contracts is recognized as the related services are performed. Revenue from title and related operations is primarily transactions-based and is recognized when services are performed, the fee is fixed or determinable, and collection is reasonably assured.

The Group's fixed price contracts include application maintenance and support services, on which revenue is recognized ratably over the period in which the services are rendered. Revenue with respect to other fixed price contracts, where there is no uncertainty as to measurement and collectability of consideration, is recognized on a percentage of completion basis. The input (cost expended) method has been used because management considers this to be the best available measure of progress on these contracts as there is a direct relationship between input and productivity. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. The Group also generates upfront, non-refundable revenues from process transition activities. Revenue and costs attributable to such process transition activities are deferred where such activities do not represent the culmination of a separate earnings process. Such revenue and related costs are recognized ratably over the period in which the related services are performed.

Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the current estimates. When the Group receives advances for its services, such amounts are reflected as advance received from customers until all conditions for revenue recognition are met. The Group presents revenues net of service taxes and value added taxes, but gross of certain reimbursements in its consolidated statement of profit and loss.

'Unbilled revenue' represents value of services rendered in excess of amounts billed to the customer as at the balance sheet date.

'Unearned revenue' represents the amounts billed to the customer in excess of value of services rendered as at the balance sheet date.

# (d) Interest income

Interest income from debt instruments measured at amortised cost, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial assets to the gross carrying amount of the financial asset. When calculating the EIR, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

# (e) Dividend

Dividend income is recognised when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

# (f) Insurance Claims

Claims receivable on account of insurance are accounted for to the extent the Group is reasonably certain of their ultimate collection.

# xviii) Retirement and other employee benefits

(a) Retirement benefit in the form of Provident Fund is a defined benefit obligation in case of the Parent Company and is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year. The difference between the actuarial valuation of the provident fund of employees at the year-end and the balance of own managed fund is provided for as liability in the books. Any excess of plan asset over projected benefit obligation is ignored as such surplus is distributed to the beneficiaries of the trust.

Provident fund of Indian subsidiaries of CFCL Ventures Limited (CVL) and Pension Fund of all components of the Group is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.

- (b) Superannuation Fund is a defined contribution scheme. Liability in respect of Superannuation Fund to the concerned employees of the Parent Company is accounted for as per the Group's Scheme and contributed to Life Insurance Corporation of India (LIC) / ICICI Prudential Life Insurance Company Limited (ICICI) every year. The group do not have any other obligation, other than the contribution payable to the superannuation fund. The group recognizes contribution payable to the superannuation fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.
- (c) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Gratuity plan of the Parent Company is funded with insurance companies to cover the gratuity liability of the employees. One of the step down subsidiaries of CVL, such subsidiary has also taken the insurance policy to cover the gratuity liability of the employees. The difference between the actuarial valuation of the gratuity of employees at the year-end and the balance of funds with insurance companies is provided for as liability in the books.
- (d) Retirement benefit in the form of post-retirement medical benefits is a defined benefit obligation in case of Fertiliser Division of the Parent Company and is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.
- (e) Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.
- (f) The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. The Group presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.
- (g) Long Service Awards: Long service awards are other long-term benefits accruing to all eligible employees of the Fertiliser Division of the Parent Company, as per Group's scheme. The cost of providing benefit under long service awards scheme is determined on the basis of actuarial valuation using the projected unit credit method at the reporting date. This is unfunded defined benefit scheme.
- (h) Settlement allowance: Settlement allowance are other long-term benefits accruing to the eligible employees of the Fertiliser Division of the Parent Company, as per Group's scheme. The cost of providing benefit under settlement allowance is determined on the basis of actuarial valuation using the projected unit credit method at the reporting date. This is unfunded defined benefit scheme.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and such re-measurement gain / (loss) are not reclassified to the statement of profit and loss in the subsequent periods. They are included in retained earnings in the statement of changes in equity.

#### xix) Income Taxes

Tax expense comprises current income tax and deferred tax. Current income-tax expense is measured at the amount expected to be paid to the taxation authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities

and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- In respect of taxable temporary differences associated with investments in subsidiaries and interests in joint venture, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

## xx) Segment Reporting Policies

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Chief operating decision makers review the performance of the Group according to the nature of products manufactured, traded and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the locations of customers.

#### Segment accounting policies

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting financial statements of the Group as a whole.

## xxi) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Parent Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders of the Parent Company and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

#### xxii) Contingent assets and liabilities

A contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise.

A contingent asset is a possible asset that arises from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise.

#### xxiii) Share-based payments

## Parent Company

Share-based compensation benefits are provided to employees via the Parent Company's Employee stock Option Scheme. The fair value of options granted under the Employee stock Option Scheme of the Parent Company is recognised as an employee benefits expense with a corresponding increase in equity. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

## **Subsidiary Company**

Employee stock compensation costs for stock options are recognized as employee benefit expenses in accordance with the guidance note on "Accounting for Employee Share-based Payments" issued by the Institute of Chartered Accountants

of India (ICAI), based on the grant date fair value of the options granted to employees. The fair value of the options is estimated on the date of grant using the Black-Scholes-Merton valuation model on the basis of an independent valuation performed and recognized in a graded manner on the basis of weighted period of services over the vesting period. The expected term of an option is estimated based on the vesting term and contractual term of the option, as well as expected exercise behavior of the employee who receives the option. Expected volatility during the expected term of the option is based on historical volatility, during a period equivalent to the expected term of the option, of the observed market prices of the publicly traded equity shares of comparable listed entities. Expected dividends during the expected term of the option are based on recent dividend activity. Risk-free interest rates are based on the government securities yield in effect at the time of the grant over the expected term.

#### xxiv) Treasury shares

The Group has created CFCL Employees Welfare Trust ('ESOP Trust') for providing share-based payment to its employees. The Group uses ESOP Trust as a vehicle for distributing shares to employees under the Employee Stock Option Scheme. The ESOP Trust has bought shares of the Group from the market, for giving shares to employees. The Group treats ESOP Trust as its extension and shares held by ESOP Trust are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are satisfied with treasury shares.

#### xxv) Provisions

A provision is recognized when the Group has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

## Standards issued but not yet effective

#### **Recent Accounting pronouncements**

On March 28, 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying amendments to Ind AS 21, 'The Effects of Changes in Foreign Exchange Rates' and Ind AS 115, 'Revenue from Contracts with Customers.'The amendments are applicable to the Group from April 01, 2018.

(i) Amendment to Ind AS 21

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The group is evaluating the requirements of the amendment and the effect on the financial statements will be given in due course.

