Industry Overview

Stress in the Indian Banking Sector

- Big opportunity for ARCs given the high level of NPAs, expected slippage in restructured assets and the mounting pressure on Banks to off-load NPAs
- Presently, Banks are attempting to offload large corporate accounts
- Typically such cases also pose requirement for additional investments for revival in the form of critical Capex, Working Capital, etc.

- The macro stress tests suggest that under the baseline scenario, the GNPA ratio may rise to 11.1 per cent by September 2018 (RBI's Financial Stability Report)
- PSBs continued to hold the highest level of stressed advances ratio at 16.2%, private sector banks (PVBs) 4.7% and Foreign banks (FBs) 4.1%
- Total Stressed Advances as on September 2017 at 12.2% as compared to 12.1% in March 2017

Accounting for JMFARC

Accounting Framework

- Accounting within the framework of Accounting Standards issued by ICAI
- Specific accounting guidelines for ARCs by RBI
- Conservative accounting philosophy

Revenue Recognition

- Main items of revenue - Management Fees, Interest and Upside/ Profit
- The recognition of revenue is as per the terms of the contract of specific trusts
- Management Fees is charged as fixed percentage of the NAV of SRs (lower rating range) or AUM if NAV is not available.
- On cash investments by JMFARC, income is booked only after 100% redemption of SRs.
- Upside / Profit recognised on realisation after redemption of SRs

Valuation of Investment in SRs

- SRs are classified as 'available for sale' as per the RBI guidelines
- Valuation of SRs are at cost or realisable value whichever is lower on a global basis for all SRs
- Latest declared NAV is considered as realisable value. NAV is declared every six months.
- Gross impairment on global basis, if any is charged to P&L whereas gross appreciation is ignored

Provision/ write off of receivables and investments

- Unrealised management fees outstanding over 6 months from the end of planning period or 6 months from the date of recognition (after the planning period) is reversed (as per RBI guidelines)
- Similarly expenses recoverable from trust are to be charged to P&L as per RBI guidelines if the same remains unrealised after 6 months from the end of planning period or 6 months from the date of incurrence
- SR investments in Trusts which have exceeded 5 years (or 8 years with 3 year extension by the Board) has to be fully written off as per RBI guidelines

Income and Profitability has inherent lumpiness due to the nature of business
