Vice Chairman and Managing Director of the Company, Mr Anil Jain said:

In Q4FY25, the Company delivered a stable performance with marginal revenue growth of 1.3% YoY on consolidated basis, with marginal improvement in EBITDA. Overall reduction in revenue during the year was mainly on account of domestic business. However, the company witness significant improvement in operating cash flow on account of better working capital management.

We continue to focus on strengthening our core businesses, notably in piping, Hi-Tech agri and international markets.

Looking ahead, we are optimistic about a recovery in retail demand, aided by government spending on Infrastructure and stable agricultural output.

We continue to focus on deleveraging, bringing working capital efficiency and better cash flow.