(ii) Amendment to Ind AS 115

Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The standard permits two possible methods of transition:• Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors • Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach). The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018. The group is evaluating the requirements of the amendment and the effect on the financial statements will be given in due course.

# a) Reconciliation of the Shares Outstanding at the beginning and at the end of the Reporting periods

There is no movement in the equity shares outstanding at the beginning and at the end of the reporting periods.

# b) Terms / Rights attached to Equity Shares

The Parent Company has only one class of shares having a par value of Rs.10 per share fully paid up. Each holder of equity shares is entitled to one vote per share and the equity shares will rank *pari-passu* with each other in all respects. The Parent Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Parent Company, the holders of equity shares will be entitled to receive remaining assets of the Parent Company, after payment of all liabilities.

#### c) Details of Shareholders holding more than 5% shares in the Parent Company

#### Nature and purpose of other reserves

#### (a) Securities Premium

Securities Premium represents amount received on issue of shares in excess of the par value.

#### (b) Retained Earnings

Retained earnings comprises of prior year's undistributed earnings after taxes.

#### (c) General Reserve

This represents appropriation of profit by the Parent Company. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

#### (d) Treasury Shares

Treasury shares represents equity shares of the Parent Company acquired by CFCL Employees Welfare Trust from the Secondary market to allocate or transfer these shares to eligible employees of the Parent Company from time to time on the terms and conditions specified under the CFCL Employees Stock Option Scheme.

#### (e) Loss on Treasury Shares

Loss on treasury shares acquired represents the amount of loss incurred by CFCL Employees Welfare Trust, on the transfer of equity shares to the eligible employees of the Parent Company as per CFCL Employees Stock Option Scheme.

#### (f) Capital Reserve

Capital reserve represents the amount on account of forfeiture of equity shares of the Parent Company.

#### (g) Capital Redemption Reserve

Capital redemption reserve represents reserve created on redemption of preference shares.

#### (h) & (i) Tonnage Tax Reserve and Tonnage Tax Reserve (utilised) under Section 115VT of the Income Tax Act, 1961

These reserves were created till the time 'Shipping Division' of the Parent Company was under tonnage tax regime.

#### (j) Share Option Outstanding Account

Share option outstanding account is used to recognise the grant date fair value of options issued to employees under the CFCL Employees Stock Option Scheme, 2010. In respect of the subsidiary company, the reserve is used to recognise the grant date fair value of options issued to employees under the 2007 Share Option Plan. Refer to note 36 for further details of the plans.

#### (k) Exchange Differences on Translation of Foreign Operations

Exchange differences arising on translation of foreign operations are recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed off.

#### (I) Cash Flow Hedging Reserve

The Parent Company uses hedging instrument as part of its management of foreign currency risk associated with its highly probable forecast sale. Foreign currency risk associated with highly forecasted sale transaction is being hedged by taking foreign currency loan.

# (B) Nature of Security, Terms and Repayment Schedule :

- i Foreign currency term loans from banks of USD 3,154.61 Lakhs (Rs.205617.48 Lakhs including current maturity of Nil) (Previous Year Rs. 77654.85 Lakhs including current maturity of Nil) carry interest in the range of 3 months LIBOR plus 2.82%-3.07% p.a. The term loans amounting to USD 3,003.61 Lakhs (Rs.195775.30 Lakhs) are repayable in 13 half yearly instalments starting from September 30, 2019. Term loans amounting to USD 151.00 Lakhs (Rs.9842.18 Lakhs) are repayable in 17 equal half yearly instalments starting from September 30, 2019. These loans are secured by first *pari-passu* charge by way of mortgage, by deposit of title deeds in respect of immovable properties of the Parent Company and hypothecation of the movable fixed assets of the Parent Company, both present and future subject to prior charges created in favour of banks on current assets and other movables for securing working capital borrowings.
- ii Foreign currency term loans from financial institution of USD 1,474.00 Lakhs (Rs.96075.63 Lakhs including current maturity of Nil) (Previous Year Rs 31080.10 Lakhs including current maturity of Nil ) carry interest in the range of 3 month LIBOR plus 3.07%-3.10% p.a. Term loans are repayable in 17 equal half yearly instalments starting from September 30, 2019. These loans are secured by first *pari-passu* charge by way of mortgage, by deposit of title deeds in respect of immovable properties of the Parent Company and hypothecation of the movable fixed assets of the Parent Company, both present and future subject to prior charges created in favour of banks on current assets and other movables for securing working capital borrowings.
- iii Finance lease obligation of Rs.32.21 Lakhs (including current maturities of Rs. 32.21 Lakhs) (Previous year : Rs.106.94 Lakhs including current maturities of Rs.70.77 Lakhs) is payable in 5 monthly instalments of Rs.6.77 Lakhs each (i.e. lease obligation including interest) starting from April, 2018 and carry interest rate of around 27.34% p.a. This is secured by assets acquired under the facility.
- iv Unsecured Rupee Term Loans of Rs 17500.00 Lakhs (Previous Year Nil) from banks carry interest @ 364 days treasury bill yield plus 1.75% per annum and are repayable in 8 equal quarterly instalments. Out of these, repayment of one term loan of Rs 10000.00 Lakhs will start from May 06, 2020 and that of another term loan of Rs 7500.00 Lakhs will start from May 20, 2020.

#### (C) Redeemable preference shares

In respect of redeemable preference shares issued by one of the subsidiary of the Parent Company, as the Group has an obligation to deliver a number of its equity instruments which may vary based on the fair value of the preference shares on the date of redemption, the contractual obligation has been construed as a financial liability. Refer note 33 for the details regarding rights, preference and restrictions attached to the redeemable preference shares.

Note:

During the Previous year the subsidiary company of the Parent Company was pursuing since long for various approvals including renewal of Memorandum of Understanding (MoU) with the Government of Odisha for setting up a power project. In view of the in-ordinate delays, the subsidiary company has decided to withdraw the application for extension of MoU and not pursue the power project in Odisha. Accordingly, the subsidiary company has written off an amount of Rs.357.43 Lakhs towards pre-operative expenses and Rs.53.45 Lakhs towards capital advances given for purchase of land.

| Particulars   | As at March 31, 2018 | As at March 31, 2017 |
|---|----------------------|----------------------|
| 3. Service Tax:   |                      |                      |
| <ul> <li>(a) Service tax demand received on account of wrong availment of exemption from the payment of service tax for the period 2008-09 upto June, 2012 (including penalty and interest)</li> <li>(b) Demand (including penalty) plus interest at the appropriate rate raised in respect of service tax not paid on payments made in foreign currency to foreign parties, treating all such payments as taxable, which is being contested by the Shipping Division of the</li> </ul> | 31.22                | 31.22                |
| Parent Company  | 26.83                | 26.83                |
| Total   | 760.76               | 1236.15              |

- (v) The Parent Company had received a Tax demand of Rs.352.34 Lakhs (Previous year: Rs.352.34 Lakhs) from Sales Tax Department, Kota in an earlier year towards use of natural gas for ammonia fuel, power and steam generation for the period April, 1996 to May, 2001. The Parent Company has obtained a stay from Hon'ble High Court of Rajasthan, Jodhpur on 13th July, 2001. However, in the event of the Parent Company having to pay the above, it is reimbursable by Fertiliser Industry Coordination Committee (FICC) / Government of India under Subsidy Scheme.
- (vi) The Parent Company as well as other users of natural gas under HBJ Gas Pipeline had in earlier years received letters from GAIL (India) Limited, informing about the possibility of levy of excise duty on natural gas (presently not levied) with retrospective effect. The amount of such levy is not ascertainable. However, in the event of its levy, it is reimbursable by FICC under Subsidy Scheme.
- (vii) The Parent Company as well as other users of Natural Gas under HBJ Gas Pipeline had received a letter in an earlier year from GAIL (India) Limited, informing about the possibility of levy of Central Sales Tax. The Parent Company has been taking the delivery of Gas in the State of Rajasthan and has been accordingly paying Rajasthan Sales Tax on the supply. Therefore, the Parent Company feels that no Central Sales Tax is payable by it. Further, the amount of such levy is not ascertainable. However, in the event of its levy, it is reimbursable by FICC under Subsidy Scheme.
- (viii) Under the Jute Packaging Material (Compulsory use of Packing Commodities) Act, 1987, a specified percentage of fertilisers dispatched were required to be supplied in Jute bags up to August 31,2001. The provisions of the said Act were challenged in the Supreme Court, which upheld the constitutional validity of this Act in its judgment in 1996. In spite of making conscious efforts to step up use of jute packaging material, the Parent Company had been unable to adhere to the specified percentage, due to strong customer resistance to use of jute bags. The Parent Company had received show cause notice from the Office of the Jute Commissioner, Kolkata, for levying a penalty of Rs.7380.36 Lakhs (Previous year: Rs.7380.36 Lakhs) for non compliance of the provisions of the said Act. The Parent Company has obtained a stay order from Delhi High Court against the above show cause notice and on the basis of the stay order the Parent Company is of the view that the said levy is not tenable in law and accordingly no provision has been considered.

Based on favorable decisions in similar cases, legal opinion taken by the Parent Company, discussions with the solicitors, etc., the Parent Company believes that there is fair chance of decisions in its favour in respect of all the items listed in (i) to (viii) above and hence no provision is considered necessary against the same.

#### (b) In respect of Subsidiaries :

Claims lodged / suits filed against Subsidiary of the Parent Company by customers are as given below. In addition, the subsidiary Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on the subsidiary Company's results of operations or financial condition.

The details of the cases, the amount of claim (wherever quantifiable) and the subsidiary of the Group involved are as below: ISG Novasoft Technologies Limited
(Rs. in Lakhs)

| Particulars   | As at<br>March 31, 2018 | As at<br>March 31, 2017 |
|---|-------------------------|-------------------------|
| Income tax demands, under appeal [refer Note (i) below] USD 3,730,046 | 2431.24                 | 1515.55                 |
| Previous Year USD 2,336,830   |                         |                         |
| Others [refer Note (ii) below] USD 257,748 Previous Year USD 259,105  | 168.00                  | 168.04                  |

(i) In respect of ISGN India, the tax authorities have made various adjustments relating to transfer pricing and other disallowances to taxable income for various assessment years i.e. 2007-2008 to 2014-15.

(ii) These include deposits placed by ISGN India with the High Court of Chennai, India towards an employee claim against it pending at the court.

The Group is contesting aforesaid demands and the management, based on external advise, believes that its position will likely be upheld in the appellate process. No expense has been accrued in the consolidated financial statements for the aforesaid demands raised. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Group's financial position and results of operations. The Group does not expect any reimbursements in respect of the above contingent liabilities.

### (ii) Contingent Assets (not recognised for) in respect of Parent Company:

(Rs. in Lakhs)

(Rs. in Lakhs)

|     | Particulars             | As at March 31, 2018 | As at March 31, 2017 |
|-----|-------------------------|----------------------|----------------------|
| Un- | -utilised cenvat credit | 320.07               | 393.40               |

The Shipping Division (now discontinued) of the Parent Company have been claiming cenvat credit in the service tax returns. However, the division has not recognised such service tax credit receivable in the financial statements due to uncertainty in utilisation of the same.

#### 28. Capital Commitments:

| Particulars   | As at March 31, 2018 | As at March 31, 2017 |
|---|----------------------|----------------------|
| Estimated amount of contracts remaining to be executed on capital account (net of advances) | 133996.41            | 352405.55            |

#### 29. Capitalisation of Expenditure

| Particulars  | 2017-18  | 2016-17  |
|--|----------|----------|
| Opening balance  | 13284.49 | 6010.33  |
| Add : Expenditure during the year                        |          |          |
| Salaries, wages and bonus                                | 681.08   | 320.60   |
| Contribution to provident and other funds                | 32.73    | 16.33    |
| Travelling and conveyance                                | 81.63    | 86.94    |
| Legal and professional fees                              | 9.85     | 91.79    |
| Interest **  | 12557.44 | 3233.11  |
| Other finance costs                                      | 372.83   | 35.63    |
| Bank charges   | 90.69    | 59.69    |
| Construction of enabling asset - Anicut                  | 1380.12  | 3696.06  |
| Insurance  | 226.82   | 584.87   |
| Rent   | 7.49     | 5.70     |
| Repairs and Maintenance - Buildings                      | -        | 11.73    |
| Start up and Commissioning Expense                       | 320.07   | -        |
| Miscellaneous expenses                                   | 35.89    | 72.16    |
| Total expenditure  | 29081.13 | 14224.94 |
| Less: Interest income                                    | (173.61) | (267.32) |
| Add: Current tax   | 60.08    | 92.39    |
| Less: Deferred tax                                       | (60.08)  | (92.39)  |
| Net expenditure  | 28907.52 | 13957.62 |
| Less: Allocated to property, plant and equipment ***     | (397.66) | (315.70) |
| Less: Capital expenditure written off (refer note 24)    | -        | (357.43) |
| Capitalisation of expenditure (pending for allocation) * | 28509.86 | 13284.49 |

\* includes Rs.28506.31 Lakhs (Previous year:Rs.12927.47 Lakhs) related to upcoming urea manufacturing plant under the New Investment Policy 2012.

\*\* Interest comprises of:

- (i) Rs.8314.32 Lakhs (Previous year : Rs.2560.39 Lakhs) on specific borrowings taken for upcoming urea manufacturing plant under the New Investment Policy 2012; and
- (ii) Rs.4243.12 Lakhs (Previous year : Rs.672.72 Lakhs) on general borrowings for upcoming urea manufacturing plant and other qualifying assets using the weighted average interest rate applicable during the year which is 6.24% p.a.
- \*\*\* represents interest expense capitalised during the year on qualifying assets.

### 30. Segment Information

# **Operating Segment**

The Managing Director and Chief Financial Officer of the Parent Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The CODM evaluates the Group's performance and allocates resources based on an analysis of various performance indicators.

The Group's operating businesses are organized and managed separately according to the nature of products manufactured, traded and services provided. The three identifiable reportable segments are viz. Fertilisers and other Agri inputs, Shipping and Software & others. A description of the types of products and services provided by each reportable segment is as follows:

Fertilisers and other Agri-inputs segment includes manufacturing of urea & Single Super Phosphate and marketing of Fertilisers and other Agri-Inputs.

Shipping segment included transportation of crude oil and liquid products through vessels owned and/ or hired. The Shipping Division of the Parent Company has been classified as held for sale and discontinued operations on March 31, 2017. Information about this discontinued segment is provided in note 48(A)(i).

(Rs in Lakhs)

'Software & others segment' includes software business, power & infrastructure activities of the Group.

| Post retirement medical benefits plan - (Liability) | (320.82)             | (297.61)               |

\* Nil (Previous year Rs.177.07 Lakhs)included in 'Liabilities directly associated with assets classified as held for sale' in respect of Shipping Division of the Parent Company classified as held for sale and discontinued operations (refer note 48(A)(i)).

\*/ \*\* Plan asset of Rs.312.31 Lakhs {Previous year Rs.345.80 Lakhs (including Rs.197.83 Lakhs pertaining to Shipping Division of the Parent Company classified as held for sale and discontinued operations) has not been recognised in the financial statements, as the surplus of the trust, is distributable among the beneficiaries of the provident fund trust.

#### a) Gratuity

(i) In case of Fertiliser Division of the Parent Company, the Parent Company has a defined benefit gratuity plan. Benefit is being paid as under-

(A) In case of retirement or death while in service of the Parent Company, the gratuity will be payable as under:

- i) Completed continuous service of 5 years and above upto 20 years gratuity equivalent to 15 days last drawn salary for each completed year of service.
- ii) Completed continuous service of above 20 years gratuity equivalent to 15 days last drawn salary for first 20 years and 20 days last drawn salary for each completed year of service after 20 years.
- (B) In case of resignation or termination, where the employee has completed 5 years of continuous service with the Parent Company, gratuity equivalent to 15 days last drawn salary for each completed year of service shall be payable.

The Scheme is funded with insurance companies in the form of a qualifying insurance policies. The fund has the form of a trust and it is governed by the Board of Trustees.

- (ii) In case of Shipping Division of the Parent Company, the Parent Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure @15 to 30 days salary (last drawn salary) for each completed year of service. The Scheme is funded with insurance companies in the form of a qualifying insurance policies except in the case of crew employees of the division. The fund has the form of a trust and it is governed by the Board of Trustees.
- (iii) In case of Software subsidiaries of the Group, the subsidiary has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure @15 days salary (last drawn salary) for each completed year of service. Gratuity is applicable only to employees drawing a salary in Indian rupees and there are no other foreign defined benefit gratuity plans.

#### b) Post Retirement Medical Benefit Plan

The Fertiliser Division of the Parent Company has post retirement medical benefit schemes in the nature of defined benefit plan which is unfunded.

#### c) Provident Fund

The Parent Company has set up provident fund trust, which are managed by the Parent Company. Provident funds set up by employers, which requires interest shortfall to be met by the employer, needs to be treated as defined benefit plan. The actuarial valuation of Provident Fund was carried out in accordance with the guidance note issued by Actuarial Society of India for measurement of provident fund liabilities and there is no shortfall as at March 31, 2018.

The Boards of Trustees of Gratuity Trust and Provident Fund Trust of the Parent Company are responsible for the administration of the respective plan assets of Parent Company and for the definition of the investment strategy. The Board of Trustees reviews the level of funding and investment and such a review includes the asset-liability matching strategy and investment risk management policy.

The Board of Trustees decides the contribution based on the results of the review. Generally, they aim to have a portfolio mix of equity instruments and debt instruments. Investments of Provident Fund Trusts are being governed by the rules issued by the Ministry of Labour, Government of India for Employee Provident Fund exempted establishment.

The following tables summarise the components of net benefit expense recognised in the statement of profit and loss and the funding status and amounts recognised in the balance sheet for the respective plans:

| Impact on Defined Benefit Obligation (Rs. in Lakhs) | 23.76                     | (22.94)        | (22.08)           | 23.18          |                |                |

Sensitivities due to mortality & withdrawals are not material and hence impact of change is not calculated. Sensitivities as to rate of inflation, rate of increase of pensions payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 14.10 years (Previous year : 14.43 years).

#### 33. Rights, preference and restrictions attached to redeemable preference shares

e. . . . .

Preference shareholders carry voting rights on an as converted basis with ordinary shareholders, except for key governance protections outlined in the Articles of Association of CFCL Ventures Limited (CVL), a subsidiary of the Parent Company, in which case each class votes separately on an as converted basis as per the terms of the preference shareholders agreement. Further, preference shareholders carry preferential dividend rights over ordinary shares if declared by the Board of Directors and priority over ordinary shares in the event of any liquidation, dissolution or winding up of the affairs of CVL.

Within ninety (90) days after the receipt of a written request from members holding not less than a majority of the then outstanding preference shares, voting together on an as converted basis, that all preference shares be redeemed (such date within such ninety (90) days period being the "Redemption Date") and concurrently with the surrender by the holders of outstanding preference shares of the certificates representing such preference shares, CVL shall, to the extent it may lawfully do so, redeem all of the then outstanding preference shares by paying an amount in cash per preference share to be redeemed equal to the greater of (i) the original purchase price per share (subject to adjustment for any Recapitalizations) and (ii) the fair market value of such preference share as of the Redemption Date, as determined by an independent third-party investment bank or similar financial service provider agreed to by CVL and the holders of at least a majority of the preference shares then outstanding, voting together on an as-converted basis (the "Redemption Price").

If, on the Redemption Date, the funds of CVL legally available for redemption of preference shares are insufficient to redeem all outstanding preference shares, those funds that are legally available will be used to make payment to the holders of preference shares on a pro-rata basis in proportion to the number of preference shares then held by such members. Any preference shares not redeemed shall remain outstanding and shall be entitled to all the rights and preferences provided herein. At any time thereafter when additional funds of CVL are legally available for the redemption of the preference shares, such funds will immediately be used to redeem the balance of the preference shares not redeemed on the Redemption Date in the manner and in the order set forth in the preceding sentence. In the event of liquidation, preference shares on such shares.

#### 34. Subsidies

(a) Nitrogenous Fertilizers are under the Concession Scheme including freight as per the New Urea Policy 2015 and Uniform Freight Policy. The concession price and freight has been accounted for on the basis of notified prices, further adjusted for input price escalation/de-escalation and as estimated by the management based on the prescribed norms in line with known policy parameters.

Contribution from sale of surplus ammonia has been accounted for in accordance with the known policy parameters. Current year's subsidy income of Urea is inclusive of (Rs.593.87 Lakhs) (Previous year : Rs.647.54 Lakhs) being the subsidy income, pertaining to earlier years, but determined during the year.

- (b) Subsidy on traded fertilisers (other than Gypsum) has been accounted for as per concession rates based on Nutrient Based Subsidy Policy as notified by the Government of India.
- (c) Subsidy on City Compost has been accounted as notified by the Government of India.

# 35. Leases

# (i) Assets taken on Lease

(a) The lease payment made during the year amounts to Rs.83.89 Lakhs (Previous year : Rs.95.10 Lakhs), out of which Rs.64.68 Lakhs (Previous year : Rs.57.07 Lakhs) has been adjusted against Principle and Rs.19.21 Lakhs (Previous year : Rs.38.04 Lakhs) has been shown as interest expense. The interest rate on finance leases is around 27.34% p.a. There is no renewal and escalation clause as well as restriction imposed in the lease agreement. There are no sub-leases.

The break up of minimum lease payment outstanding is as follows:

(Rs. in Lakhs)

| Period  | As at March 31, 2018 |                           |         | As at March 31, 2017 |                                   |         |
|---|----------------------|---------------------------|---------|----------------------|-----------------------------------|---------|
|   | Minimum<br>lease     | lease minimum lease lease |         | lease                | Present value of<br>minimum lease | lease   |
|   | payments             | payments                  | charges | payments             | payments                          | charges |
| Payable within one year                             | 34.41                | 32.21                     | 2.20    | 91.70                | 70.77                             | 20.93   |
| Payable after one year but not more than five years | -                    | -                         | -       | 38.67                | 36.17                             | 2.50    |
| Payable after more than 5 years                     | -                    | -                         | -       | -                    | -                                 | -       |

(b) The Group has entered into Operating Lease Agreements for the premises which are non- cancellable. The lease payments recognized in the consolidated statement of profit and loss during the year amounts to Rs.1254.05 Lakhs (Previous year: Rs. 2128.55 Lakhs) {including (i) Nil (Previous year : Rs.308.09 Lakhs) in discontinued operations in the consolidated statement of profit and loss in respect of Shipping Division of the Parent Company (refer note 48(A)(i)); and (ii) Nil (Previous year : Rs.261.48 Lakhs) in discontinued operations in the consolidated statement of profit and loss in respect of KPO business of subsidiary (refer note 48(A)(ii))}. The renewal of lease will be as per the mutual understanding of lessee and lessor and there is no escalation clause. There are no restrictions imposed in the lease agreements and there are no sub-leases. The break up of minimum lease payment outstanding is as follows:

(Rs. in Lakhs)

| Period  | Minimum Lease Payments                     |         |  |
|---|--|---------|--|
|   | As at March 31, 2018 * As at March 31, 201 |         |  |
| Payable within one year*                            | 822.33                                     | 1073.73 |  |
| Payable after one year but not more than five years | 1871.78                                    | 3437.81 |  |
| Payable after more than five years                  | 133.95                                     | 329.79  |  |

\* included NIL (Previous year : Rs. 47.60 Lakhs) in respect of Shipping Division of the Parent Company classified as held for sale and discontinued operations.

(c) The lease payments, other than cases covered in point no. (b) above i.e. non - cancellable leases, recognized in the consolidated statement of profit and loss during the year amounts to Rs.1490.88 Lakhs (Previous year : Rs.2248.35 Lakhs). The renewal of leases will be as per the mutual understanding of lessee and lessor and there is no escalation clause. There are no restrictions imposed by lease arrangements.

# (ii) Assets given on Lease

The Group has leased out one of its office premises under non cancellable operating lease arrangements for a term of 52 months and is obligated to receive under non-cancellable lease for office premises. Future minimum lease payments receivable are as follows:

|--|

|  |                            | (13:11 Edit15)       |  |
|--|----------------------------|----------------------|--|
| Period   | Minimum Rentals Receivable |                      |  |
|  | As at March 31, 2018       | As at March 31, 2017 |  |
| Receivable within one year                             | 240.40                     | 232.23               |  |
| Receivable after one year but not more than five years | 353.09                     | 590.53               |  |
| Receivable after more than five years                  | -                          | -                    |  |

Rental income for such operating leases recognized in the consolidated statement of profit and loss for the year ended March 31, 2018 is Rs.251.24 Lakhs (Previous year: Rs. 214.16 Lakhs).

# 36. Share Based Payments

#### **Employees Stock Option Scheme (ESOS)**

The shareholders of the Parent Company had approved CFCL Employees Stock Option Scheme, 2010 on August 27, 2010 which was amended by the shareholders on September 13, 2013. Consequent upon promulgation of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 ("ESOP Regulations"), the shareholders of the Parent Company had approved the revised CFCL Employees Stock Option Scheme, 2010 (ESOS) on September 15, 2015 in compliance with the ESOP Regulations. As per the ESOS 41,62,000 Stock Options can be issued to Managing Director and other specified categories of employees of the Parent Company. The options are to be granted at market price. As per ESOP Regulations, the market price is taken as the closing price on the day preceding the date of grant of options, on the stock exchange where the trading volume is the highest. Each option, upon vesting, shall entitle the holder to acquire 1 equity share of Rs.10.

Details of the scheme are as under:

| Particulars                          | Tranche 1  | Tranche 2  | Tranche 3  | Tranche 4  | Tranche 5  |
|--------------------------------------|--|--|--|--|--|
| Date of Grant                        | 16-Sep-2010  | 22-Jan-2011  | 10-May-2011  | 17-Oct-2011  | 11-May-2012  |
| Number of Options Granted            | 28,50,000  | 3,00,000   | 2,20,000   | 1,00,000   | 2,70,000   |
| Method of Settlement (cash / equity) | Equity   | Equity   | Equity   | Equity   | Equity   |
| Exercise Period*                     | 8 years from the date of vesting                         |
| Vesting Conditions                   | Continued<br>employment<br>and individual<br>performance |

\* In case of death / superannuation of the employee, 3 years from the date of death / superannuation or exercise period, whichever is earlier.

#### Vesting Schedule :

| Vesting Date                   | All tranches |
|--------------------------------|--------------|
| 1 year from the date of grant  | 15%          |
| 2 years from the date of grant | 15%          |
| 3 years from the date of grant | 20%          |
| 4 years from the date of grant | 25%          |
| 5 years from the date of grant | 25%          |

Movement in options have been summarized below :

| Particulars  | 2017-18        | 2016-17        |
|--|----------------|----------------|
|  | No. of options | No. of options |
| Outstanding at the beginning of the year               | 25,40,400      | 26,77,400      |
| Granted during the year                                | -              | -              |
| Forfeited during the year                              | 40,000         | 50,000         |
| Exercised during the year                              | 7,43,500       | 5,500          |
| Expired during the year                                | -              | 81,500         |
| Outstanding at the end of the year                     | 17,56,900      | 25,40,400      |
| Exercisable at the end of the year                     | -              | 24,95,400      |
| Weighted average remaining contractual life (in years) | 1.29           | 2.29           |
| Weighted average Exercise price (in Rs.)               | 74.76          | 74.76          |

The details of exercise price of stock options outstanding at the end of the year are as under :

| Tranche | Weighted average | Range of exercise | Number      | Weighted average           | Weighted         |
|---------|------------------|-------------------|-------------|----------------------------|------------------|
|         | fair value of    | price (in Rs.)    | of options  | remaining contractual life | average exercise |
|         | options (in Rs.) |                   | outstanding | of options (in years)      | price (in Rs.)   |
| 1.      | 31.38            | 73.50             | 1,485,000   | 1.15                       | 73.50            |
| 2.      | 32.86            | 76.85             | 124,900     | 1.37                       | 76.85            |
| 3.      | 38.44            | 82.90             | 70,000      | 1.56                       | 82.90            |
| 4.      | 45.06            | 101.10            | 38,000      | 1.84                       | 101.10           |
| 5.      | 34.97            | 69.40             | 39,000      | 2.27                       | 69.40            |

The expense recognised for ESOS during the year is shown in the following table:

(Rs. in Lakhs)

| Particulars  | Year ended<br>March 31, 2018 | Year ended<br>March 31, 2017 |
|--|------------------------------|------------------------------|
| Expense arising from equity-settled share-based payment transactions | 0.33                         | 8.83                         |
| Total expense arising from share-based payment transactions          | 0.33                         | 8.83                         |

#### **Stock Options Granted**

The weighted average fair value of stock options granted is Rs.32.54 (Previous year : Rs.32.54). The Black Scholes valuation model has been used for computing the weighted average fair value considering the following inputs :

| Particulars  | Tranche 1 | Tranche 2 | Tranche 3 | Tranche 4 | Tranche 5 |
|--|-----------|-----------|-----------|-----------|-----------|
| Weighted Average Share Price (Rs.)                                 | 73.50     | 76.85     | 82.90     | 101.10    | 69.40     |
| Exercise Price (Rs.)   | 73.50     | 76.85     | 82.90     | 101.10    | 69.40     |
| Expected Volatility  | 37.12%    | 37.30%    | 37.46%    | 38.09%    | 37.94%    |
| Life of the Options Granted (vesting and exercise period) in years | 1.15      | 1.37      | 1.56      | 1.84      | 2.27      |
| Average Risk-Free Interest Rate                                    | 7.71%     | 7.72%     | 7.73%     | 7.76%     | 7.79%     |
| Expected Dividend Yield  | 3.45%     | 3.45%     | 3.45%     | 3.45%     | 3.45%     |

The expected volatility was determined based on historical volatility data. For calculating volatility, the Parent Company has considered the daily volatility of the stock prices of the Parent Company on National Stock Exchange Limited over a period prior to the date of grant, corresponding with the expected life of the options.

In financial year 2010-11, CFCL Employees Welfare Trust ("ESOP Trust") was constituted, *inter alia*, for the purpose of subscribing or acquiring equity shares of Parent Company from the Parent Company or Secondary market, to hold the shares and to allocate or transfer these shares to eligible employees of the Parent Company from time to time on the terms and conditions specified under the Employee Stock Option Scheme. The Board of Directors at its meeting held on May 8, 2010 had approved grant of financial assistance upto Rs.3,000 Lakhs by the Parent Company to ESOP Trust in such manner and on such terms as agreed between the trustee(s) of the ESOP Trust and Managing Director of the Parent Company for the purpose of subscribing or acquiring shares of the Parent Company. ESOP Trust is holding 16,96,900 equity shares (Previous year : 2,247,902 equity shares) of the Parent Company which were purchased from the open market.

# Subsidiary Company

The Board of Directors of CFCL Technologies Limited (CTL) (merged with CFCL Ventures Limited w.e.f. December 20, 2016) approved the 2007 Share Option Plan ('Plan') administered by compensation committee of its Board of Directors of CTL for granting stock options to certain employees of its subsidiary companies as per Management's discretion. A committee has been constituted to administer the Plan along with the Board and to determine the grant date fair value which would be the exercise price for such options. A total of 60,81,498 ordinary shares were reserved for issuance under the Plan.

The fair value of the ordinary shares has been determined by the management on the date of the grant of the stock options to the employees pursuant to the Plan. The fair valuation has been done using the Black-Scholes valuation model. The stock options vest equally over a period of 4 years and the exercise period is 10 years from the date of grant.

During the period ended March 31, 2017, ISGN Corporation has entered into Stock Purchase Agreement (SPA) on January 28, 2016 with Firstsource Group USA, Inc. for sale of its entire shareholding in ISGN Solution Inc. As per the SPA, notice of the termination of employee stock options was delivered to option holders and written confirmation from such option holders consenting to the termination was obtained. Therefore, options given to employees of subsidiaries engaged in knowledge process outsourcing business were forfeited on execution of this SPA.

The stock compensation cost is a component of the fair value of the stock options and the number of options, which is recognised as employee compensation cost over the vesting period, provided that the stock option holders continue to be in employment of the subsidiary company. Upon the aforesaid forfeiture the cost in relation to such forfeited options amounting to Rs. 796.82 lakhs was reversed in the consolidated statement of profit and loss during the period ended March 31,2017.

The following table details the Movement of Options under the Plan mentioned above:

| Particulars                          |        |                                 |           |                                 | period from January 01, 2016<br>to March 31, 2017 |

**38.** Figures pertaining to the subsidiaries have been re-classified wherever considered necessary to bring them in line with the Parent Company's financial statements.

#### 39. Fair values

The management assessed that fair value of financial assets and liabilities approximates their carrying amount.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

#### The following methods and assumptions were used to estimate the fair values:

- (i) Derivative financial instruments The fair value of foreign exchange forward contracts is determined using the foreign exchange spot and forward rates at the balance sheet date. The fair value of foreign currency option contracts is determined using the Black Scholes valuation model. The derivatives are entered into with the banks / counterparties with investment grade credit ratings.
- (ii) Security deposits / Employee loans The fair value of security deposits / employee loans approximates the carrying value and hence, the valuation technique and inputs have not been given.
- (iii) Floating rate borrowings / Finance lease obligation The fair values of the Parent Company's interest bearing borrowings are determined by using discounted cash flow (DCF) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2018 was assessed to be insignificant.
- (iv) The carrying amount of bank deposits, trade receivables, cash and cash equivalents, investment at amortised cost, other current financial assets, trade payables and other current financial liabilities are considered to be the same as their fair values, due to their short term nature.
- (v) The fair value of investments carried at fair value through profit and loss is determined using income and market approach.

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis has not been performed as the amount is not material.

# 40. Fair value measurements

There have been no transfers between level 1, level 2 and level 3 during the period.

- 41. Interest on income tax refund has been recognized, pending receipt of appeal effect orders for the assessment years where appeals have been decided in favour of the Parent Company by the Commissioner of Income Tax (Appeals).
- 42. The current tax is net of tax on dividend received from a foreign subsidiary to the extent of dividend distribution tax on dividend distributed to shareholders of the Parent Company as per the provisions of Section 115-O of the Income Tax Act, 1961.
- 43. The Parent Company has, during the year, accounted for income tax credit of Nil (Previous year : Rs.52.75 Lakhs) against income tax paid on profits by its subsidiary M/s India Steamship Pte. Ltd. Singapore in proportion to the dividend received from the said subsidiary. The income tax credit is available in line with Article 25(2) of the Double Taxation Avoidance Agreement between India and Singapore.

#### 44. Income Tax Expense

The major components of income tax expense are:

During the year ended March 31, 2018 and March 31, 2017, the Parent Company has paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax (DDT) to the taxation authorities. The Parent Company believes that DDT represents additional payment to taxation authority on behalf of the shareholders. Hence, DDT paid is charged to equity.

The Group has long term/ short term capital losses, to the tune of Rs.51440.71 Lakhs (Previous year: Rs.54264.58 Lakhs) that are available for offsetting for six to eight years against future taxable profits (long term/ short term) of the Parent Company.

Deferred tax assets have not been recognised in respect of above losses in the year 2016-17 as there are no other tax planning opportunities or other evidence of recoverability in the near future.

#### 45. Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade and other receivables and cash and cash equivalents that derive directly from its operations. The Group also holds investments and enters into derivative transactions.

The Group is exposed to market risk, credit risk and liquidity risk. The senior management oversees the management of these risks. The management of these risks is carried out by a finance department under policies approved by the Board of Directors. The finance department identifies, evaluates and hedges financial risks in close co-operation with the Group's operating units. The Board of Directors reviews overall risks periodically.

#### (i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include borrowings, investments, other receivables, other payables and derivative financial instruments. The sensitivity analysis in the following sections relate to the position as at March 31, 2018 and March 31, 2017.

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations, provisions and other non-financial assets and liabilities of foreign operation.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2018 and March 31, 2017.

#### a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

#### Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on the portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

|                                   |   | (Rs. In Lakns)                |
|-----------------------------------|---|-------------------------------|
| Particulars                       | Increase/ decrease in basis points                            | Effect on profit before tax   |
| March 31, 2018                    |   |                               |
| USD Borrowings                    | +50   | (142.24)                      |
| USD Borrowings                    | -50   | 142.24                        |
| INR Borrowings                    | +50   | (8.63)                        |
| INR Borrowings                    | -50   | 8.63                          |
| March 31, 2017                    |   |                               |

| USD Borrowings                    | -50   | 129.02                        |
| The assumed movement in basis poi | nts for the interest rate consitivity analysis is based on th | o currently observable market |

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

#### b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates to short term borrowings taken against the Parent Company's import of traded fertilisers and long term foreign currency borrowing taken for new Urea project.

The Group manages its foreign currency risk on short term borrowings by usually taking option and forward contracts.

During the financial year, the Group has adopted hedge accounting on foreign currency risk associated with highly forecasted sale transaction from new Urea project which is being hedged through foreign currency borrowings. Hedge accounting is applied to remove the accounting mismatch between the hedging instrument and hedged item. The effective portion of the change in the fair value of the hedging instrument is deferred into cash flow hedge reserve through OCI and will be recognised in profit or loss when the hedge item affects profit or loss.

#### Foreign currency sensitivity

The Group's exposure to foreign currency risk at the end of the reporting period expressed in INR are as follows.

| For the year ended March 31, 2018 (Rs. in Lakhs) |   |                      |                   |           |  |   |                  |  |

#### For the year ended March 31, 2018

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates of various currencies with INR, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives.

(Rs. in Lakhs)

#### c) Commodity price risk

As at March 31, 2018

The Group's operating activities require the ongoing purchase of natural gas and other imported fertilisers.

(i) Natural gas being an international commodity is subject to price fluctuation on account of the change in the crude oil prices, demand supply pattern of natural gas and exchange rate fluctuations. The Group is not affected by the price volatility of the natural gas as under the Urea pricing formula, the cost of natural gas is pass through if the consumption of natural gas is within the permissible norms for manufacture of Urea.

(2109.68)

(ii) The Parent Company deals in imported fertilisers (i.e. DAP, MOP and NPK), which are imported by the Parent Company and sold in the domestic market. The import prices of these goods are governed by international prices. There is a price and material availability risk, which may not be in line to meet the domestic market requirement. The risk is also with domestic manufacturers whose costing is based on majorly imported raw materials and small value-add. However, a dynamic alignment of procurement to sales and constant review of market conditions and competitors costing help in mitigating the impact.

#### (ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

#### a) Trade receivables

The Group receivables can be classified into two categories, one is from the customers into the market and second one is from the Government of India in the form of subsidy. As far as Government portion of receivables are concerned, credit risk is Nil. For market receivables from the customers, the Group extends credit to customers in normal course of business. The Group considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Group monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Group has also taken security deposits from its customers, which mitigate the credit risk to some extent.

#### Financial instruments and cash deposits b)

In respect of Parent Company, credit risk from balances with banks and financial institutions is managed by the Parent Company's finance department. Credit risk arising from investment in mutual funds, bonds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies. The Parent Company does not maintain the significant amount of cash and deposits other than those required for its day to day operations.

In respect of a subsidiary company, credit risk on cash and cash equivalents is limited as the subsidiary company keeps deposits in banks with high credit ratings assigned by international and domestic credit rating agencies.

#### (iii) Liquidity risk

The Group's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Group relies on a mix of borrowings and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium/ long term expansion needs. The Group monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.

#### 46. Capital management

The Group's objective while managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefit for other stakeholder. The Group will maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return the capital to shareholders, issue new shares or sell assets to reduce debt.

#### The capital structure of the Group is as follows:

| The capital structure of the Group is as follows: |                         | (Rs. in Lakhs)          |

#### Parent Company

#### (i) Shipping business

As at March 31, 2017, the management of the Parent Company was actively seeking a buyer for the sale of all the 4 (four) ships of the Shipping Division of the Parent Company . During the year, the Parent Company has entered into agreements for sale of all the ships. Therefore, the associated assets and liabilities of the Shipping Division of the Parent Company were consequently presented as held for sale in financial statements for the year ended March 31, 2017. The division was classified as 'discontinued operations' as per Ind AS 105. The last ship owned by the Parent Company was delivered to the buyer in September 07, 2017. The disposal is consistent with the Group's long term policy to focus its activities on the Fertiliser and other Agri inputs business.

The financial information relating to the discontinued operation is set out below.

#### Write-down of property, plant and equipment and intangible assets

During the previous year immediately before the classification of Shipping Division of the Parent Company as discontinued operations, the recoverable amount was estimated for certain items of property, plant and equipment and intangible assets and a write-down of Rs.127.73 Lakhs was recognised to reduce the carrying amount of the assets in the disposal group to their fair value less costs to sell. This was recognised in discontinued operations in the statement of profit and loss.

#### Allowance for doubtful debts and advances

During the previous year immediately before the classification of Shipping Division of the Parent Company as a discontinued operation, the recoverable amount was estimated for trade and other receivables and an allowance of Rs.215.85 Lakhs was recognised to reduce the carrying amount of these assets in the disposal group to their net realisable value. This was recognised in discontinued operations in the statement of profit and loss.

#### Subsidiary company

#### (ii) KPO business of software division

Other liabilities

Total liabilities Net assets

Subsidiaries of the Parent Company had entered into 2 agreements on January 28, 2016, i.e. a stock purchase agreement for the sale of ISGN Solutions Inc. and its subsidiaries for an amount of USD 125.57 Lakhs (Rs.8358.82 Lakhs) and a Slump Sale Agreement for the sale of a portion of ISG Novasoft Technologies Limited for an amount of USD 4.56 Lakhs (Rs. 306.24 Lakhs). These agreements have been entered with Firstsource Group USA, Inc and Firstsource Process Management Services Limited respectively for the sale of the Group's Knowledge Process Outsourcing (KPO) business. The net consideration received on the aforesaid sale by the Group is Rs. 7708.23 Lakhs net of cash and cash equivalent of Rs. 956.83 Lakhs, being part of the sale consideration retained by the group.

The KPO business has been reported as a 'discontinued operation' and the associated assets and liabilities of the KPO business were consequently presented as held for sale in financial statements for the year ended March 31, 2016.

The above arrangements were concluded effective March 31, 2016. Accordingly, the Group has consolidated the KPO business operations for 3 months i.e. from January 01, 2016 to March 31, 2016.

- **49.** With effect from April 01, 2017, the Parent Company has re-assessed residual value and useful lives of certain plant and equipment of Fertiliser and other Agri-inputs division of the Parent Company. According to the management, the revised residual value and useful lives of such plant and equipment properly reflects the carrying value and period over which the same is expected to be used. In view of these change, depreciation for the year ended March 31, 2018 is lower by Rs.786.00 Lakhs.
- 50. The Parent Company is in the process of setting up a new Urea plant namely Gadepan III ('Project') under the New Investment Policy 2012 (amended) at its existing plant location at Gadepan, Kota (Rajasthan) and the contracts for the Project has been awarded on a Lumpsum Turnkey (LSTK) basis. The milestone based payments are being made to the LSTK contractors for the purpose of accomplishment of the Project. The entire amount paid to LSTK contractor for the Project on the basis of achievement of milestones of Rs.359322.79 Lakhs as at March 31, 2018 (Previous year : Rs.148681.38 Lakhs) is included under 'Capital work-in-progress'.

### 51. Additional information pursuant to Schedule III of Companies Act, 2013, "General instructions for the preparation of consolidated financial statements" for financial year 2017-18 and 2016-17

#### 55. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### a) Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

#### b) Income Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Group has Rs.51440.71 Lakhs (Previous year: Rs.54264.58 Lakhs) of carried forward tax losses on long term / short term capital losses. These losses majorly relate to the loss on voluntary liquidation of a subsidiary of the Parent Company and merger of a subsidiary of the Parent Company with its wholly owned subsidiary and will expire in 5 to 7 years and may be used to offset taxable income arising in the future. At present, the Group does not have any tax planning opportunities available that could

(Rs. in Lakhs)

• • • • •

/n

partly support the recognition of these losses as deferred tax assets. On this basis, the Group has determined that it cannot recognise deferred tax assets on the tax losses carried forward. If the Group was able to recognise all unrecognised deferred tax assets, profit and equity would have increased by Rs.14318.82 Lakhs (Previous year: Rs.15177.32 Lakhs). Further details on taxes are disclosed in note 44 to the financial statements.

#### c) Defined Benefit Plans

The cost of the defined benefit gratuity plan, post-employment medical benefits and other defined benefit plans and the present value of the obligation of defined benefit plans are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for defined benefit plans, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on the expected future inflation rates. Further details about the defined benefit plans are given in note 32 to the financial statements.

#### d) Revenue

The Parent Company's revenue includes subsidy claims, part of which are pending notification / final implementation by 'Fertiliser Industry Coordination Committee' (FICC), Government of India. As per management estimates, there is reasonable certainty based on Government of India policy and past experience that claims will be notified in due course. On issuance of notification by FICC, Government of India, the adjustments, if any , to revenue are not expected to be significant.

#### e) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets wherever possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Further disclosures in this regard are given in note 40.
